Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. Write, visit, or call the advisement center of your choice:

Are You Eligible to Register?

Registration Requirements

You are eligible to register for winter semester 1995 if you registered for and completed regular day school classes during fall semester 1994 or if you have been issued a valid letter of admission for winter semester 1995 by the Admissions Office.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year. If you do not meet one of these criteria, registration will not be permitted.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

Continuing Ecclesiastical Endorsement Required by April 1, 1995

Every enrolled, continuing student, including graduate students, who anticipates registering for any BYU credit after summer term 1995 is required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1995. LDS students must be endorsed by their winter semester bishop. Non-LDS students obtain the endorsement from an ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT. A late fee will be assessed for any endorsement completed after the April 1 deadline. No student will be able to register for fall semester or thereafter without a new endorsement.

Endorsement forms are available in this class schedule and at campus information desks, college advisement centers, and the Honor Code Office.

Every student must abide by all requirements of the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards of the university. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church.

Health Insurance Requirement Winter Semester

BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU by December 15, 1995, will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance fee payment is due the first day of classes.

Registration Procedures: Priority Registration

• PRIORITY IS BASED ON CLASS STANDING OR THE TOTAL NUMBER OF CREDIT HOURS COMPLETED THROUGH SUMMER TERM 1994.

Priority begins with graduate students, then seniors, juniors, sophomores, continuing freshmen, and non-degree-seeking graduate students. Newly admitted freshmen will register in a separate priority (see priority schedule, Step 3).

TO REGISTER BEFORE SCHOOL BEGINS

STEP 1: RECEIVE A REGISTRATION NOTICE (A $50 fee is no longer required.)

A Registration Notice will be mailed* to each student. This Registration Notice will indicate the following:

A Prior Balance Due
If you owe a prior balance as of the date of printing, the form will indicate the amount. You must clear your account before registration will open to you.

A College Advisement Center (CAC) Hold
If you have a CAC hold, it will be indicated after the number of completed hours on the Registration Notice. The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with CAC holds include: (1) seniors on academic probation, (2) seniors who have not declared a major, (3) seniors with 150 or more semester hours of credit who have not applied for graduation, and (4) seniors who have fulfilled all graduation requirements but have postponed graduation. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Other Holds That May Block Your Registration

	or Financial Aid	(801) 378-4104

Your Beginning Registration Time
The registration system will be open from your beginning time, as indicated on the Registration Notice, until Wednesday, January 4, at 5:00 p.m. (tuition must be paid by December 15 to have continued access until January 4). The registration system will not allow you to register before the given time.

*It is important that your mailing address be updated at the Registration Office, B-130 ASB, PO Box 21112, Provo, UT 84602-1112, telephone (801) 378-2824. Please call or return the address section of the Registration Notice to the Registration Office if you need to do so. A list of classes and a Tuition Billing Statement will be mailed to you in November if you have registered for at least one class.

STEP 2: PLAN YOUR SCHEDULE

Use the Registration Work Sheet to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days**. Consult the Class List beginning on page 51. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

STEP 3: REGISTER BY TOUCH-TONE TELEPHONE OR AIM*

Priority Registration Schedule:

Credit Hours/Class Standing	*Day You Can Begin Registering*
Graduate students	Monday, October 10
130+	Tuesday, October 11
110	Wednesday, October 12
90	Thursday, October 13
80	Friday, October 14
70	Saturday, October 15
50	Monday, October 17
40	Tuesday, October 18
20	Wednesday, October 19
5	Thursday, October 20
Fewer than 5 and non-degree-seeking graduates	Friday, October 21
Newly admitted freshmen	Monday, October 24

The registration system will be open from your beginning time, as indicated on the Registration Notice, until Wednesday, January 4, at 5:00 p.m. (tuition must be paid by December 15 to have continued access until January 4).

If all sections of the course you want are full, and you must have this course this semester, use the raincheck option to be placed on the department list of students unable to enroll (see Touch-Tone instructions on page 2 or raincheck option on AIM). Continue to monitor the course by phone or by AIM in case students drop. A raincheck will not guarantee that you will be able to register for the class.

Once you register you are officially enrolled and committed to attend class. If you decide not to be a student, you must discontinue **before the day school begins** to avoid being charged tuition. (See Touch-tone Telephone Instructions (79*) in this class schedule for instructions on how to discontinue prior to the first class day. Once school begins, contact the Discontinuance Office, (801) 378-7705. Refer to the following page for further information about discontinuance.)

Academic Information Management (AIM) is a computer aid available to you at the following locations across campus: all college advisement centers, Heritage Halls Central Building lobby, Wymount Terrace computer lab, Cannon Center central lobby, Morris Center computer lab, ELWC Information Desk, ELWC Word Center computer lab, and the ASB, HBLL, CB, TNRB, TMCB, CTB, SFLC, and SWKT. You can do the following things at these terminals:

- Register for classes
- Access class schedule
- Determine course availability and instructor schedules
- Change address/phone number
- Monitor GE and major progress report (ABC)
- Look at grades and BYU credit
- Make PIN changes

STEP 4: PAY TUITION

Tuition Payment Deadline December 15, 1994 (to avoid late fees)

The Tuition Billing Statement will be mailed to all students who are registered for at least one class by December 5, 1994. **Tuition assessment is based on anticipated full-time enrollment of 8.5 credit hours or more for a semester and 4.5 credit hours or more for a term.** The Federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 12 credit hours or more for a semester and 6 credit hours or more for a term. Federal Pell Grant recipients who enroll for less than this receive a partial Federal Pell Grant and must pay the difference between the advanced grant and their tuition charge by the deadline to avoid the late tuition fee. **If you are a part-time student, pay only for the hours you expect to take.**

If you register after December 5 or if for some reason you do not receive a billing statement, it will be your responsibility to pay tuition by the deadline. A check or money

order to cover the amount of tuition due should be mailed to the Cashiers' Office, D-148 ASB, PO Box 21128, Provo, UT 84602-1128. A drop box is provided in D-148 ASB for all students on campus. Do not use campus mail.

Important notice: If you fail to meet the tuition deadline, you will be assessed a late fee ($50 December 16–January 6; $90 January 7–23). You will be assessed a late tuition fee if you pay less than full-time tuition by December 15 and are then enrolled or later become enrolled for more than 8 credit hours. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

DISCONTINUANCE (Dropping All Classes for the Semester or Term)

WHAT TO DO BEFORE CLASSES BEGIN
Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop all your classes before the day school begins to avoid tuition charges. If you do not drop your classes, they will remain on your record and **you will be charged tuition.** Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions (79*951#) in this class schedule) until midnight of the day before classes begin.

WHAT TO DO AFTER CLASSES BEGIN
On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. Tuition will be charged starting the first day of class to the date of discontinuance at the percentage rate listed in the Tuition and Fees section.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office.

TO REGISTER OR MAKE CLASS CHANGES AFTER SCHOOL BEGINS

Add/Drop cards may be obtained beginning the first day of class from the Smith Family Living Center (SFLC), college advisement centers, and the Registration Office. The card must be returned to the SFLC step-down area between 8:00 a.m. and 5:00 p.m. during the first ten class days. The following dates apply to full-semester classes; for block classes see the calendar for deadlines.

ADDING: January 9–January 23

You may add classes the first ten days of a semester. Some classes may be added the first five days using the Touch-tone telephone or AIM systems. All other classes require an add card with the instructor's signature. This class schedule indicates telephone/AIM registration with a **T** and an add card needing the instructor's signature with an **S**. If you wish to audit a class, see the following page.

DROPPING: January 9–10 ★★★ N E W ★★★

All drops can be done using the Touch-tone telephone or AIM terminals the first two days of the semester. There is no drop fee during these two days.

January 11–January 23 (without a W)

All drops must be done on an add/drop card. No instructor's signature is required to drop a class.
Drop fees begin the third class day (January 11) at $3 per class and increase $1 each day until the total reaches a maximum of $10 per class on the tenth class day (January 23).

January 24–February 13 (with a W)

All drops must be done on an add/drop card. Students will be charged $10 per class and will receive a W (official withdrawal) on their transcript. Drop cards must be submitted to the Registration Office, B-130 ASB.

Additional Registration Information

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a term). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the third and eighth weeks, include the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 or fewer hours during a term are considered part-time. Students enrolled in 4 or fewer credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to the Graduate Education section of this class schedule. Contact the Records Office, B-150 ASB, for enrollment verification.

Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

Independent Study Programs

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is $72 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase, "Offered by Independent Study." For further information and a free catalog, contact the Independent Study Office, 206 HCEB, or telephone (801) 378-2868.

Note: Independent Study courses do not apply toward a **BYU graduate** degree.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for courses up to 6 hours per semester, within the limits indicated below, and will not be required to pay the cost of tuition.

Written approval is required for employees to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, **before registration**. (Final approval for daytime class work rests with the manager of Employee Benefits.) *Employees eligible to take daytime classes need to be properly admitted through the Admissions Office.*

Full-Time Regular Faculty and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular employees at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chair or supervisor, the dean or director over the area, and the manager of Employee Benefits. Administrative personnel who take classes in the daytime hours are expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties and administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken spring term, 6 credit hours may not be taken summer term, or vice versa.) Faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits, and they will not be required to pay the cost of tuition.

Full-Time Regular Staff

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular employees at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular staff employees may register for courses of study up to 6 hours per semester. Written approval needs to be obtained from the employee's supervisor, the dean or director over the area, and the manager of Employee Benefits. Staff personnel are expected to make up the time they are absent from their regular work. Lunch periods may not be used for class attendance.

With the required approvals, staff employees with staggered-hours schedules (see Work Hours Policy in the University Electronic Handbook) may register for daytime classes. A staggered-hours work schedule, which must first be approved by the employee's supervisor, allows an employee to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an employee can have a staggered-hours schedule and take day classes will depend on the seasonal and daily workload of the department.

During the spring and summer terms, regular staff employees may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may not be taken in summer term, or vice versa.)

Spouses of Regular Faculty, Staff, and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits for their spouses, employees must (a) be at least age thirty with one year of service **or** (b) have completed five years of service with the university, whichever occurs first. Regular employees who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for undergraduate courses of study with no limit as to the total number of hours (day or evening classes) and will not be required to pay the cost of tuition. *Those who wish to take daytime classes need to be properly admitted through the Admissions Office.* **Before registering for *graduate* courses of study, eligible spouses must contact the Benefits Office.**

Part-Time Employees

(See University Personnel Tuition Policy in the University Electronic Handbook)

Part-time, adjunct, on-call, and temporary personnel and their spouses are not eligible for tuition benefits.

Additional Information

Auditing Classes

All full-time personnel and their eligible spouses who desire to audit daytime classes should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited will not appear on official records. Those wishing to audit evening classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

University Discontinuance

An employee or spouse enrolled through day school who discontinues his or her entire registration at the university is required to discontinue through the Discontinuance Office, B-150 ASB, 378-7705.

Evening Classes

Registration. Eligible faculty and staff members and their spouses who wish to register for evening classes *only* may do so at the Evening Classes Office, 120 HCEB. Individuals may obtain their tuition benefit there at the time they register by completing the Clearance Form and presenting their employee or spouse ID card.

Daytime students taking Evening Classes (sections 400–499) may automatically register through the Touch-tone Telephone System.

Changes in Registration.

When a change in Evening Classes registration becomes necessary, individuals must obtain an add/drop card from 120 HCEB and get the required approval and signature of the instructor. This card must then be returned to 120 HCEB.

Discontinuance.

A student discontinuing his or her entire registration in Evening Classes is required to discontinue through the Evening Classes Office, 120 HCEB. A $10 fee is charged the individual for the service after registration has been finalized.

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Refer to Tuition and Fees Information on the calendar in this class schedule.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to attend must officially withdraw from classes since registration will remain on their record until formal discontinuance is filed with the Discontinuance Office, B-150 ASB, telephone (801) 378-7705. Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions) until midnight of the day before classes begin. On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. If you do not drop your classes, they will remain on your records and **you will be charged tuition**. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed on the following page.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Federal Pell Grant or Federal Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition purposes) are those students who have received their bachelor's degree or will have received it by the beginning of winter semester and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.

Tuition and General Fees Per Semester

Undergraduate Students	**LDS**	**Non-LDS**
Full-time (8.5 or more credit hours)	$1,170	$1,755
Part-time (per credit hour)	$ 120	$ 180
Graduate Students		
Full-time (8.5 or more credit hours)	$1,370	$2,055
Part-time (per credit hour)	$ 152	$ 228
Graduate School of Management Students and Law School Students	**LDS**	**Non-LDS**
Full-time (8.5 or more credit hours)	$2,200	$3,300
Part-time (per credit hour)	$ 244	$ 366

A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. Minimum tuition is the one-credit-hour rate. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee—Tuition Paid After December 15

December 15–January 6 ..... $50
January 7–January 23 ..... $90
(Last day to pay tuition is January 23.)

Late tuition fees will be assessed all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time tuition by the December 15 deadline and are then or later become registered for more than 8 credit hours.

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed.

Tuition Adjustments—Change in Credit Hours

After the semester begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added**. If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last scheduled day for adding classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/ Charges—Discontinuance.

Tuition Refunds/Charges—Discontinuance

Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 378-7705. The following rates apply:

	Tuition Charged	**Refund of Tuition Paid**
Before Jan 9	None	100%
Jan 9–Jan 13	10%	90%
Jan 16–Jan 20	15%	85%
Jan 23–Jan 27	20%	80%
Jan 30–Feb 3	25%	75%
Feb 6–Feb 10	30%	70%
Feb 13–Feb 17	35%	65%
Feb 20–Feb 24	40%	60%
Feb 27–Mar 3	45%	55%
Mar 6–Mar 10	50%	50%
Mar 13–Mar 17	55%	45%
After Mar 17	100%	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of personal medical incapacitation after the 85 percent refund period. Petition forms are in D-208 ASB.

A refund due because of discontinuance from school will be made only by check through the mail. It will be mailed approximately two weeks from the date of **discontinuance.** Refunds due to students who have a Federal Pell Grant or Federal Stafford Loan will be returned to the Pell agency and/or the lending agency.

Late fees are not refundable.

Parking Fees and Information

Motor Vehicles

Parking permits are required to park on campus. To purchase a permit, bring the following to the Traffic Office (GRNH):

1. Current vehicle registration
2. Proof of emissions compliance. Vehicles registered in areas that do not have an emissions program meeting Utah County requirements will need to pass an emissions test. Contact the Traffic Office for further information, telephone (801) 378-3906.
3. BYU identification card
4. Copy of housing contract or room key (required only for a singles on-campus housing C permit)
5. Fee

   Fees vary by permit and semester as follows:

Permit	Fall	Winter	Spring/Summer
G	$40	$25	N/A
Y	$15	$10	$ 5
R	$ 5	$ 5	$ 5
C	$ 7.50	$ 5	$ 3
Motorcycle/ Moped	$10	$ 8	$ 4

Parking permits expire September 15 of the succeeding year.

Bicycles

Bicycles must be licensed within Utah County. Provo city licenses cost $1 at the Traffic Office.

Parking and Traffic Violation Fines . . . . . $10–$200

Records Fees

Search fee (duplicate receipt) $1

Transcript fee (per copy—pay at Records Office) $2

Health Insurance Requirement

BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU by the tuition deadline will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance payment is due by the first day of classes.

Debt Collection Fees

Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. The student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript and before being considered for readmission.

Help for New Students

Organize Your Registration Materials

BYU Undergraduate Catalog or BYU Graduate Studies Catalog
The BYU Undergraduate Catalog includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Catalog describes graduate courses and programs. Both catalogs can be purchased at the BYU Bookstore for $5.00 each. To receive either of these catalogs by mail, contact BYU Mail Services, 396 UPB, Provo, UT 84602, or telephone (801) 378-3658. Catalogs mailed second class cost $6.50 each (subject to change), and those mailed first class cost $10.00 each. These prices include postage and handling. VISA, MasterCard, check, or money order is accepted in payment.

Class Schedule
The Winter 1995 Class Schedule includes registration instructions, information to assist in selecting classes, and a list of classes by department. New students are mailed a current class schedule after admission. Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, Provo, UT 84602, or telephone (801) 378-3658. The cost, which includes first-class postage and handling, is $3.50. VISA, MasterCard, check, or money order is accepted in payment.

Registration Work Sheet
This work sheet is found on page 3 of this class schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

List of Required Classes
To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU Undergraduate Catalog, contact their advisement center, or refer to the General Education for Undergraduates section of this class schedule. Graduate students can refer to the BYU Graduate Catalog, their academic department, or their advisor.

Student Development Elective Courses
Elective credit classes designed to assist new students in their career, academic, and personal progress are available through Student Development course work. Classes are listed under Student Development (StDev) in the class list.

Questions/Answers for New Undergraduate Students

What is a credit hour?
A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

What is General Education (GE) for undergraduates?
The General Education Program for undergraduates at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

What is a major?
A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

How do I request classes?
Students request classes using either a Touch-tone telephone or Academic Information Management (AIM). You should complete the Touch-tone Telephone Instructions and have alternate sections available so that you can submit additional requests by phone if the class is full. AIM can be accessed at a variety of locations around campus. Look for the AIM posters or contact your advisement center for more information.

Which classes should I select?
A guide for selecting classes is found on the following pages.

Selecting Classes—Freshman Year

Use the registration work sheet on page 3 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl 115). You may be able to take it the next semester.

1. Select one or two university-required classes:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 421	Book of Mormon (for returned missionaries)	2
PE 129	Fitness for Living	0.5
Hlth 129	Health and Lifestyle Management	1
Physical education elective	Varies	0.5

2. Select an appropriate English and math* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
HonP 200	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 97*	Intermediate Algebra (ACT math score 18–21 is prerequisite; this is a no-credit, extra-fee class)	0
Math 110*	College Algebra (ACT math score 22 or above plus two years of high school algebra is prerequisite)	3
Math 112*	Calculus 1 (ACT math score 27 or above plus four years of high school mathematics including precalculus is prerequisite)	4
Math 119*	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education Mathematics option.

3. Start work in a foreign language (see page 27).
If you want to pursue the Foreign Language option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses.

4. Select one or two courses from the following General Education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, the College of Education, or the College of Engineering and Technology.

5. Select an interest course.

Select an area that you are interested in learning about. Use the 1994–95 BYU Undergraduate Catalog and this class schedule to identify and select an appropriate course. If you have chosen a major, select a course from those listed by major in section 6.

6. Select a major/emphasis course.

Students who have not selected a major should select an additional GE course.

General Education for Undergraduates

Why General Education?
General Education is central to the university's purposes, definition, and academic commitments. In an age of increasing specialization of knowledge, technological complexity, and unremitting change, General Education affords appreciation and understanding of humankind's most valuable achievements in the arts, letters, and sciences. It offers vantage points from which to sharpen our awareness of the development of our own culture and its relatedness to others. It informs us more richly of how we have come to think and believe and behave as we do.

General Education teaches us the importance of critical thinking, moral judgment, aesthetic sensibility, and historical context. These refinements, together with the cultivation of the languages of learning—mathematics, English, and foreign languages—enable us for a lifetime of learning, problem solving, and responsible, others-focused action. We gain in appreciation for the good, the true, and the beautiful and in the capacity to share these with others.

At BYU, General Education both underpins and complements major education. The curriculum of General Education is designed to inform students of how we have come to the present state of knowledge and to enhance our awareness of the methodological and cognitive constraints on the pursuit of truth. In addition, given BYU's concern that the development of individuals be eternal, General Education means continued inquiry into the gospel of Jesus Christ and its implications for knowledge, society, and truth.

What Are the General Education Requirements?
First of all, the General Education requirements are not the same as those called university requirements. The following eleven courses in religion, physical education, and health compose the university requirements:

University Requirements for the Bachelor's Degree

Religion	***Number of Courses***
RelA 121–122 or 421–422	2
RelA 211 or 212	1
RelC 324 or 325	1
Electives	3

In general, only 2 credit hours of religion should be taken each semester or term; if you register for more than 2 credit hours in a single semester, **no more than 4 credit hours taken in any single semester will be counted toward graduation requirements.**

Physical Education	***Number of Courses***
PE 129	1
Electives (100 level)	2

Health	
Hlth 129 or 130	1

Computer skills (especially word processing) are also important academic skills. To develop these abilities, you may (a) work on your own, (b) take computer workshops in 112 HRCB, or (c) take a noncredit course like Ling 98.

General Education Requirements for Students Enrolled Before Fall 1988

Students who first entered BYU as new freshmen before winter semester 1976, or as new transfer students before winter semester 1977, entered under a General Education program that was discontinued as of fall semester 1988. These students must complete the requirements listed above.

Students who first entered BYU as new freshmen winter semester 1976 and thereafter through summer term 1988, or as new transfer students beginning winter semester 1977 through summer term 1991, will be required to fulfill either the requirements previously listed or those listed below. Those who elect the requirements listed above should notify their college advisement centers. Students completing the requirements listed below must do so before fall semester 1995.

To meet elective requirements, a student may not take more than one class from any single department.

How Should You Choose General Education Classes?
An undergraduate degree signifies that the recipient has completed at least two types of study: concentrated work in a single discipline (the major), and a more general education in the subject matters and methods of commonly accepted categories of knowledge. The second, broader study is intended to complement the study in the major.

It is wise to meet the GE requirements by selecting courses that your major will not lead you to confront. Choose your GE courses as if each were your only opportunity to learn about subjects that you might want to know more about once you have left the university. Your GE courses should give you the necessary background to learn more about a subject on your own.

Pilot General Education Courses
Occasionally some General Education courses are offered that differ in substantive ways from the regular course offerings approved for GE credit. For example, they may be taught in the residence halls, they may be colloquia with more than one instructor, or they may be experimental courses to be offered on a trial basis. The number and nature of these courses will vary from semester to semester; current listings may be found under the heading of General Education in the course listing section of this class schedule. The course number includes the designation GE and the number itself indicates the type of elective credit that the course carries. For example, a course designated GE 210 would satisfy an Arts and Letters elective and one numbered GE 222 would count as a Social and Behavioral Science elective.

Is There an Honors Version of General Education?
Yes. An enriched General Education curriculum designed to challenge the highly capable and motivated student is available. Honors courses are designated throughout this schedule by an H following the course number. Further information about Honors Education, including a complete list of Honors courses, is provided in the University Honors for Undergraduates section of this schedule and is also available from the dean of General and Honors Education, 302 MSRB, telephone (801) 378-3038.

When Should General Education Requirements Be Completed?
Students are most strongly encouraged to complete the First-Year Writing and Precollege Mathematics requirements during their first year at the university. *Any student who challenges the First-Year Writing requirement by examination (see Special Examinations, page 31) must complete the challenge within a year of residence after entering BYU. No challenge will be allowed thereafter.*

Students in most majors are encouraged to complete the American Heritage, Biological Science, and Physical Science requirements during their freshman year as well. The History of Civilization sequence generally should be taken during the sophomore year. However, some programs provide for these requirements under a different timetable. Advisement centers can provide direction concerning the timing for a specific program.

Any student who pursues the Mathematics option for the Languages of Learning requirement must complete Math 110 before enrolling in a subsequent course in mathematics or statistics.

The Advanced Writing requirement generally should be completed during the junior year. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course that fills the Advanced Writing requirement.

How Do You Complete the General Education Requirements?
GE requirements can be met in four ways:
1. Successfully completing approved GE courses, including Honors courses.
2. Passing special examinations at the university.
3. Transferring acceptable credit from other institutions.
4. Receiving credit from Advanced Placement (AP) examinations and the College Level Examination Program (CLEP).

These options are discussed in detail on the following pages.

General Education Courses for Undergraduates

You are strongly encouraged to meet the GE requirements by enrolling in departmental or Honors courses at the university. As noted earlier, General Education is at the center of what Brigham Young University is about. As a consequence, the university devotes substantial resources and engages its best faculty in providing this educational opportunity for you.

The official list of all courses that satisfy current GE requirements follows. In addition, a GE code appears within the class list in this class schedule. The codes identify all GE courses, both required and elective. Definitions of these codes are listed on the Class List Definitions page.

Honors courses are recommended for students with a composite ACT score of 28 or above or a cumulative university GPA of 3.5 or above.

Languages of Learning

First-Year Writing (One course. This should be taken during your freshman year.) — Engl 115 or HonP 200 or Phil 105, 105H

Transfer Students: If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Department for details.

We **strongly** encourage you to take a First-Year Writing course (Engl 115, HonP 200, or Phil 105) even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education.

Precollege Mathematics (One course. This should be taken during your freshman year.) See course suggestions for freshmen and for transfer students below. If you are uncertain about which course to register for, contact your college advisement center. — Math 97, 110, 111, 112, 112H, 113, 113H, or 119

Freshmen: You should register for the appropriate mathematics course according to your ACT mathematics subscore, as shown in the following chart:

ACT Math Subscore	*Precollege Mathematics*
22 or above	Requirement is waived, but no credit is given for any course.
20–21	Challenge or enroll in Math 97.
19 or below	Register for Math 97. Note: Math 97 is a noncredit course requiring an additional fee.

Transfer Students: You may satisfy the requirement by (1) submitting your ACT mathematics subscore if it is 22 or above, (2) passing any one of the BYU mathematics courses listed above, or (3) submitting equivalent mathematics transfer credit to Admissions and Records, A-153 ASB.

Advanced Writing

(One course. This should be taken during your junior year; see your college advisement center for the course recommended for your major. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course in Advanced Writing.) — Art 300; Chem 391; Engl 311, 311H, 312, 312H, 313, 315, 315H, 316, 316H; MCom 320; Phil 311,311H; or HonP 300

Requirement in Mathematics *or* Foreign Language

To fill this requirement, students may choose either the Mathematics or the Foreign Language option. The requirement may be filled by courses within the student's major. Certain majors require students to fill all of one option and all or part of the other as well. Students who entered the university before fall 1994 and who intend to graduate with University Honors must complete *both* options. Students who are entering the university this semester and wish to graduate with University Honors have slightly different requirements that are detailed in the section describing the Honors Program.

Mathematics Option

The Mathematics option requires one or more semesters of college-level mathematics *beyond* either college algebra (Math 110) or introductory logic (Phil 205). Approved courses are:

Math 112, 112H, 113, 113H, or 119
(Math 110 is prerequisite)
Phil 305 (Phil 205 is prerequisite)
Stat 221, 222, 222H, or 321 (Math 110 is prerequisite)

Foreign Language Option

A student who chooses to fill the Foreign Language option builds on high school, college, or other prior study of foreign language, through which a certain level

of competence in the language has been attained. Further study adds to that competence and allows the student to use the language meaningfully to access another major historical, cultural, intellectual, literary, and artistic heritage. Students fill the requirement by completing one of the approved culminating courses in the language that is chosen. A student with no previous knowledge of the language would take the culminating course after taking three semesters of instruction in the language. Students with prior knowledge of the language might be ready for the culminating course with only one or two semesters of instruction, or with none. Conversation and grammar courses will not substitute for the culminating course. Approved courses are:

The Humanities Research Center administers proficiency examinations in less commonly taught languages such as those listed below. Students who independently prepare themselves to pass such an examination subsequently enroll in Anthr 420. Working with cultural anthropology and linguistics faculty in this culminating course, students use their demonstrated language abilities to conduct an ethnographic interview project studying cross-cultural matters specific to their language. After successful completion of the proficiency examination and the foreign language section of Anthr 420, students will be responsible for having the Foreign Language credit posted to their transcripts. This can be accomplished at the college advisement center. Contact the Humanities Research Center, 3060 JKHB, or the General and Honors Education Office, 302 MSRB, for further information.

Nonnative speakers of the English language may fulfill this requirement through Engl 230, 232, or Hum 261. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue. Please contact your college advisement center for more information.

Arts and Sciences Core Courses

Most students should take the core courses in American Heritage, Biological Science, and Physical Science during the freshman year and the History of Civilization sequence during the sophomore year.

American Heritage

AHtg 100, 100H, or HonP 240	American Heritage

Biological Science

Biol 100, 100H, 130, or HonP 260	Principles of Biology

Physical Science

PhyS 100, 100H, PhyS 110A *and* 110B, or HonP 259	Physical Science

History of Civilization

Complete one of the following two-course sequences:

Art

Art 201, 202; 201H, 202H	World Civilization to 1500, World Civilization Since 1500

Comparative Literature

CLit/Engl 201, 202; 201H, 202H	History of Civilization: Literature 1, 2

English

Engl/CLit 201, 202; 201H, 202H	Masterpieces of World Literature 1, 2

History

Hist 201, 202; 201H, 202H	World Civilization to 1500, World Civilization Since 1500

Honors

HonP 201, 202	History of Civilization 1,2

Humanities

Hum 201, 202; 201H, 202H	Arts in Western Culture 1,2

Music

Music 201, 202	History of Civilization: Music 1, 2

Philosophy

Phil 201, 202; 201H, 202H	History of Philosophy 1, 2
Phil 210, 211; 210H, 211H	Science of Civilization 1,2

Political Science	
PISc 201, 202; 201H, 202H	Western Political Heritage 1, 2

Students must complete one of the History of Civilization sequences listed above. If the discontinuation of a certain sequence during an extended absence from the university makes a change in the second course unavoidable, students should consult with their advisement center for assistance in identifying an appropriate alternative.

Arts and Sciences Elective Courses

The following restrictions to the electives apply *only* to new students entering fall 1988 and thereafter or transfer students entering fall 1991 and thereafter. To meet elective requirements on the program in effect prior to 1988, a student may *not* take more than one class from any single department.

1. No more than one course taken in the broad area of the student's major will meet the electives requirement. That is, majors in the College of Fine Arts and Communications or the College of Humanities may take only one elective in Arts and Letters. Majors in the College of Biology and Agriculture, the College of Engineering and Technology, the College of Nursing, or the College of Physical and Mathematical Sciences may take only one elective in Natural Sciences. Majors in the College of Family, Home, and Social Sciences may take only one elective in Social and Behavioral Sciences. Majors in the Marriott School of Management, the College of Education, or the College of Physical Education must distribute the four electives over all three of the categories.

   Students may choose not to take any elective course in the broad area of the major but to fulfill the elective requirement by completing two approved courses in each of the two categories outside the area of the major.

   A minimum of one elective in each of the categories outside the broad area of the major is required. For example, a major in the College of Family, Home, and Social Sciences must take at least one Arts and Sciences elective and one Natural Sciences elective to fill the GE requirements.

2. Students who elect to complete *both* the Mathematics and the Foreign Language options are excused from one of the four Arts and Sciences elective requirements. However, they are subject to restriction 1 above and should complete the electives requirement by selecting courses in each of the remaining categories outside the broad area of the major.

Arts and Letters Electives

In addition to the courses listed below, courses numbered HonP 203–220, GE 303–320, or HonP 303–320 will fill an Arts and Letters elective.

Art

Art 100 *plus* one of the following: Art 103, 104, 105, 106, 107, 108. Arts and Letters credit will be given for this course *only* if Art 100 has been taken prior to or concurrently with the studio course. Students will be responsible for having the Arts and Letters credit posted to their transcripts after completing the combination of courses. This can be accomplished at the college advisement center. Art 100 is not offered summer term.	Introduction to Art
Art 111	Introduction to Art History
Art 210	Survey of Western Architecture
Art 211, 212	Survey of Western Art 1, 2

Special Examinations

Examinations for some General Education classes and the university health requirement are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	Center Open	*Exams Collected*	*Center Vacated*
Mon–Fri	8:00 a.m.	9:00 p.m.	9:30 p.m.
Sat	9:00 a.m.	12:30 p.m.	1:00 p.m.

Note: You can retake an examination (except Hlth 129) only after seven days of further preparation and during the posted exam period.

Exemption Examinations: No Credit or Grade

Exemption examinations are given in the Testing Center for three GE requirements—First-Year Writing, Precollege Mathematics, and Physical Science 100—on the dates given below. Fees are required for the examinations. A passing grade on an examination means that the student's Advisement By Computer (ABC) Form will reflect the completion of the GE requirement. However, no academic credit will be posted on the transcript of grades unless it is requested by submitting the proper form to the Records Office, B-150 ASB.

All first-semester/term students may take the exemption examinations for First-Year Writing and Precollege Mathematics free of charge one time. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

Precollege Mathematics (Mathematics 97)
January 4–January 20

Students who take the exemption examination for Mathematics 97 to meet the Precollege Mathematics requirement do not have the option of requesting academic credit since the course carries no credit.

First-Year Writing (English 115)
January 4–February 3

Note: Students wishing to take the exemption examination for First-Year Writing must contact the English Composition Office, 3110 JKHB, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, students will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of their writing to the English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption examination for First-Year Writing have the option of requesting academic credit and having the grade posted on the transcript of grades.

(See the Special Examinations for Graded Credit section following for instructions regarding the procedure for requesting academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the First-Year Writing exemption examination.

Physical Science (Physical Science 100)
January 4–February 3

To receive an exemption from Physical Science 100, students must receive a grade of B– or better. However, students who receive grades of C– or above may request the academic grade and have the grade posted to their transcript. (See the Special Examinations for Graded Credit section following for instructions regarding the procedure for requesting academic credit.)

An exemption examination is also allowed for the university requirement Health 129.

Health (Health 129)
January 4–January 20

Students may take the examination one time only. Successfully passing it will complete the health requirement with a P grade worth 1 credit hour. The examination is offered each semester and term during the posted testing period. If you fail the exam, you must complete Health 129 or 130.

Special Examinations for Graded Credit

Special examinations for graded credit are referred to as "challenge examinations" and must be arranged through the Testing Center or the department offering the examination. A $20 fee is required for challenge examinations offered through individual departments. A $10 fee is charged for examinations offered in the Testing Center. In addition to this fee, students must request academic credit by submitting the proper form to the Records Office, B-150 ASB.

Challenge examinations for three GE courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however, if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and *must* do so before the official university drop deadline. For information on special examinations for First-Year Writing, students should consult the English Composition Office, 3110 JKHB.

Challenge examinations are given on the following dates:

Advanced Writing, Tests 1 and 2
January 4–February 3

Note: The Advanced Writing examination has three parts. The first part includes two tests given in the Testing Center. However, before taking these tests, a student should contact the English Composition Office, 3110 JKHB, for specific instructions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional $40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **Students cannot challenge the Advanced Writing requirement in the semester in which they intend to graduate.**

American Heritage (American Heritage 100)
January 4–February 3

Biological Science (Biology 100)
January 4–January 20

The procedures for challenging General Education courses are as follows:

I. For Examinations Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Go to the Testing Center on one of the scheduled examination dates.
      2. Pay the required fee at the Testing Center.
      3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the First-Year Writing examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
      4. Present the completed form to the Records Office, B-150 ASB. The form must be submitted to the Records Office during the semester/term in which the examination is passed.
   B. *If enrolled in the course*, you *must* also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

II. For Examinations *Not* Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Contact the department that offers the course during the first two weeks of the semester/term.
      2. Complete the Special Examination Form available from the department.
      3. Arrange to take the examination.
      4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there.
      5. Present the validated form to the departmental examiner.
      6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
      7. Present the completed form to the Records Office, B-150 ASB. The form must be submitted within one year after completing the examination.
   B. *If enrolled in the course*, you must also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Transfer Credit and Credit from Advanced Placement and the College Level Examination Program

Transfer Credit
The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, B-238 ASB. Articulation agreements have been reached with several junior and community colleges to facilitate that transfer process for students who have completed certain associate degrees. The Transfer Evaluation Office can be contacted for up-to-date information regarding the status of those agreements with a particular junior or community college.

Advanced Placement Credit
The results of some Advanced Placement (AP) exams may be used to waive certain GE requirements and to obtain general university credit. AP credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. The Admissions Office, A-183 ASB, telephone (801) 378-2507, can be contacted for details regarding credit hours and exemption from GE requirements for AP exams.

College Level Examination Program
BYU will grant credit for the College Level Examination Program (CLEP). For each general examination on which a student scores 610 or higher, the university will grant 3.0 hours of credit. Students can contact the Admissions Office for additional information.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning General Education is found in the current BYU Undergraduate Catalog. Sources of additional information include the following:

1. **College Advisement Centers.**
The recommended source of information and advice about General Education requirements is the college advisement center. These centers, together with the Open Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers and other locations on campus to provide you with an up-to-date report of your academic status. In addition, Advisement by Computer (ABC) Forms are sent to you early each semester. These list the GE courses you have completed and also the GE requirements that remain to be completed.

2. **Dean of General and Honors Education.**
Questions dealing with General Education are handled in 350 MSRB, telephone (801) 378-6137.

University Honors for Undergraduates

University Honors at Graduation
"University Honors" is a distinction awarded to all baccalaureate recipients of BYU who have met the Honors requirements in General Education as described below. This prestigious designation is recorded on the official transcript of grades and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

University Honors with Honors in a Major
Certain departments have established Honors majors that build on the foundation of the Honors requirements in General Education. Students majoring in these departments who meet the requirements for graduation with University Honors have the additional option of meeting the requirements of the Honors major and graduating with "Honors in [a certain major]." For example, a student may graduate with "University Honors and Honors in Chemistry." (Note, however, that it is not possible to graduate with Honors in chemistry unless one also satisfies the requirement for graduation with University Honors as well.) For the name of the Honors advisor in a certain department, consult the University Honors Program Course Guide or contact the departmental office. Honors majors can be completed in art history, chemistry, communications, comparative literature, economics, electrical engineering, English, French, Italian, geology, German, history, humanities, mathematics, mechanical engineering, microbiology, molecular biology, music, philosophy, physics, Russian, Spanish, Portuguese, statistics, studio art, and zoology.

Participation in Honors
Honors Education provides an unusually rich and challenging experience for capable and motivated undergraduate students. Honors Education is not merely a more intensive General Education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their General Education, as well as an intensive experience in their major.

To graduate from BYU, undergraduate students must meet not only the requirements of a major department, but also the requirements of General Education, religion, and physical education. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy General Education and Religious Education requirements through Honors. Although it is hoped that students will choose to complete all the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students. However, to graduate in the Honors program, you must fill out a formal commitment of intent to (1) graduate with University Honors, (2) register for at least one Honors course each semester of the first two years in the program, and (3) maintain a grade-point average near the 3.5 required for graduation with University Honors. Commitment forms may be obtained in 350 MSRB. Indicators of "capable" include a composite ACT score of 28 or above, a high school GPA of 3.7 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge a student's ability from scores alone. Such scores may not say much about important inner qualities like determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek.

The Advantages of Honors

Faculty
The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

Curriculum
Honors offers a curriculum core consisting of a two-semester sequence in the History of Civilization and an intensive writing course. Beyond this core, Honors colloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in

the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

Honors Colloquia. Each semester Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia include "Turning Points in the History of Civilization," "Use and Misuse of Human and Natural Resources," "Education as a Moral Endeavor," "The Daedalus Project," "Texts of Influence on the Jewish and Christian Religious Heritages," "Shaping the Modern Mind," and "Jerusalem: Past, Present, and Future."

The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately fifty students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

Honors Seminars. A number of Honors seminars are also offered each semester. They range across subjects as diverse as "Women's Issues in the Natural Sciences," "Health and Disease in History," "The Literature of Pilgrimage," and "Bioethics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. But unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

Departmental Honors Sections. Departments within the university offer courses intended for Honors students that are taught by their strongest faculty. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

Honors Housing, the Honors Center, and Special Honors Activities

Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall and a commons room for informal meetings and discussion. An Honors computer room and an Honors writing laboratory are housed nearby in the Heber J. Grant Building.

Honors publishes the scholarly work of students in *Insight*, an intellectual journal with an all-student staff. A special series of concerts, dramatic productions, and exhibitions of art and photography are sponsored by Honors in the Maeser Building, and assistance with academic advisement is provided by Honors student aides.

Graduation with University Honors
Scheme 1

(For students entering the university for the first time fall 1994.)

To graduate with University Honors, a new entering student must accomplish the following:

1. **Honors course work.**
   a. Complete two Honors History of Civilization courses.
   b. Complete an Honors 200 Intensive Writing course. However, students who have received a score of 5 on the English Language and Composition advanced placement examination may petition for a waiver in 350 MSRB.
   c. Students with fewer than 64 credit hours complete two Honors religion courses. Students entering with more than 64 hours complete one Honors religion course.
   d. Complete three other Honors course electives.
   e. During each of the first four semesters at BYU, register for at least one Honors course. In addition, students are expected to maintain a grade point average near the 3.5 required for graduation with University Honors; failure to do so may disqualify a student from the program.
2. **Other Honors course work.** Complete at least two semesters of a foreign language and complete the General Education mathematics requirement in one of the following ways:
   a. College Algebra (Math 110) **and** Math 112, 112H, 113, 113H, or 119.
   b. College Algebra (Math 110) **and** Stat 221, 222, 22H, or 321.
   c. Introductory Logic (Phil 205) **and** Phil 305.
3. ***Great Works of Literature, Art, and Film.*** Complete an independent study of a number of important works of literature and the arts. *Great Works of Literature, Art, and Film* (a reading, listening, and viewing guide published by the Honors Program) provides suggestions, but alternative works may also meet the requirement, subject to approval by the Honors deans. Students

are expected to include in their readings some non-Western writings and some works of (1) social science and (2) mathematics, physical and biological science, and technology. A film category is also included. Competency will be reviewed at the junior year exit interview. (This list is available in 350 Maeser Building.)

4. **Honors thesis/Capstone experience.** Complete an Honors thesis/capstone project, working closely with a faculty member on a project of the student's choosing in her or his major. The thesis/capstone project represents independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.
5. **Student portfolio.** Maintain a student portfolio, a representative collection of one's best academic work over the undergraduate years. The portfolio reflects a personal journey and will be reviewed at the junior year interview.
6. **Service experience.** Write a one-page summary of one's most memorable service experience while a student at BYU. It should indicate why the experience was personally significant and how it figures in plans for community service following the university years. This summary will be reviewed at the junior year exit interview.
7. **Grade point average.** Have a cumulative 3.5 GPA at graduation.
8. **Honors graduation application.** Apply for graduation with University Honors at the Honors Office.
9. **Exit interview.**
   a. **Junior year:** Complete an exit interview with an Honors dean to discuss the *Great Works of Literature, Art, and Film* list and to review one's portfolio and service to the community.
   b. **Senior year:** Complete an exit interview with an Honors dean, a faculty thesis/capstone project advisor(s), and a faculty referee from the major department.

Graduation with University Honors
Scheme 2

(For students who entered **before** fall 1994.)

To graduate with University Honors, a student must accomplish the following:

1. **Honors course work.** Complete a course in Intensive Writing, the Honors two-semester sequence in History of Civilization, and three or more Honors electives from General Education categories, two of which must be in areas outside one's major. (Religion courses do not count toward this requirement.)
2. **Advanced mathematics.** Achieve a proficiency in mathematics to the level of the General Education requirement (calculus, statistics, or formal logic).
3. **Foreign language.** Achieve a proficiency in any classical or modern language to the level of the General Education requirement (generally to the level of the fourth college semester).
4. ***Great Works of Literature, Art, and Film.*** Complete an independent study of a number of important works of literature and the arts. *Great Works of Literature, Art, and Film* (a reading, listening, and viewing guide published by the Honors Program) provides suggestions, but alternative works may also meet the requirement, subject to approval by the Honors deans. Students are expected to include in their readings some non-Western writings and some works of (1) social science and (2) mathematics, physical and biological science, and technology. A film category is also included. Competency will be reviewed at the junior year exit interview. (This list is available in 350 Maeser Building.)
5. **Honors thesis/Capstone experience.** Complete an Honors thesis/capstone project, working closely with a faculty member on a project of the student's choosing in her or his major. The thesis/capstone project represents independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.
6. **Student portfolio.** Maintain a student portfolio, a representative collection of one's best academic work over the undergraduate years. The portfolio reflects a personal journey and will be reviewed at the junior year exit interview.
7. **Service experience.** Write a one-page summary of one's most memorable service experience while a student at BYU. It should indicate why the experience was personally significant and how it figures in plans for community service following the university years. This summary will be reviewed at the junior year exit interview.
8. **Grade point average.** Have a cumulative 3.5 GPA at graduation.
9. **Honors graduation application.** Apply for graduation with University Honors at the Honors Office.
10. **Exit interview.**
    a. **Junior year:** Complete an exit interview with an Honors dean to discuss the *Great Works of Literature, Art, and Film list* and to review one's portfolio and service to the community.
    b. **Senior year:** Complete an exit interview with an Honors dean, a faculty thesis/capstone project advisor(s), and a faculty referee from the major department.

Further details of the Honors curriculum and graduation requirements appear in the University Honors Program Course Guide, which is available each semester in 350 MSRB.

Great Works of Literature, Art, and Film

As part of their undergraduate work, Honors students are expected to complete an independent study of a number of the most important works of literature and the arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement subject to approval by the Honors deans. Students will be expected to include in their

readings some non-Western writings and some works of (1) social science and (2) mathematics, physical and biological science, and technology. A film category is also included. An interview on the list will take place during the junior year.

Many of the works will likely be studied in connection with courses, but Honors also sponsors a series of "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list and is led by professors who are authorities on the subject. The modules may be audited. However, 1 credit hour may be earned by attending three months of modules and by registering for Honors 214R, section 1 for literature and section 2 for music. (No General Education credit is awarded for this course.)

Honors Thesis/Capstone Experience
To graduate with University Honors, a student must complete an Honors thesis/capstone project. This requirement provides an opportunity for a student to work closely with a faculty member on a project of the student's choosing in the major. The thesis/capstone project represents an independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.

Honors Student Portfolio
The portfolio represents primarily a collection of the student's best academic work throughout his or her tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of the student's best writing, which may include class papers, exams, laboratory reports, etc. Depending on a student's major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork, lab reports, etc.). When submitted for examination at the junior year exit interview, the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of the student's undergraduate experience.
2. A one-page evaluation or assessment of the student's most memorable service experience while a student at BYU. Why or how was this experience formative for the student? How does the student plan to serve the larger community once he or she has left the university?
3. A current transcript.
4. A list of three faculty members who know the student and his or her work.
5. A *representative collection* of the student's best academic work that reflects his or her educational progression throughout the undergraduate years. In this collection, some correlation with item 1 is looked for.

Honors and Grades
Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

Course Descriptions
More detailed descriptions of the courses that follow are provided in the University Honors Program Course Guide. To obtain the course guide or further information about any part of the Honors Program, please contact the Honors Program Office, 350 MSRB, telephone (801) 378-3038.

Graduate Education

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires the student to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require students to integrate and understand the collective knowledge of their disciplines. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study
Application to graduate study is made through the Office of Graduate Studies, B-356 ASB. Except in a small number of integrated programs, the bachelor's degree is required before a student may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants must be admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. Prospective applicants should communicate their interests to the specific departments to which they wish to apply and receive program and admission information from them.

Advisement of Graduate Students
Once admitted to a department graduate program, students are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. General questions about university admissions, procedures, and graduation may be directed to the Office of Graduate Studies, where advisors work individually with students and departments in admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements
University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's study list. Except in professional programs, courses of study are tailored for individual students, and their progress through those courses is tracked by the Office of Graduate Studies and reported to the students and their department advisors three times a year.

Graduate Curriculum
Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements
Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs in the sciences limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, UW, NS, or I grades, nor audits or correspondence courses, may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours.

Academic Standards
Grade Point Average (GPA) Requirements. Graduate students whose graduate program (study list) GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students. Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic

performance, their fulfillment of program requirements (study list submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification
Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, telephone (801) 378-2631. Registration for a minimum of 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to the Office of Graduate Studies.

Campus Privileges for Graduate Students
Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels
With department approval, students who want to change from one degree level to another within a department and without interruption of enrollment can request the change by submitting to the Office of Graduate Studies a Request to Change Degree Level (Form 1C), paying the application fee, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, the Office of Graduate Studies will officially notify the student.

Changing Departments
To change departments, a student must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU
Graduate students who wish to withdraw from the university must initiate that process at the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.

Termination of Graduate Status
Termination of graduate status may result if a student:

1. Fails to fulfill the university's minimum registration requirement.
2. Fails to meet the degree time limit.
3. Makes a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receives a Marginal or Unsatisfactory rating in a periodic review by the academic department and is unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fails to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fails the departmental comprehensive examination.
7. Fails the final oral examination (defense of dissertation, thesis, or project).
8. Violates the university's Honor Code.

Academic Standards

A student's academic standing in the university is determined according to the grades that the student earns. The following outline shows the conditions and expectations according to the student's academic standing.

ACADEMIC STATUS	UNDER THESE CONDITIONS	EXPECTATIONS
Satisfactory Standing	Occurs when your most recent semester/term GPA and your BYU cumulative GPA are 2.0 or above.	Continue to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
WARNING	Occurs when your most recent semester/term GPA is below 2.0.	Contact the Academic Support Office for assistance.
WARNING *with* Registration Block	Occurs when your BYU cumulative GPA is below 2.0 and you have completed more than one semester/ term at BYU. OR Occurs when your semester/term GPA is below 1.0.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office.
PROBATION *with* Registration Block	Occurs when you have been on warning status and your next semester/term GPA is below 2.0. OR Occurs if at any previous time you have been on probation or suspension status at BYU and your semester/term GPA again is below 2.0. OR Occurs if your BYU cumulative GPA remains below 2.0 and you have been moved to probation status.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office. **Note:** If you are receiving university or federal financial aid, you must also contact the Financial Aid Office (A-41 ASB). Students on probation usually are not eligible for financial aid.
SUSPENSION	Occurs when you have been on probation status and your next semester/term GPA is below 2.0. OR Occurs when you fail to comply with the conditions prescribed by the Academic Support Office.	1 Suspended students are denied continued enrollment. If you are suspended and desire to return to BYU at some future point, you must qualify for readmission. If you wish to appeal your suspension, you must contact the Academic Support Office (151 SWKT). 2 If you have preregistered and/or paid any fees for a subsequent semester/term, you **MUST** withdraw (discontinue) and arrange for a tuition refund. Contact the Academic Support Office (151 SWKT) for assistance. 3 Suspension will be noted on your official BYU transcript.
DISMISSAL	Occurs when you are suspended a second time from the university.	Academic dismissal is noted on your official BYU transcript. You will need to seek other options to continue formal education.

NOTE: Registration blocks may also be set by college advisement centers (CACs) on students not progressing toward graduation in timely ways. In such cases, students must also meet with their CAC to have this block removed.

Brigham Young University Honor Code

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.

—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. This atmosphere is preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University are expected to demonstrate in daily living those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse.

Continuing Ecclesiastical Endorsement

Every enrolled, continuing student, including graduate students, is required each year to obtain a Continuing Ecclesiastical Endorsement by April 1, from his or her winter semester ecclesiastical leader. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from an ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT.

Requirements

Every student must abide by the Honor Code and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church.

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth.*

- Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.
- A clean and well-cared-for appearance should be maintained. Hairstyles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

Nondiscrimination Policy

It is the policy of Brigham Young University not to allow unlawful discrimination on the basis of race, color, national origin, religion, sex, veteran status, or disability in the academic or employment setting. This includes unlawful sexual harassment, which is a violation of the Honor Code as well as state and federal laws, and which may be considered grounds for discipline or dismissal. Persons who believe they have been unlawfully discriminated against or unlawfully sexually harassed should contact the Equal Opportunity Office, A-285 ASB, telephone (801) 378-6878.

University Policies

Confidentiality of Records Policy
The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when non-directory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes, but is not limited to, the following:

- Student's name
- Home and local addresses and telephone numbers
- Date and place of birth
- Major field of study
- Information relative to participation in officially recognized activities (e.g., sports) including weight and height
- Dates of attendance
- Current class schedule
- Degrees and awards received
- Previous educational institutions attended
- Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates
At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–31.9	Freshman
32–63.9	Sophomore
64–95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy
You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of

emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes
To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

Students may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the BYU Undergraduate Catalog).
2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade
The letter grade I (incomplete) is given on a contractual basis with the instructor to students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

Grade Reports
Grade reports are available at no charge for all day and evening school students after the semester has concluded. Grade reports will be mailed to students who leave self-addressed, stamped envelopes containing their social security number at the Records Office.

Changing College or Major
Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with the Office of Graduate Studies for information and necessary forms.

Discontinuance from BYU
A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The nonacademic emergency deadline, April 5, is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

University Assemblies

University Devotional, Firesides, and Forums

University devotional and forums, held several times throughout the year on selected Tuesdays at 11:00 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers are selected from the General Authorities and other leaders of the Church, who come to teach the gospel and affirm the spiritual dimension of the university experience for students and faculty. An additional opportunity is provided by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government, chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the sessions that may accompany them) prompts our inquiry into significant intellectual, cultural, and social issues and extends our understanding of them.

Most campus offices and services are closed during university assemblies so that members of the university community can participate.

Long-Range Class Schedule Planning

Year	Fall	Winter	Spring	Summer	Notes
1995–96					
1996–97					
1997–98					

Final Examination Policy Winter Semester 1995

Final examinations will be given at the times shown in the schedule (opposite page). Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the semester's work. The reading and the examination periods are firmly scheduled parts of the semester; students must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent a student from taking an examination at the scheduled time, that student is responsible to inform the class instructor as soon as possible. The instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless the student and instructor together prepare a contractual agreement.

Second block class examinations will be given at the time shown in the schedule. First block examinations will be given during the last regular class period. In cases where a student has conflicting examinations or *more than* three examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held April 22, 24, 25, 26, and 27, with reading days April 19, 20, and 21; therefore, Tuesday, April 18, 1995, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 378-6557, for day classes. For evening classes, contact the Evening Classes Office, 120 HCEB, telephone (801) 378-2872.

All section 400 classes beginning at 4:00 p.m. or later ***must*** follow the evening exam schedule to avoid day class conflicts. (If the class begins before 4:00 p.m., use the day class schedule.)

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour.** For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

Free Application for Federal Student Aid (FAFSA): You must also complete the FAFSA or the Renewal Application if you apply for any of the following: Federal Pell Grant, Subsidized Federal Stafford Loan, Unsubsidized Federal Stafford Loan, need-based scholarships, and many private scholarships.

Verification: If you are selected for verification, additional forms are required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Returned Missionaries: If you served a portion of you mission in 1994, additional forms will be required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Electronic Funds Transfer (EFT): If you request a Stafford or PLUS Loan, the Touch-tone system will ask whether you authorize your lender to electronically transmit your loan funds to your BYU student account by EFT.

Mailing Address: The Financial Aid Office will mail correspondence to the mailing address on record in the BYU Registration Office. The Scholarship Office will use your permanent address. To update either address, call (801) 378-2824.

Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. Write, visit, or call the advisement center of your choice:

Registration Requirements

1. Admission

You are eligible to register for spring term 1995 if you registered for and completed regular day school classes during winter semester 1995 or if you have been issued a valid letter of admission for spring term 1995 by the Admissions Office.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

2. Continuing Ecclesiastical Endorsement Required by April 1, 1995

Every enrolled, continuing student, including graduate students, who anticipates registering for any BYU credit after summer term 1995 is required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1995. LDS students must be endorsed by their winter semester bishop. Non-LDS students obtain the endorsement from an ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT. A late fee will be assessed for any endorsement completed after the April 1 deadline. No student will be able to register for fall semester or thereafter without a new endorsement.

Endorsement forms are available in the winter class schedule, at campus information desks, at college advisement centers, and from the Honor Code Office.

Every student must abide by all requirements of the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards of the university. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend church meetings, and abide by the rules and standards of the Church.

3. Health Insurance Requirement Spring Term

BYU requires all full-time students (those taking 4.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by April 24, 1995, will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance fee payment is due the first day of classes.

Registration Procedures

Registration for spring term is not managed on a priority registration basis. Any student admitted to the university may register beginning on the first registration day, January 17.

TO REGISTER BEFORE SCHOOL BEGINS

STEP 1: PLAN YOUR SCHEDULE

Use the Registration Work Sheet to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days**. Consult the Class List beginning on page 17. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

STEP 2: REGISTER BY TOUCH-TONE TELEPHONE OR AIM

Register: January 17–May 2
Register using a Touch-tone telephone or an AIM terminal.

Late Registration: April 25–May 10
After April 24, a $25 late fee and full tuition must be paid before the telephone system will be made available for late registration. You may late register by telephone until May 2. Beginning the first day of class, May 3, you should use the telephone or a signed add/drop card to late register.

NEW! If all sections of the course you want are full, and you must have this course this semester, use the raincheck option to be placed on the department list of students unable to enroll (see Touch-Tone instructions on page 2 or raincheck option on AIM). Continue to monitor the course by phone or by AIM in case students drop. A raincheck will not guarantee that you will be able to register for the class.

Once you register you are officially enrolled and committed to attend class. If you decide not to be a student, you must discontinue **before the day school begins** to avoid being charged tuition. (See Touch-tone Telephone Instructions [79*953#] on page 2 for instructions on how to discontinue prior to the first class day. Once school begins, contact the Discontinuance Office, [801] 378-7705. Refer to the following page for further information about discontinuance.)

Academic Information Management (AIM) is a computer aid available to you at the following locations across campus: all college advisement centers, Heritage Halls Central Building lobby, Wymount Terrace computer lab, Cannon Center central lobby, Morris Center computer lab, ELWC Information Desk, ELWC Word Center computer lab, and central places in the ASB, HBLL, CB, TNRB, TMCB, CTB, SFLC, and SWKT. You can do the following things at these terminals:

- Register for classes
- Access class schedule
- Determine course availability and instructor schedules
- Change address/phone number
- Monitor GE and major progress report (ABC)
- Look at grades and BYU credit
- Make PIN changes

A College Advisement Center (CAC) Hold
The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with CAC holds include: (1) seniors on academic probation, (2) seniors who have not declared a major, (3) seniors with 150 or more semester hours of credit who have not applied for graduation, and (4) seniors who have fulfilled all graduation requirements but have postponed graduation. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Other Holds That May Block Your Registration
Check with the appropriate office according to your hold:

• CAC hold	Your college advisement center	(see page 3)
• Loans	Collections Office	(801) 378-7648
	or Financial Aid	(801) 378-4104

STEP 3: PAY TUITION

Note: It is important that your mailing address be updated at the Registration Office, B-130 ASB, PO Box 21112, Provo, UT 84602-1112, telephone (801) 378-2824. Please call or write the Registration Office if you need to update your address so that a list of classes and a Tuition Billing Statement can be mailed to you in April.

Tuition Payment Deadline April 24, 1995 (to avoid late fees)

The Tuition Billing Statement will be mailed to all students who are registered for at least one class by April 17, 1995. **If you register after April 17 or if for some reason you do not receive a billing statement, it will be your responsibility to pay tuition by the deadline.** A check or money order to cover the amount of tuition due should be mailed to the BYU Cashiers' Office, D-148 ASB, PO Box 21128, Provo, UT 84602-1128. Also, a drop box is provided in D-148 Abraham O. Smoot Administration Building for all students on campus. Do not use campus Mail. **Students who fail to meet the tuition deadline will be assessed a $25 late fee.** The last day to pay tuition late is Wednesday, May 10, 1995.

Tuition assessment is based on anticipated full-time enrollment of 4.5 credit hours or more for a term (8.5 credit hours or more for a semester). The Federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 6 credit hours or more for spring term. Federal Pell Grant recipients who enroll for less than this receive a partial Federal Pell Grant and must pay the difference between the advanced grant and their tuition charge by the deadline to avoid the late tuition fee. **If you are a part-time student, pay only for the hours you expect to take.**

Important notice: If you fail to meet the tuition deadline, you will be assessed a $25 late fee. You will be assessed a late tuition fee if you pay less than full-time tuition by April 24 and are then enrolled or later become enrolled for more than 4 credit hours. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

DISCONTINUANCE (dropping all classes for the term)

WHAT TO DO BEFORE CLASSES BEGIN
Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop all your classes before the day school begins to avoid tuition charges. If you do not drop your classes, they will remain on your record and **you will be charged tuition.** Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions [79*953#] on page 2) until midnight of the day before classes begin.

WHAT TO DO AFTER CLASSES BEGIN
On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. Tuition will be charged starting the first day of class to the date of discontinuance at the percentage rate listed in the Tuition and Fees section.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office.

TO REGISTER OR MAKE CLASS CHANGES AFTER SCHOOL BEGINS

Add/Drop cards may be obtained beginning the first day of class from the Smith Family Living Center (SFLC), college advisement centers, and the Registration Office. The card must be returned to the SFLC step-down area between 8:00 a.m. and 5:00 p.m. during the first six class days.

ADDING: **May 3–May 10**

You may add classes the first six days of a term. Some classes may be added the first three days using the Touch-tone telephone or AIM systems. All other classes require an add card with the instructor's signature. This class schedule indicates telephone/AIM registration with a **T** and an add card needing the instructor's signature with an **S**. If you wish to audit a class, see the following page.

DROPPING: **May 3–May 4**

All drops can be done using the Touch-tone telephone or AIM terminals the first two days of the term. There is no drop fee during these two days.

May 5–May 10 (without a W)

All drops must be done on an add/drop card. No instructor's signature is required to drop a class.
Drop fees begin the third class day (May 5) at $3 per class and increase $1 each day until the total reaches a maximum of $6 per class on the sixth class day (May 10).

May 11–May 19 (with a W)

Students may drop a class until May 19. They will be charged $6 per class and will receive a W. Drop cards must be submitted to the Registration Office, B-130 ASB.

Additional Registration Information

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a term). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the third and eighth weeks, include the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 or fewer hours during a term are considered part-time. Students enrolled in 4 or fewer credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to the Graduate Education section of this class schedule. Contact the Records Office, B-150 ASB, for enrollment verification.

Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

Independent Study Programs

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is $72 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase, "Offered by Independent Study." For further information and a free catalog, contact the Independent Study Office, 206 HCEB, or telephone (801) 378-2868.

Note: Independent Study courses do not apply toward a **BYU graduate** degree.

Help for New Students

Organize Your Registration Materials

BYU Undergraduate Catalog or BYU Graduate Studies Catalog
The BYU Undergraduate Catalog includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Catalog describes graduate courses and programs. Both catalogs can be purchased at the BYU Bookstore for $5.00 each. To receive either of these catalogs by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. Catalogs mailed second class cost $6.50 each (subject to change), and those mailed first class cost $10.00 each. These prices include postage and handling. VISA, MasterCard, check, or money order is accepted in payment.

Class Schedule
The Spring/Summer 1995 Class Schedule includes registration instructions, information to assist in selecting classes, and a list of classes by department. New students are mailed a current class schedule after admission. Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. The cost, which includes first-class postage and handling, is $3.50. VISA, MasterCard, check, or money order is accepted in payment.

Registration Work Sheet
This work sheet is found on page 3 of this class schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

List of Required Classes
To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU Undergraduate Catalog, contact their advisement center, or refer to the General Education for Undergraduates section of this class schedule. Graduate students can refer to the BYU Graduate Catalog, their academic department, or their advisor.

Student Development Elective Courses
Elective credit classes designed to assist new students in their career, academic, and personal progress are available through Student Development course work. Classes are listed under Student Development (StDev) in the class list.

Questions/Answers for New Undergraduate Students

What is a credit hour?
A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

What is General Education (GE) for undergraduates?
The General Education Program for undergraduates at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

What is a major?
A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

How do I request classes?
Students request classes using either a Touch-tone telephone or Academic Information Management (AIM). You should complete the Touch-tone Telephone Instructions and have alternate sections available so that you can submit additional requests by phone if the class is full. AIM can be accessed at a variety of locations around campus. Look for the AIM posters or contact your advisement center for more information.

Which classes should I select?
A guide for selecting classes is found on the following pages.

Selecting Classes—Freshman Year

Use the registration work sheet on page 3 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl 115). You may be able to take it the next semester.

1. Select one or two university-required classes:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 421	Book of Mormon (for returned missionaries)	2
PE 129	Fitness for Living	0.5
Hlth 129	Health and Lifestyle Management	1
Physical education elective	Varies	0.5

2. Select an appropriate English and math* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
HonP 200	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 97*	Intermediate Algebra (ACT math score 18–21 is prerequisite; this is a no-credit, extra-fee class)	0
Math 110*	College Algebra (ACT math score 22 or above plus two years of high school algebra is prerequisite)	3
Math 112*	Calculus 1 (ACT math score 27 or above plus four years of high school mathematics including precalculus is prerequisite)	4
Math 119*	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education Mathematics option.

3. Start work in a foreign language (see page 89).
If you want to pursue the Foreign Language option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses.

4. Select one or two courses from the following General Education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, the College of Education, or the College of Engineering and Technology.

Final Examination Policy Spring Term 1995

Final examinations will be given at the times shown in the schedule below. Examinations are not given early. The examination period is preceded by a reading day, which gives time for conscientious review, study, and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; students must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent a student from taking an examination at the scheduled time, that student is responsible to inform the class instructor as soon as possible. The instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless the student and instructor together prepare a contractual agreement.

In cases where a student has conflicting examinations or *more than* three examinations on one day, individual arrangements for alternative test times may be made by the instructor.

Examinations will be held Thursday and Friday, June 22 and 23, with a reading day on Wednesday, June 21; therefore, Tuesday, June 20, 1995, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 378-6557, for day classes. For evening classes, contact the Evening Classes Office, 120 HCEB, telephone (801) 378-6258.

Final exams for day and evening (section 400) classes beginning at 5:00 p.m. or later will be conducted on the last class period as follows: Wednesday, June 14; Thursday, June 15; Friday, June 16; Monday, June 19; and Tuesday, June 20.

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour.** For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

How to Obtain a Fall 1995 Class Schedule

Newly admitted students are sent a free copy of the current class schedule for the semester or term to which they are admitted. For every enrollment thereafter, a student must purchase a copy.

The bottom of this page is an order form with instructions on how to obtain a Fall 1995 Class Schedule (available beginning April 1, 1995).

Just a reminder—you must register for classes in the term or semester for which you are admitted (i.e., spring 1995 or summer 1995) or you will not be permitted to attend fall semester 1995.

BYU Registration Office, B-130 ASB, PO Box 21114, Provo, Ut 84602-1114. Telephone (801) 378-2824

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Refer to Tuition and Fees Information on the calendar in this class schedule.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to attend must officially withdraw from classes since registration will remain on their record until formal discontinuance is filed with the Discontinuance Office, B-150 ASB, telephone (801) 378-7705. Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions) until midnight of the day before classes begin. On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. If you do not drop your classes, they will remain on your records and **you will be charged tuition**. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed on the following page.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Federal Pell Grant or Federal Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition purposes) are those students who have received their bachelor's degree or will have received it by the beginning of winter semester and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.

Tuition and General Fees Per Semester

Undergraduate Students	**LDS**	**Non-LDS**
Full-time (4.5 or more credit hours)	$ 400	$ 600
Part-time (per credit hour)	$ 80	$ 120
Graduate Students		
Full-time (4.5 or more credit hours)	$ 685	$1,027
Part-time (per credit hour)	$ 152	$ 228

Graduate School of Management Students and Law School Students	**LDS**	**Non-LDS**
Full-time (4.5 or more credit hours)	$1,100	$1,650
Part-time (per credit hour)	$ 244	$ 366

A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. Minimum tuition is the one-credit-hour rate. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee

After 4:00 p.m. April 24 for spring term $25
After 4:00 p.m. June 15 for summer term $25

Late tuition fees will be assessed to all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time tuition by the April 24 or June 15 deadline and are

then or later become registered for more than 4 credit hours.

The Final Day to Pay Late Tuition

Spring term	May 10
Summer term	July 3

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed.

Tuition Adjustments—Change in Credit Hours
After the term begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added**. If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151 ASB. A full refund of the difference between full-time assessment and part-time assessment will be allowed to the last scheduled day for adding classes. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/ Charges—Discontinuance.

Tuition Refunds/Charges—Discontinuance
Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, telephone (801) 378-7705. The following rates apply:

Spring Term	Tuition Charged	Refund Of Tuition Paid
Before May 3	None	100%
May 3–May 5	10%	90%
May 8–May 12	15%	85%
May 15–May 19	20%	80%
May 22–May 26	25%	75%
May 29–June 2	30%	70%
After June 2	100%	None

Summer Term	Tuition Charged	Refund Of Tuition Paid
Before June 26	None	100%
June 26–June 30	10%	90%
July 3–July 7	15%	85%
July 10–July 14	20%	80%
July 17–July 21	25%	75%
July 24–July 28	30%	70%
After July 28	100%	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of personal medical incapacitation after the 85 percent refund period. Petition forms are in D-208 ASB.

A refund due because of discontinuance from school will be made only by check through the mail. It will be mailed approximately two weeks from the date of **discontinuance.** Refunds due to students who have a Federal Pell Grant or Federal Stafford Loan will be returned to the Pell agency and/or the lending agency.

Late fees are not refundable.

Refunds for Class Fees
Class fee refunds are based on the same schedule as listed for tuition refunds.

Parking Fees and Information

Motor Vehicles

Parking permits are required to park on campus. To purchase a permit, bring the following to the Traffic Office (GRNH):

1. Current vehicle registration
2. Proof of emissions compliance. Vehicles registered in areas that do not have an emissions program meeting Utah County requirements will need to pass an emissions test. Contact the Traffic Office for further information, telephone (801) 378-3906.
3. BYU identification card
4. Copy of housing contract or room key (required only for a singles on-campus housing C permit)
5. Fee

Fees vary by permit and semester as follows:

Permit	*Fall*	*Winter*	*Spring/Summer*
G	$40	$25	N/A
Y	$15	$10	$ 5
R	$ 5	$ 5	$ 5
C	$ 7.50	$ 5	$ 3
Motorcycle/ Moped	$10	$ 8	$ 4

Parking permits expire September 15 of the succeeding year.

Out-of-State Plates

If a student is married and his or her spouse is a nonstudent employed full-time, then the vehicle must be licensed in the state of Utah and cleared for tax payment. This is done at the Utah Motor Vehicles Division, 150 East Center, Provo.

Faculty and staff employees with out-of-state plates must license their vehicles with the state of Utah and clear them for tax payment before they can receive their parking permits.

The state of Utah no longer requires nonresident permits for out-of-state license plates.

Bicycles
Bicycles must be licensed within Utah County. Provo city licenses cost $1 at the Traffic Office.

Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Locks, chains, or cables may be cut only when uniformed police or traffic personnel are present.

Other Regulations and Information
Owner/Operators of motor vehicles operated in Utah County should be prepared to pass Utah County Vehicle Emissions Inspection Maintenance requirements.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from the Traffic Office. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Traffic Office personnel at (801)378-3906.

Parking and Traffic Violation Fines . . . . . $10–$200

Records Fees
Search fee (duplicate receipt) $1
Transcript fee (per copy—pay at Records Office) $2

Health Insurance Requirement
BYU requires all full-time students (4.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed form to BYU by the tuition deadline will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance payment is due by the first day of classes.

Debt Collection Fees
Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. The student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript and before being considered for readmission.

General Education for Undergraduates

Why General Education?
General Education is central to the university's purposes, definition, and academic commitments. In an age of increasing specialization of knowledge, technological complexity, and unremitting change, General Education affords appreciation and understanding of humankind's most valuable achievements in the arts, letters, and sciences. It offers vantage points from which to sharpen our awareness of the development of our own culture and its relatedness to others. It informs us more richly of how we have come to think and believe and behave as we do.

General Education teaches us the importance of critical thinking, moral judgment, aesthetic sensibility, and historical context. These refinements, together with the cultivation of the languages of learning—mathematics, English, and foreign languages—enable us for a lifetime of learning, problem solving, and responsible, others-focused action. We gain in appreciation for the good, the true, and the beautiful and in the capacity to share these with others.

At BYU, General Education both underpins and complements major education. The curriculum of General Education is designed to inform students of how we have come to the present state of knowledge and to enhance our awareness of the methodological and cognitive constraints on the pursuit of truth. In addition, given BYU's concern that the development of individuals be eternal, General Education means continued inquiry into the gospel of Jesus Christ and its implications for knowledge, society, and truth.

What Are the General Education Requirements?
First of all, the General Education requirements are not the same as those called university requirements. The following eleven courses in religion, physical education, and health compose the university requirements:

University Requirements for the Bachelor's Degree

Religion	***Number of Courses***
RelA 121–122 or 421–422	2
RelA 211 or 212	1
RelC 324 or 325	1
Electives	3

In general, only 2 credit hours of religion should be taken each semester or term; if you register for more than 2 credit hours in a single semester, **no more than 4 credit hours taken in any single semester will be counted toward graduation requirements.**

Physical Education	***Number of Courses***
PE 129	1
Electives (100 level)	2
Health	
Hlth 129 or 130	1

Computer skills (especially word processing) are also important academic skills. To develop these abilities, you may (a) work on your own, (b) take computer workshops in 112 HRCB, or (c) take a noncredit course like Ling 98.

General Education Requirements for the Bachelor's Degree

Note that certain modifications are required of degree-seeking students in fine arts, engineering, music, and nursing. See college advisement centers for specific information.

General Education Requirements for Students Enrolled Before Fall 1988

Students who first entered BYU as new freshmen before winter semester 1976, or as new transfer students before winter semester 1977, entered under a General Education program that was discontinued as of fall semester 1988. These students must complete the requirements listed above.

Students who first entered BYU as new freshmen winter semester 1976 and thereafter through summer term 1988, or as new transfer students beginning winter semester 1977 through summer term 1991, will be required to fulfill either the requirements previously listed or those listed below. Those who elect the requirements listed above should notify their college advisement centers. Students completing the requirements listed below must do so before fall semester 1995.

Languages of Learning	***Number of Courses***
First-Year Writing	1
Precollege Mathematics	1
Mathematics or Foreign Language	1–4

To meet elective requirements, a student may not take more than one class from any single department.

How Should You Choose General Education Classes?
An undergraduate degree signifies that the recipient has completed at least two types of study: concentrated work in a single discipline (the major), and a more general education in the subject matters and methods of commonly accepted categories of knowledge. The second, broader study is intended to complement the study in the major.

It is wise to meet the GE requirements by selecting courses that your major will not lead you to confront. Choose your GE courses as if each were your only opportunity to learn about subjects that you might want to know more about once you have left the university. Your GE courses should give you the necessary background to learn more about a subject on your own.

Pilot General Education Courses
Occasionally some General Education courses are offered that differ in substantive ways from the regular course offerings approved for GE credit. For example, they may be taught in the residence halls, they may be colloquia with more than one instructor, or they may be experimental courses to be offered on a trial basis. The number and nature of these courses will vary from semester to semester; current listings may be found under the heading of General Education in the course listing section of this class schedule. The course number includes the designation GE and the number itself indicates the type of elective credit that the course carries. For example, a course designated GE 210 would satisfy an Arts and Letters elective and one numbered GE 222 would count as a Social and Behavioral Science elective.

Is There an Honors Version of General Education?
Yes. An enriched General Education curriculum designed to challenge the highly capable and motivated student is available. Honors courses are designated throughout this schedule by an H following the course number. Further information about Honors Education, including a complete list of Honors courses, is provided in the University Honors for Undergraduates section of this schedule and is also available from the dean of General and Honors Education, 302 MSRB, telephone (801) 378-3038.

When Should General Education Requirements Be Completed?
Students are most strongly encouraged to complete the First-Year Writing and Precollege Mathematics requirements during their first year at the university. *Any student who challenges the First-Year Writing requirement by examination (see Special Examinations, page 31) must complete the challenge within a year of residence after entering BYU. No challenge will be allowed thereafter.*

Students in most majors are encouraged to complete the American Heritage, Biological Science, and Physical Science requirements during their freshman year as well. The History of Civilization sequence generally should be taken during the sophomore year. However, some programs provide for these requirements under a different timetable. Advisement centers can provide direction concerning the timing for a specific program.

Any student who pursues the Mathematics option for the Languages of Learning requirement must complete Math 110 before enrolling in a subsequent course in mathematics or statistics.

The Advanced Writing requirement generally should be completed during the junior year. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course that fills the Advanced Writing requirement.

How Do You Complete the General Education Requirements?
GE requirements can be met in four ways:
1. Successfully completing approved GE courses, including Honors courses.
2. Passing special examinations at the university.
3. Transferring acceptable credit from other institutions.
4. Receiving credit from Advanced Placement (AP) examinations and the College Level Examination Program (CLEP).

These options are discussed in detail on the following pages.

General Education Courses for Undergraduates

You are strongly encouraged to meet the GE requirements by enrolling in departmental or Honors courses at the university. As noted earlier, General Education is at the center of what Brigham Young University is about. As a consequence, the university devotes substantial resources and engages its best faculty in providing this educational opportunity for you.

The official list of all courses that satisfy current GE requirements follows. In addition, a GE code appears within the class list in this class schedule. The codes identify all GE courses, both required and elective. Definitions of these codes are listed on the Class List Definitions page.

Honors courses are recommended for students with a composite ACT score of 28 or above or a cumulative university GPA of 3.5 or above.

Languages of Learning

First-Year Writing — Engl 115 or HonP 200 or Phil 105, 105H
(One course. This should be taken during your freshman year.)

Transfer Students: If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Department for details.

We **strongly** encourage you to take a First-Year Writing course (Engl 115, HonP 200, or Phil 105) even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education.

Precollege Mathematics — Math 97, 110, 111, 112, 112H, 113, 113H, or 119
(One course. This should be taken during your freshman year.) See course suggestions for freshmen and for transfer students below. If you are uncertain about which course to register for, contact your college advisement center.

Freshmen: You should register for the appropriate mathematics course according to your ACT mathematics subscore, as shown in the following chart:

ACT Math Subscore	*Precollege Mathematics*
22 or above	Requirement is waived, but no credit is given for any course.
20–21	Challenge or enroll in Math 97.
19 or below	Register for Math 97. Note: Math 97 is a noncredit course requiring an additional fee.

Transfer Students: You may satisfy the requirement by (1) submitting your ACT mathematics subscore if it is 22 or above, (2) passing any one of the BYU mathematics courses listed above, or (3) submitting equivalent mathematics transfer credit to Admissions and Records, A-153 ASB.

Advanced Writing

(One course. This should be taken during your junior year; see your college advisement center for the course recommended for your major. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course in Advanced Writing.) — Art 300; Chem 391; Engl 311, 311H, 312, 312H, 313, 315, 315H, 316, 316H; MCom 320; Phil 311,311H; or HonP 300

Requirement in Mathematics *or* Foreign Language

To fill this requirement, students may choose either the Mathematics or the Foreign Language option. The requirement may be filled by courses within the student's major. Certain majors require students to fill all of one option and all or part of the other as well. Students who entered the university before fall 1994 and who intend to graduate with University Honors must complete *both* options. Students who are entering the university this semester and wish to graduate with University Honors have slightly different requirements that are detailed in the section describing the Honors Program.

Mathematics Option

The Mathematics option requires one or more semesters of college-level mathematics *beyond* either college algebra (Math 110) or introductory logic (Phil 205). Approved courses are:

Math 112, 112H, 113, 113H, or 119
(Math 110 is prerequisite)
Phil 305 (Phil 205 is prerequisite)
Stat 221, 222, 222H, or 321 (Math 110 is prerequisite)

Foreign Language Option

A student who chooses to fill the Foreign Language option builds on high school, college, or other prior study of foreign language, through which a certain level

of competence in the language has been attained. Further study adds to that competence and allows the student to use the language meaningfully to access another major historical, cultural, intellectual, literary, and artistic heritage. Students fill the requirement by completing one of the approved culminating courses in the language that is chosen. A student with no previous knowledge of the language would take the culminating course after taking three semesters of instruction in the language. Students with prior knowledge of the language might be ready for the culminating course with only one or two semesters of instruction, or with none. Conversation and grammar courses will not substitute for the culminating course. Approved courses are:

The Humanities Research Center administers proficiency examinations in less commonly taught languages such as those listed below. Students who independently prepare themselves to pass such an examination subsequently enroll in Anthr 420. Working with cultural anthropology and linguistics faculty in this culminating course, students use their demonstrated language abilities to conduct an ethnographic interview project studying cross-cultural matters specific to their language. After successful completion of the proficiency examination and the foreign language section of Anthr 420, students will be responsible for having the Foreign Language credit posted to their transcripts. This can be accomplished at the college advisement center. Contact the Humanities Research Center, 3060 JKHB, or the General and Honors Education Office, 302 MSRB, for further information.

Nonnative speakers of the English language may fulfill this requirement through Engl 230, 232, or Hum 261. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue. Please contact your college advisement center for more information.

Arts and Sciences Core Courses

Most students should take the core courses in American Heritage, Biological Science, and Physical Science during the freshman year and the History of Civilization sequence during the sophomore year.

American Heritage

AHtg 100, 100H, or HonP 240	American Heritage

Biological Science

Biol 100, 100H, 130, McBio 130, or HonP 260	Principles of Biology

Physical Science

PhyS 100, 100H, PhyS 110A *and* 110B, or HonP 259	Physical Science

History of Civilization

Complete one of the following two-course sequences:

Art

Art 201, 202; 201H, 202H	World Civilization to 1500, World Civilization Since 1500

Comparative Literature

CLit/Engl 201, 202; 201H, 202H	History of Civilization: Literature 1, 2

English

Engl/CLit 201, 202; 201H, 202H	Masterpieces of World Literature 1, 2

History

Hist 201, 202; 201H, 202H	World Civilization to 1500, World Civilization Since 1500

Honors

HonP 201, 202	History of Civilization 1,2

Humanities

Hum 201, 202; 201H, 202H	Arts in Western Culture 1,2

Music

Music 201, 202	History of Civilization: Music 1, 2

Philosophy

Phil 201, 202; 201H, 202H	History of Philosophy 1, 2
Phil 210, 211; 210H, 211H	Science of Civilization 1,2

Political Science	
PISc 201, 202; 201H, 202H	Western Political Heritage 1, 2

Students must complete one of the History of Civilization sequences listed above. If the discontinuation of a certain sequence during an extended absence from the university makes a change in the second course unavoidable, students should consult with their advisement center for assistance in identifying an appropriate alternative.

Arts and Sciences Elective Courses

The following restrictions to the electives apply *only* to new students entering fall 1988 and thereafter or transfer students entering fall 1991 and thereafter. To meet elective requirements on the program in effect prior to 1988, a student may *not* take more than one class from any single department.

1. No more than one course taken in the broad area of the student's major will meet the electives requirement. That is, majors in the College of Fine Arts and Communications or the College of Humanities may take only one elective in Arts and Letters. Majors in the College of Biology and Agriculture, the College of Engineering and Technology, the College of Nursing, or the College of Physical and Mathematical Sciences may take only one elective in Natural Sciences. Majors in the College of Family, Home, and Social Sciences may take only one elective in Social and Behavioral Sciences. Majors in the Marriott School of Management, the College of Education, or the College of Physical Education must distribute the four electives over all three of the categories.

   Students may choose not to take any elective course in the broad area of the major but to fulfill the elective requirement by completing two approved courses in each of the two categories outside the area of the major.

   A minimum of one elective in each of the categories outside the broad area of the major is required. For example, a major in the College of Family, Home, and Social Sciences must take at least one Arts and Sciences elective and one Natural Sciences elective to fill the GE requirements.

2. Students who elect to complete *both* the Mathematics and the Foreign Language options are excused from one of the four Arts and Sciences elective requirements. However, they are subject to restriction 1 above and should complete the electives requirement by selecting courses in each of the remaining categories outside the broad area of the major.

Arts and Letters Electives

In addition to the courses listed below, courses numbered GE 203-220, HonP 203–220, GE 303–320, or HonP 303–320 will fill an Arts and Letters elective.

Art	
Art 100 *plus* one of the following: Art 103, 104, 105, 106, 107, 108. Arts and Letters credit will be given for this course *only* if Art 100 has been taken prior to or concurrently with the studio course. Students will be responsible for having the Arts and Letters credit posted to their transcripts after completing the combination of courses. This can be accomplished at the college advisement center. Art 100 is not offered summer term.	Introduction to Art

Special Examinations

Examinations for some General Education classes and the university health requirement are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	Center Open	*Exams Collected*	*Center Vacated*
Mon–Fri	8:00 a.m.	9:00 p.m.	9:30 p.m.
Sat	9:00 a.m.	12:30 p.m.	1:00 p.m.

Note: You can retake an examination (except Hlth 129) only after seven days of further preparation and during the posted exam period.

Exemption Examinations: No Credit or Grade

Exemption examinations are given in the Testing Center for three GE requirements—First-Year Writing, Precollege Mathematics, and Physical Science 100—on the dates given below. Fees are required for the examinations. A passing grade on an examination means that the student's Advisement By Computer (ABC) Form will reflect the completion of the GE requirement. However, no academic credit will be posted on the transcript of grades unless it is requested by submitting the proper form to the Records Office, B-150 ASB.

All first-semester/term students may take the exemption examinations for First-Year Writing and Precollege Mathematics free of charge one time. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

Precollege Mathematics (Mathematics 97)
Spring: April 27–May 4
Summer: June 20–June 28

Students who take the exemption examination for Mathematics 97 to meet the Precollege Mathematics requirement do not have the option of requesting academic credit since the course carries no credit.

First-Year Writing (English 115)
Spring: April 27–May 9
Summer: June 20–June 30

Note: Students wishing to take the exemption examination for First-Year Writing must contact the English Composition Office, 3110 JKHB, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, students will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of their writing to the English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption examination for First-Year Writing have the option of requesting academic credit and having the grade posted on the transcript of grades.

(See the Special Examinations for Graded Credit section following for instructions regarding the procedure for requesting academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the First-Year Writing exemption examination.

Physical Science (Physical Science 100)
Spring: April 27–May 9
Summer: June 20–June 30

To receive an exemption from Physical Science 100, students must receive a grade of B– or better. However, students who receive grades of C– or above may request the academic grade and have the grade posted to their transcript. (See the Special Examinations for Graded Credit section following for instructions regarding the procedure for requesting academic credit.)

An exemption examination is also allowed for the university requirement Health 129.

Health (Health 129)
Spring: April 27–May 4
Summer: June 20–June 30

Students may take the examination one time only. Successfully passing it will complete the health requirement with a P grade worth 1 credit hour. The examination is offered each semester and term during the posted testing period. If you fail the exam, you must complete Health 129 or 130.

Special Examinations for Graded Credit

Special examinations for graded credit are referred to as "challenge examinations" and must be arranged through the Testing Center or the department offering the examination. A $20 fee is required for challenge examinations offered through individual departments. A $10 fee is charged for examinations offered in the Testing Center. In addition to this fee, students must request academic credit by submitting the proper form to the Records Office, B-150 ASB.

Challenge examinations for three GE courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however, if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and *must* do so before the official university drop deadline. For information on special examinations for First-Year Writing, students should consult the English Composition Office, 3110 JKHB.

Challenge examinations are given on the following dates:

Advanced Writing, Tests 1 and 2
Spring: April 27–May 9
Summer: June 20–June 28

Note: The Advanced Writing examination has three parts. The first part includes two tests given in the Testing Center. However, before taking these tests, a student should contact the English Composition Office, 3110 JKHB, for specific instructions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional $40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **Students cannot challenge the Advanced Writing requirement in the semester in which they intend to graduate.**

American Heritage (American Heritage 100)
Spring: April 27–May 9
Summer: June 20–June 30

Biological Science (Biology 100)
Spring: April 27–May 9
Summer: June 20–June 28

The procedures for challenging General Education courses are as follows:

I. For Examinations Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Go to the Testing Center on one of the scheduled examination dates.
      2. Pay the required fee at the Testing Center.
      3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the First-Year Writing examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
      4. Present the completed form to the Records Office, B-150 ASB. The form must be submitted to the Records Office during the semester/term in which the examination is passed.
   B. *If enrolled in the course*, you *must* also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

II. For Examinations *Not* Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Contact the department that offers the course during the first two weeks of the semester.
      2. Complete the Special Examination Form available from the department.
      3. Arrange to take the examination.
      4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, and have the form validated there.
      5. Present the validated form to the departmental examiner.
      6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
      7. Present the completed form to the Records Office, B-150 ASB. The form must be submitted within one year after completing the examination.
   B. *If enrolled in the course*, you must also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

Transfer Credit and Credit from Advanced Placement and the College Level Examination Program

Transfer Credit
The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, B-238 ASB. Articulation agreements have been reached with several junior and community colleges to facilitate that transfer process for students who have completed certain associate degrees. The Transfer Evaluation Office can be contacted for up-to-date information regarding the status of those agreements with a particular junior or community college.

Advanced Placement Credit
The results of some Advanced Placement (AP) exams may be used to waive certain GE requirements and to obtain general university credit. AP credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. The Admissions Office, A-183 ASB, telephone (801) 378-2507, can be contacted for details regarding credit hours and exemption from GE requirements for AP exams.

College Level Examination Program
BYU will grant credit for the College Level Examination Program (CLEP). For each general examination on which a student scores 610 or higher, the university will grant 3.0 hours of credit. Students can contact the Admissions Office for additional information.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning General Education is found in the current BYU Undergraduate Catalog. Sources of additional information include the following:

1. **College Advisement Centers.**
   The recommended source of information and advice about General Education requirements is the college advisement center. These centers, together with the Open Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers and other locations on campus to provide you with an up-to-date report of your academic status. In addition, Advisement by Computer (ABC) Forms are sent to you early each semester. These list the GE courses you have completed and also the GE requirements that remain to be completed.

2. **Dean of General and Honors Education.**
   Questions dealing with General Education are handled in 350 MSRB, telephone (801) 378-6137.

University Honors for Undergraduates

University Honors at Graduation
"University Honors" is a distinction awarded to all baccalaureate recipients of BYU who have met the Honors requirements in General Education as described below. This prestigious designation is recorded on the official transcript of grades and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

University Honors with Honors in a Major
Certain departments have established Honors majors that build on the foundation of the Honors requirements in General Education. Students majoring in these departments who meet the requirements for graduation with University Honors have the additional option of meeting the requirements of the Honors major and graduating with "Honors in [a certain major]." For example, a student may graduate with "University Honors and Honors in Chemistry." (Note, however, that it is not possible to graduate with Honors in chemistry unless one also satisfies the requirement for graduation with University Honors as well.) For the name of the Honors advisor in a certain department, consult the University Honors Program Course Guide or contact the departmental office. Honors majors can be completed in art history, chemistry, communications, comparative literature, economics, electrical engineering, English, French, Italian, geology, German, history, humanities, mathematics, mechanical engineering, microbiology, molecular biology, music, philosophy, physics, Russian, Spanish, Portuguese, statistics, studio art, and zoology.

Participation in Honors
Honors Education provides an unusually rich and challenging experience for capable and motivated undergraduate students. Honors Education is not merely a more intensive General Education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their General Education, as well as an intensive experience in their major.

To graduate from BYU, undergraduate students must meet not only the requirements of a major department, but also the requirements of General Education, religion, and physical education. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy General Education and Religious Education requirements through Honors. Although it is hoped that students will choose to complete all the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students. However, to graduate in the Honors program, you must fill out a formal commitment of intent to (1) graduate with University Honors, (2) register for at least one Honors course each semester of the first two years in the program, and (3) maintain a grade-point average near the 3.5 required for graduation with University Honors. Commitment forms may be obtained in 350 MSRB. Indicators of "capable" include a composite ACT score of 28 or above, a high school GPA of 3.7 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge a student's ability from scores alone. Such scores may not say much about important inner qualities like determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek.

The Advantages of Honors

Faculty
The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

Curriculum
Honors offers a curriculum core consisting of a two-semester sequence in the History of Civilization and an intensive writing course. Beyond this core, Honors colloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

Honors Colloquia. Each semester Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia include "Turning Points in the History of Civilization," "Use and Misuse of Human and Natural Resources," "Education as a Moral Endeavor," "The Daedalus Project," "Texts of Influence on the Jewish and Christian Religious Heritages," "Shaping the Modern Mind," and "Jerusalem: Past, Present, and Future."

The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately fifty students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

Honors Seminars. A number of Honors seminars are also offered each semester. They range across subjects as diverse as "Women's Issues in the Natural Sciences," "Health and Disease in History," "The Literature of Pilgrimage," and "Bioethics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. But unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

Departmental Honors Sections. Departments within the university offer courses intended for Honors students that are taught by their strongest faculty. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

Honors Housing, the Honors Center, and Special Honors Activities
Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall and a commons room for informal meetings and discussion. An Honors computer room and an Honors writing laboratory are housed nearby in the Heber J. Grant Building.

Honors publishes the scholarly work of students in *Insight*, an intellectual journal with an all-student staff. A special series of concerts, dramatic productions, and exhibitions of art and photography are sponsored by Honors in the Maeser Building, and assistance with academic advisement is provided by Honors student aides.

Graduation with University Honors
Scheme 1

(For students who enter the university fall 1994 or thereafter.)

To graduate with University Honors, a new entering student must accomplish the following:

1. **Honors course work.**
   a. Complete two Honors History of Civilization courses.
   b. Complete an Honors 200 Intensive Writing course. However, students who have received a score of 5 on the English Language and Composition advanced placement examination may petition for a waiver in 350 MSRB.
   c. Students with fewer than 64 credit hours complete two Honors religion courses. Students entering with more than 64 hours complete one Honors religion course.
   d. Complete three other Honors course electives.
   e. During each of the first four semesters at BYU, register for at least one Honors course. In addition, students are expected to maintain a grade point average near the 3.5 required for graduation with University Honors; failure to do so may disqualify a student from the program.
2. **Other Honors course work.** Complete at least two semesters of a foreign language and complete the

General Education mathematics requirement in one of the following ways:

a. College Algebra (Math 110) **and** Math 112, 112H, 113, 113H, or 119.
b. College Algebra (Math 110) **and** Stat 221, 222, 22H, or 321.
c. Introductory Logic (Phil 205) **and** Phil 305.

3. ***Great Works of Literature, Art, and Film.*** Complete an independent study of a number of important works of literature and the arts. *Great Works of Literature, Art, and Film* (a reading, listening, and viewing guide published by the Honors Program) provides suggestions, but alternative works may also meet the requirement, subject to approval by the Honors deans. Students are expected to include in their readings some non-Western writings and some works of (1) social science and (2) mathematics, physical and biological science, and technology. A film category is also included. Competency will be reviewed at the junior year exit interview. (This list is available in 350 Maeser Building.)
4. **Honors thesis/Capstone experience.** Complete an Honors thesis/capstone project, working closely with a faculty member on a project of the student's choosing in her or his major. The thesis/capstone project represents independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.
5. **Student portfolio.** Maintain a student portfolio, a representative collection of one's best academic work over the undergraduate years. The portfolio reflects a personal journey and will be reviewed at the junior year interview.
6. **Service experience.** Write a one-page summary of one's most memorable service experience while a student at BYU. It should indicate why the experience was personally significant and how it figures in plans for community service following the university years. This summary will be reviewed at the junior year exit interview.
7. **Grade point average.** Have a cumulative 3.5 GPA at graduation.
8. **Honors graduation application.** Apply for graduation with University Honors at the Honors Office.
9. **Exit interview.**
   a. **Junior year:** Complete an exit interview with an Honors dean to discuss the *Great Works of Literature, Art, and Film* list and to review one's portfolio and service to the community.
   b. **Senior year:** Complete an exit interview with an Honors dean, a faculty thesis/capstone project advisor(s), and a faculty referee from the major department.

Graduation with University Honors
Scheme 2

(For students who entered **before** fall 1994.)

To graduate with University Honors, a student must accomplish the following:

1. **Honors course work.** Complete a course in Intensive Writing, the Honors two-semester sequence in History of Civilization, and three or more Honors electives from General Education categories, two of which must be in areas outside one's major. (Religion courses do not count toward this requirement.)
2. **Advanced mathematics.** Achieve a proficiency in mathematics to the level of the General Education requirement (calculus, statistics, or formal logic).
3. **Foreign language.** Achieve a proficiency in any classical or modern language to the level of the General Education requirement (generally to the level of the fourth college semester).
4. ***Great Works of Literature, Art, and Film.*** Complete an independent study of a number of important works of literature and the arts. *Great Works of Literature, Art, and Film* (a reading, listening, and viewing guide published by the Honors Program) provides suggestions, but alternative works may also meet the requirement, subject to approval by the Honors deans. Students are expected to include in their readings some non-Western writings and some works of (1) social science and (2) mathematics, physical and biological science, and technology. A film category is also included. Competency will be reviewed at the junior year exit interview. (This list is available in 350 Maeser Building.)
5. **Honors thesis/Capstone experience.** Complete an Honors thesis/capstone project, working closely with a faculty member on a project of the student's choosing in her or his major. The thesis/capstone project represents independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.
6. **Student portfolio.** Maintain a student portfolio, a representative collection of one's best academic work over the undergraduate years. The portfolio reflects a personal journey and will be reviewed at the junior year exit interview.
7. **Service experience.** Write a one-page summary of one's most memorable service experience while a student at BYU. It should indicate why the experience was personally significant and how it figures in plans for community service following the university years. This summary will be reviewed at the junior year exit interview.

8. **Grade point average.** Have a cumulative 3.5 GPA at graduation.
9. **Honors graduation application.** Apply for graduation with University Honors at the Honors Office.
10. **Exit Interview.**
    a. **Junior year:** Complete an exit interview with an Honors dean to discuss the *Great Works of Literature, Art, and Film list* and to review one's portfolio and service to the community.
    b. **Senior year:** Complete an exit interview with an Honors dean, a faculty thesis/capstone project advisor(s), and a faculty referee from the major department.

Further details of the Honors curriculum and graduation requirements appear in the University Honors Program Course Guide, which is available each semester in 350 MSRB.

Great Works of Literature, Art, and Film

As part of their undergraduate work, Honors students are expected to complete an independent study of a number of the most important works of literature and the arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement subject to approval by the Honors deans. Students will be expected to include in their readings some non-Western writings and some works of (1) social science and (2) mathematics, physical and biological science, and technology. A film category is also included. An interview on the list will take place during the junior year.

Many of the works will likely be studied in connection with courses, but Honors also sponsors a series of "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list and is led by professors who are authorities on the subject. The modules may be audited. However, 1 credit hour may be earned by attending three months of modules and by registering for Honors 214R, section 1 for literature and section 2 for music. (No General Education credit is awarded for this course.)

Honors Thesis/Capstone Experience

To graduate with University Honors, a student must complete an Honors thesis/capstone project. This requirement provides an opportunity for a student to work closely with a faculty member on a project of the student's choosing in the major. The thesis/capstone project represents an independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.

Honors Student Portfolio

The portfolio represents primarily a collection of the student's best academic work throughout his or her tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of the student's best writing, which may include class papers, exams, laboratory reports, etc. Depending on a student's major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork, lab reports, etc.). When submitted for examination at the junior year exit interview, the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of the student's undergraduate experience.
2. A one-page evaluation or assessment of the student's most memorable service experience while a student at BYU. Why or how was this experience formative for the student? How does the student plan to serve the larger community once he or she has left the university?
3. A current transcript.
4. A list of three faculty members who know the student and his or her work.
5. A *representative collection* of the student's best academic work that reflects his or her educational progression throughout the undergraduate years. In this collection, some correlation with item 1 is looked for.

Honors and Grades

Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

Course Descriptions

More detailed descriptions of the courses that follow are provided in the University Honors Program Course Guide. To obtain the course guide or further information about any part of the Honors Program, please contact the Honors Program Office, 350 MSRB, telephone (801) 378-3038.

Graduate Education

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires the student to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require students to integrate and understand the collective knowledge of their disciplines. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study
Application to graduate study is made through the Office of Graduate Studies, B-356 ASB. Except in a small number of integrated programs, the bachelor's degree is required before a student may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants must be admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. Prospective applicants should communicate their interests to the specific departments to which they wish to apply and receive program and admission information from them.

Advisement of Graduate Students
Once admitted to a department graduate program, students are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. General questions about university admissions, procedures, and graduation may be directed to the Office of Graduate Studies, where advisors work individually with students and departments in admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements
University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's study list. Except in professional programs, courses of study are tailored for individual students, and their progress through those courses is tracked by the Office of Graduate Studies and reported to the students and their department advisors three times a year.

Graduate Curriculum
Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements
Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs in the sciences limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, UW, NS, or I grades, nor audits or correspondence courses, may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours.

Academic Standards
Grade Point Average (GPA) Requirements. Graduate students whose graduate program (study list) GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students. Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements (study list submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their

professional performance (including quality of teaching and research).

Enrollment Verification
Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, telephone (801) 378-2631. Registration for a minimum of 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to the Office of Graduate Studies.

Campus Privileges for Graduate Students
Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels
With department approval, students who want to change from one degree level to another within a department and without interruption of enrollment can request the change by submitting to the Office of Graduate Studies a Request to Change Degree Level (Form 1C), paying the application fee, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, the Office of Graduate Studies will officially notify the student.

Changing Departments
To change departments, a student must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU
Graduate students who wish to withdraw from the university must initiate that process at the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.

Termination of Graduate Status
Termination of graduate status may result if a student:

1. Fails to fulfill the university's minimum registration requirement.
2. Fails to meet the degree time limit.
3. Makes a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receives a Marginal or Unsatisfactory rating in a periodic review by the academic department and is unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fails to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fails the departmental comprehensive examination.
7. Fails the final oral examination (defense of dissertation, thesis, or project).
8. Violates the university's Honor Code.

Academic Standards

A student's academic standing in the university is determined according to the grades that the student earns. The following outline shows the conditions and expectations according to the student's academic standing.

ACADEMIC STATUS	UNDER THESE CONDITIONS	EXPECTATIONS
Satisfactory Standing	Occurs when your most recent semester/term GPA and your BYU cumulative GPA are 2.0 or above.	Continue to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
WARNING	Occurs when your most recent semester/term GPA is below 2.0.	Contact the Academic Support Office for assistance.
WARNING *with* Registration Block	Occurs when your BYU cumulative GPA is below 2.0 and you have completed more than one semester/ term at BYU. OR Occurs when your semester/term GPA is below 1.0.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office.
PROBATION *with* Registration Block	Occurs when you have been on warning status and your next semester/term GPA is below 2.0. OR Occurs if at any previous time you have been on probation or suspension status at BYU and your semester/term GPA again is below 2.0. OR Occurs if your BYU cumulative GPA remains below 2.0 and you have been moved to probation status.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office. **Note:** If you are receiving university or federal financial aid, you must also contact the Financial Aid Office (A-41 ASB). Students on probation usually are not eligible for financial aid.
SUSPENSION	Occurs when you have been on probation status and your next semester/term GPA is below 2.0. OR Occurs when you fail to comply with the conditions prescribed by the Academic Support Office.	1. Suspended students are denied continued enrollment. If you are suspended and desire to return to BYU at some future point, you must qualify for readmission. If you wish to appeal your suspension, you must contact the Academic Support Office (151 SWKT). 2. If you have preregistered and/or paid any fees for a subsequent semester/term, you **MUST** withdraw (discontinue) and arrange for a tuition refund. Contact the Academic Support Office (151 SWKT) for assistance. 3. Suspension will be noted on your official BYU transcript.
DISMISSAL	Occurs when you are suspended a second time from the university.	Academic dismissal is noted on your official BYU transcript. You will need to seek other options to continue formal education.

NOTE: Registration blocks may also be set by college advisement centers (CACs) on students not progressing toward graduation in timely ways. In such cases, students must also meet with their CAC to have this block removed.

Brigham Young University Honor Code

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.

—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. This atmosphere is preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University are expected to demonstrate in daily living those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse.

Continuing Ecclesiastical Endorsement

Every enrolled, continuing student, including graduate students, is required each year to obtain a Continuing Ecclesiastical Endorsement by April 1, from his or her winter semester ecclesiastical leader. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from an ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT.

Requirements

Every student must abide by the Honor Code and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend church meetings, and abide by the rules and standards of the Church.

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth.*

- Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.
- A clean and well-cared-for appearance should be maintained. Hairstyles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

Nondiscrimination Policy

It is the policy of Brigham Young University not to allow unlawful discrimination on the basis of race, color, national origin, religion, sex, veteran status, or disability in the academic or employment setting. This includes unlawful sexual harassment, which is a violation of the Honor Code as well as state and federal laws, and which may be considered grounds for discipline or dismissal. Persons who believe they have been unlawfully discriminated against or unlawfully sexually harassed should contact the Equal Opportunity Office, A-285 ASB, telephone (801) 378-6878.

University Policies

Confidentiality of Records Policy
The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when non-directory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes, but is not limited to, the following:

Student's name
Home and local addresses and telephone numbers
Date and place of birth
Major field of study
Information relative to participation in officially recognized activities (e.g., sports) including weight and height
Dates of attendance
Current class schedule
Degrees and awards received
Previous educational institutions attended
Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates
At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–31.9	Freshman
32–63.9	Sophomore
64–95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy
You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of emergency

absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes
To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

Students may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the BYU Undergraduate Catalog).
2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade
The letter grade I (incomplete) is given on a contractual basis with the instructor to students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

Grade Reports
Grade reports are available at no charge for all day and evening school students after the semester has concluded. Grade reports will be mailed to students who leave self-addressed, stamped envelopes containing their social security number at the Records Office.

Changing College or Major
Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with the Office of Graduate Studies for information and necessary forms.

Discontinuance from BYU
A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB. The nonacademic emergency deadline, (June 8 spring term; August 1 summer term), is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, telephone (801) 378-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

University Assemblies

University Devotional, Firesides, and Forums

University devotional and forums, held throughout the year on Tuesdays at 11:00 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers are selected from the General Authorities and other leaders of the Church, who come to teach the gospel and affirm the spiritual dimension of the university experience for students and faculty. An additional opportunity is provided, by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government, chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the sessions that may accompany them) prompts our inquiry into significant intellectual, cultural, and social issues and extends our understanding of them.

Most campus offices and services are closed during university assemblies so that members of the university community can participate.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for courses up to 6 hours per semester, within the limits indicated below, and will not be required to pay the cost of tuition.

Written approval is required for employees to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, **before registration**. (Final approval for daytime class work rests with the manager of Employee Benefits.) *Employees eligible to take daytime classes need to be properly admitted through the Admissions Office.*

Full-Time Regular Faculty and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular employees at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chair or supervisor, the dean or director over the area, and the manager of Employee Benefits. Administrative personnel who take classes in the daytime hours are expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties and administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken spring term, 6 credit hours may not be taken summer term, or vice versa.) Faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits, and they will not be required to pay the cost of tuition.

Full-Time Regular Staff

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular employees at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular staff employees may register for courses of study up to 6 hours per semester. Written approval needs to be obtained from the employee's supervisor, the dean or director over the area, and the manager of Employee Benefits. Staff personnel are expected to make up the time they are absent from their regular work. Lunch periods may not be used for class attendance.

With the required approvals, staff employees with staggered-hours schedules (see Work Hours Policy in the University Electronic Handbook) may register for daytime classes. A staggered-hours work schedule, which must first be approved by the employee's supervisor, allows an employee to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an employee can have a staggered-hours

schedule and take day classes will depend on the seasonal and daily workload of the department.

During the spring and summer terms, regular staff employees may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may not be taken in summer term, or vice versa.)

Spouses of Regular Faculty, Staff, and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits for their spouses, employees must (a) be at least age thirty with one year of service **or** (b) have completed five years of service with the university, whichever occurs first. Regular employees who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for undergraduate courses of study with no limit as to the total number of hours (day or evening classes) and will not be required to pay the cost of tuition. *Those who wish to take daytime classes need to be properly admitted through the Admissions Office.* **Before registering for *graduate* courses of study, eligible spouses must contact the Benefits Office.**

Part-Time Employees

(See University Personnel Tuition Policy in the University Electronic Handbook)

Part-time, adjunct, on-call, and temporary personnel and their spouses are not eligible for tuition benefits.

Additional Information

Auditing Classes
All full-time personnel and their eligible spouses who desire to audit daytime classes should go to the Registration Office, B-130 ASB, for auditing procedures. Any class audited will not appear on official records. Those wishing to audit evening classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

University Discontinuance
An employee or spouse enrolled through day school who discontinues his or her entire registration at the university is required to discontinue through the Discontinuance Office, B-150 ASB, 378-7705.

Evening Classes
Registration. Eligible faculty and staff members and their spouses who wish to register for evening classes *only* may do so at the Evening Classes Office, 120 HCEB. Individuals may obtain their tuition benefit there at the time they register by completing the Clearance Form and presenting their employee or spouse ID card.

Daytime students taking Evening Classes (sections 400–499) may automatically register through the Touch-tone Telephone System.

Changes in Registration.
When a change in Evening Classes registration becomes necessary, individuals must obtain an add/drop card from 120 HCEB and get the required approval and signature of the instructor. This card must then be returned to 120 HCEB.

Discontinuance.
A student discontinuing his or her entire registration in Evening Classes is required to discontinue through the Evening Classes Office, 120 HCEB. A $10 fee is charged the individual for the service after registration has been finalized.

Free Application for Federal Student Aid (FAFSA): You must also complete the FAFSA or the Renewal Application if you apply for any of the following: Federal Pell Grant, Subsidized Federal Stafford Loan, Unsubsidized Federal Stafford Loan, need-based scholarships, and many private scholarships.

Verification: If you are selected for verification, additional forms are required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Returned Missionaries: If you served a portion of you mission in 1994, additional forms will be required. See page 9 of the BYU 1995-96 Financial Aid Bulletin.

Electronic Funds Transfer (EFT): If you request a Stafford or PLUS Loan, the Touch-tone system will ask whether you authorize your lender to electronically transmit your loan funds to your BYU student account by EFT.

Mailing Address: The Financial Aid Office will mail correspondence to the mailing address on record in the BYU Registration Office. The Scholarship Office will use your permanent address. To update either address, call (801) 378-2824.

Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. Write, visit, or call the advisement center of your choice:

Registration Requirements

1. Admission

You are eligible to register for summer term 1995 if you registered for and completed regular day school classes during winter semester 1995, spring term 1995, or if you have been issued a valid letter of admission for summer term 1995 by the Admissions Office.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

2. Continuing Ecclesiastical Endorsement Required by April 1, 1995

Every enrolled, continuing student, including graduate students, who anticipates registering for any BYU credit after summer term 1995 is required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1995. LDS students must be endorsed by their winter semester bishop. Non-LDS students obtain the endorsement from an ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT. A late fee will be assessed for any endorsement completed after the April 1 deadline. No student will be able to register for fall semester or thereafter without a new endorsement.

Endorsement forms are available in the winter class schedule, at campus information desks, at college advisement centers, and from the Honor Code Office.

Every student must abide by all requirements of the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards of the university. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend church meetings, and abide by the rules and standards of the Church.

3. Health Insurance Requirement Summer Term

BYU requires all full-time students (those taking 4.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by June 15, 1995, will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance fee payment is due the first day of classes.

Registration Procedures

Registration for summer term is not managed on a priority registration basis. Any student admitted to the university may register beginning on the first registration day, January 17.

TO REGISTER BEFORE SCHOOL BEGINS

STEP 1: PLAN YOUR SCHEDULE

Use the Registration Work Sheet to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days**. Consult the Class List beginning on page 17. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

STEP 2: REGISTER BY TOUCH-TONE TELEPHONE OR AIM

Register: January 17–June 25
Register using a Touch-tone telephone or an AIM terminal.

Late Registration: June 16–July 3
After June 15, a $25 late fee and full tuition must be paid before the telephone system will be made available for late registration. You may late register by telephone until June 25. Beginning the first day of class, June 26, you should use the telephone or a signed add/drop card to late register.

NEW! If all sections of the course you want are full, and you must have this course this semester, use the raincheck option to be placed on the department list of students unable to enroll (see Touch-Tone instructions on page 2 or raincheck option on AIM). Continue to monitor the course by phone or by AIM in case students drop. A raincheck will not guarantee that you will be able to register for the class.

Once you register you are officially enrolled and committed to attend class. If you decide not to be a student, you must discontinue **before the day school begins** to avoid being charged tuition. (See Touch-tone Telephone Instructions [79*954#] in this class schedule for instructions on how to discontinue prior to the first class day. Once school begins, contact the Discontinuance Office, [801] 378-7705. Refer to the following page for further information about discontinuance.)

Academic Information Management (AIM) is a computer aid available to you at the following locations across campus: all college advisement centers, Heritage Halls Central Building lobby, Wymount Terrace computer lab, Cannon Center central lobby, Morris Center computer lab, ELWC Information Desk, ELWC Word Center computer lab, and central places in the ASB, HBLL, CB, TNRB, TMCB, CTB, SFLC, and SWKT. You can do the following things at these terminals:

- Register for classes
- Access class schedule
- Determine course availability and instructor schedules
- Change address/phone number
- Monitor GE and major progress report (ABC)
- Look at grades and BYU credit
- Make PIN changes

A College Advisement Center (CAC) Hold
The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with CAC holds include: (1) seniors on academic probation, (2) seniors who have not declared a major, (3) seniors with 150 or more semester hours of credit who have not applied for graduation, and (4) seniors who have fulfilled all graduation requirements but have postponed graduation. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Other Holds That May Block Your Registration
Check with the appropriate office according to your hold:

• Academic standards	Academic Support	(801) 378-2723
• Ecclesiastical endorsement	Honor Code Office	(801) 378-2847
• Financial (prior balance)	Student Accounts	(801) 378-5415
• Graduate school	Office of Graduate Studies	(801) 378-4091
• University standards	Honor Code Office	(801) 378-2847
• CAC hold	Your college advisement center	(see page 3)
• Loans	Collections Office	(801) 378-7648
	or Financial Aid	(801) 378-4104

STEP 3: PAY TUITION

Note: It is important that your mailing address be updated at the Registration Office, B-130 ASB, PO Box 21112, Provo, UT 84602-1112, telephone (801) 378-2824. Please call or write the Registration Office if you need to update your address so that a list of classes and a Tuition Billing Statement can be mailed to you in May.

Tuition Payment Deadline June 15, 1995 (to avoid late fees)

The Tuition Billing Statement will be mailed to all students who are registered for at least one class by June 7, 1995. **If you register after June 7 or if for some reason you do not receive a billing statement, it will be your responsibility to pay tuition by the deadline.** A check or money order to cover the amount of tuition due should be mailed to the BYU Cashiers' Office, D-148 ASB, PO Box 21128, Provo, UT 84602-1128. Also, a drop box is provided in D-148 Abraham O. Smoot Administration Building for all students on campus. Do not use campus Mail. **Students who fail to meet the tuition deadline will be assessed a $25 late fee.** The last day to pay tuition late is **Monday, July 3, 1995**

Tuition assessment is based on anticipated full-time enrollment of 4.5 credit hours or more for a term (8.5 credit hours or more for a semester). The Federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 6 credit hours or more for spring term. Federal Pell Grant recipients who enroll for less than this receive a partial Federal Pell Grant and must pay the difference between the advanced grant and their tuition charge by the deadline to avoid the late tuition fee. **If you are a part-time student, pay only for the hours you expect to take.**

Important notice: If you fail to meet the tuition deadline, you will be assessed a $25 late fee. You will be assessed a late tuition fee if you pay less than full-time tuition by June 15 and are then enrolled or later become enrolled for more than 4 credit hours. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

DISCONTINUANCE (dropping all classes for the term)

WHAT TO DO BEFORE CLASSES BEGIN
Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop all your classes before the day school begins to avoid tuition charges. If you do not drop your classes, they will remain on your record and **you will be charged tuition.** Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions [79*954#] in this class schedule) until midnight of the day before classes begin.

WHAT TO DO AFTER CLASSES BEGIN
On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. Tuition will be charged starting the first day of class to the date of discontinuance at the percentage rate listed in the Tuition and Fees section.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office.

TO REGISTER OR MAKE CLASS CHANGES AFTER SCHOOL BEGINS

Add/Drop cards may be obtained beginning the first day of class from the Smith Family Living Center (SFLC), college advisement centers, and the Registration Office. The card must be returned to the SFLC step-down area between 8:00 a.m. and 5:00 p.m. during the first six class days.

ADDING: **June 26–July 3**

You may add classes the first six days of a term. Some classes may be added the first three days using the Touch-tone telephone or AIM systems. All other classes require an add card with the instructor's signature. This class schedule indicates telephone/AIM registration with a **T** and an add card needing the instructor's signature with an **S**. If you wish to audit a class, see the following page.

DROPPING: **June 26–June 27**

All drops can be done using the Touch-tone telephone or AIM terminals the first two days of the term. There is no drop fee during these two days.

June 28–July 3 (without a W)

All drops must be done on an add/drop card. No instructor's signature is required to drop a class.
Drop fees begin the third class day (June 28) at $3 per class and increase $1 each day until the total reaches a maximum of $6 per class on the sixth class day (July 3).

July 5–July 13 (with a W)

Students may drop a class until July 13. They will be charged $6 per class and will receive a W. Drop cards must be submitted to the Registration Office, B-130 ASB.

Additional Registration Information

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a term). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit.** Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the third and eighth weeks, include the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 or fewer hours during a term are considered part-time. Students enrolled in 4 or fewer credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to the Graduate Education section of this class schedule. Contact the Records Office, B-150 ASB, for enrollment verification.

Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

Independent Study Programs

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is $72 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase, "Offered by Independent Study." For further information and a free catalog, contact the Independent Study Office, 206 HCEB, or telephone (801) 378-2868.

Note: Independent Study courses do not apply toward a **BYU graduate** degree.

Help for New Students

Organize Your Registration Materials

BYU Undergraduate Catalog or BYU Graduate Studies Catalog
The BYU Undergraduate Catalog includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Catalog describes graduate courses and programs. Both catalogs can be purchased at the BYU Bookstore for $5.00 each. To receive either of these catalogs by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. Catalogs mailed second class cost $6.50 each (subject to change), and those mailed first class cost $10.00 each. These prices include postage and handling. VISA, MasterCard, check, or money order is accepted in payment.

Class Schedule
The Winter 1995 Class Schedule includes registration instructions, information to assist in selecting classes, and a list of classes by department. New students are mailed a current class schedule after admission. Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. The cost, which includes first-class postage and handling, is $3.50. VISA, MasterCard, check, or money order is accepted in payment.

Registration Work Sheet
This work sheet is found on page 3 of this class schedule and is also available at the Registration Office, B-130 ASB, or the college advisement centers.

List of Required Classes
To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU Undergraduate Catalog, contact their advisement center, or refer to the General Education for Undergraduates section of this class schedule. Graduate students can refer to the BYU Graduate Catalog, their academic department, or their advisor.

Student Development Elective Courses
Elective credit classes designed to assist new students in their career, academic, and personal progress are available through Student Development course work. Classes are listed under Student Development (StDev) in the class list.

Questions/Answers for New Undergraduate Students

What is a credit hour?
A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

What is General Education (GE) for undergraduates?
The General Education Program for undergraduates at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

What is a major?
A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

How do I request classes?
Students request classes using either a Touch-tone telephone or Academic Information Management (AIM). You should complete the Touch-tone Telephone Instructions and have alternate sections available so that you can submit additional requests by phone if the class is full. AIM can be accessed at a variety of locations around campus. Look for the AIM posters or contact your advisement center for more information.

Which classes should I select?
A guide for selecting classes is found on the following pages.

Selecting Classes—Freshman Year

Use the registration work sheet on page 3 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl 115). You may be able to take it the next semester.

1. Select one or two university-required classes:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
RelA 421	Book of Mormon (for returned missionaries)	2
PE 129	Fitness for Living	0.5
Hlth 129	Health and Lifestyle Management	1
Physical education elective	Varies	0.5

2. Select an appropriate English and math* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
HonP 200	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 97*	Intermediate Algebra (ACT math score 18–21 is prerequisite; this is a no-credit, extra-fee class)	0
Math 110*	College Algebra (ACT math score 22 or above plus two years of high school algebra is prerequisite)	3
Math 112*	Calculus 1 (ACT math score 27 or above plus four years of high school mathematics including precalculus is prerequisite)	4
Math 119*	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education Mathematics option.

3. Start work in a foreign language (see page 89).
If you want to pursue the Foreign Language option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses.

4. Select one or two courses from the following General Education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, the College of Education, or the College of Engineering and Technology.

Final Examination Policy Summer Term 1995

Final examinations will be given at the times shown in the schedule below. Examinations are not given early. The examination period is preceded by a reading day, which gives time for conscientious review, study, and synthesis of the term's work. The reading and the examination periods are firmly scheduled parts of the term; students must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent a student from taking an examination at the scheduled time, that student is responsible to inform the class instructor as soon as possible. The instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless the student and instructor together prepare a contractual agreement.

In cases where a student has conflicting examinations or *more than* three examinations on one day, individual arrangements for alternative test times may be made by the instructor.

Examinations will be held Wednesday and Thursday, August 16 and 17, with a reading day Tuesday, August 15; therefore, Monday, August 14, 1995, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises, please contact the Academic Scheduling Office, B-150 ASB, telephone (801) 378-6557, for day classes. For evening classes, contact the Evening Classes Office, 120 HCEB, telephone (801) 378-6258.

Final exams for day and evening (section 400) classes beginning at 5:00 p.m. or later will be conducted on the last class period as follows: Tuesday, August 8; Wednesday, August 9; Thursday, August 10; Friday, August 11; and Monday, August 14.

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour.** For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.

Academic Advisement for Undergraduates

Where do you go for academic advisement?
If you have chosen a major, or if you have one in mind, go to the advisement center for the college that offers that major. If you have no major in mind, visit the Open Major Advisement Center.

All academic advisement centers are open from 8:00 a.m. to 5:00 p.m. Monday–Friday. Write, visit, or call the advisement center of your choice:

Registration Requirements

1. Admission

You are eligible to register for fall semester 1995 if you registered for and completed regular day school classes during winter semester 1995 or spring or summer term 1995, or if you have been issued a valid letter of admission for fall semester 1995 by the Admissions Office.

Continuing degree-seeking graduate students are eligible if they have fulfilled the minimum registration requirements (6 hours per year) in the preceding academic year.

Students who graduate from BYU lose their eligibility and will not be allowed to continue to attend classes unless they have been admitted to a graduate or non-degree-seeking graduate program.

2. Continuing Ecclesiastical Endorsement Required by April 1, 1995

Every enrolled, continuing student, including graduate students, who anticipates registering for any BYU credit after summer term 1995 is required to obtain a new Continuing Ecclesiastical Endorsement by April 1, 1995. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from a winter semester ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, PO Box 25542. A late fee will be assessed for any endorsement completed after the April 1 deadline. No student will be able to register for fall semester or thereafter without a new endorsement.

Endorsement forms are available in the winter class schedule, at campus information desks, at college advisement centers, and from the Honor Code Office.

All students must abide by the BYU Honor Code, the Residential Living Standards, and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church. The endorsement deadline is April 1 of each year.

3. Health Insurance Requirement Fall Semester

BYU requires all full-time students (those taking 8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by August 15, 1995, will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance fee payment is due by the tuition payment deadline.

Registration Procedures: Priority Registration

• PRIORITY IS BASED ON CLASS STANDING OR THE TOTAL NUMBER OF CREDIT HOURS COMPLETED THROUGH FALL SEMESTER 1994.

Priority begins with graduate students, then seniors, juniors, sophomores, continuing freshmen, and non-degree-seeking graduate students. Newly admitted freshmen will register in a separate priority (see priority schedule, Step 3).

TO REGISTER BEFORE SCHOOL BEGINS

STEP 1: RECEIVE A REGISTRATION NOTICE

A Registration Notice will be mailed* to each student. This Registration Notice will indicate the following:

A Prior Balance Due
If you owe a prior balance as of the date of printing, the form will indicate the amount. You must clear your account before registration will open to you.

A College Advisement Center (CAC) Hold
If you have a CAC hold, it will be indicated after the number of completed hours on the Registration Notice. The CAC hold targets students with special needs who will be required to seek assistance from their college advisement center before registering. Students with CAC holds include: (1) seniors on academic probation, (2) seniors who have not declared a major, (3) seniors with 150 or more semester hours of credit who have not applied for graduation, and (4) seniors who have fulfilled all graduation requirements but have postponed graduation. Students with a CAC hold must visit their college advisement center or department advisor to complete a plan for graduation and will be prevented from registering until the hold is cleared by the college advisement center.

Other Holds That May Block Your Registration
Check with the appropriate office according to your hold:

• Academic standards	Academic Support	(801) 378-2723
• Ecclesiastical endorsement	Honor Code Office	(801) 378-2847
• Financial (prior balance)	Student Accounts	(801) 378-5415
• Graduate school	Office of Graduate Studies	(801) 378-4091
• University standards	Honor Code Office	(801) 378-2847
• CAC hold	Your college advisement center	(see inside front cover)
• Loans	Collections Office	(801) 378-7648
	or Financial Aid	(801) 378-4104

Your Beginning Registration Time
The registration system will be open from your beginning time, as indicated on the Registration Notice, until midnight September 4 (tuition must be paid by August 15 to have continued access). The registration system will not allow you to register before the given time.

*It is important that your mailing address be updated at the Registration Office, B-130 ASB, PO Box 21112, Provo, UT 84602-1112, telephone (801) 378-2824. Please call or return the address section of the Registration Notice to the Registration Office if you need to do so. A list of classes and a Tuition Billing Statement will be mailed to you in July if you have registered for at least one class.

STEP 2: PLAN YOUR SCHEDULE

Use the Registration Work Sheet to plan your ideal schedule, blocking out work and study time. **Be careful not to select classes that meet at the same time on the same days**. Consult the Class List beginning on page 52. After listing your ideal schedule, list additional courses or sections for submission if your first choices are not available.

STEP 3: REGISTER BY TOUCH-TONE TELEPHONE OR AIM*

Priority Registration Schedule:

Credit Hours/Class Standing	*Day You Can Begin Registering*
Graduate students	Monday, April 10
125 +	Tuesday, April 11
110	Wednesday, April 12
90	Thursday, April 13
80	Friday, April 14
70	Saturday, April 15
50	Monday, April 17
40	Tuesday, April 18
20	Wednesday, April 19
15	Thursday, April 20
Fewer than 15 and non-degree-seeking graduates	Friday, April 21
Newly admitted freshmen	Monday–Wednesday, May 22–24 (randomly assigned according to social security number)

The registration system will be open from your beginning time, as indicated on the Registration Notice, until Monday, September 4 (tuition must be paid by August 15 to have continued access).

If all sections of the course you want are full, and you must have this course this semester, use the raincheck option to be placed on the department list of students unable to enroll (see Touch-Tone instructions on page 2 or raincheck option on AIM). Continue to monitor the course by phone or by AIM in case students drop. A raincheck will not guarantee that you will be able to register for the class.

Once you register you are officially enrolled and committed to attend class. If you decide not to be a student, you must discontinue **before the day school begins** to avoid being charged tuition. (See Touch-tone Telephone Instructions (79*) in this class schedule for instructions on how to discontinue prior to the first class day. Once school begins, contact the Discontinuance Office, (801) 378-7705. Refer to the following page for further information about discontinuance.)

Academic Information Management (AIM) is a computer aid available to you at the following locations across campus: all college advisement centers, Heritage Halls Central Building lobby, Wymount Terrace computer lab, Cannon Center central lobby, Morris Center computer lab, ELWC Information Desk, ELWC Word Center computer lab, and the ASB, HBLL, CB, TNRB, TMCB, CTB, SFLC, and SWKT. You can do the following things at these terminals:

- Register for classes
- Access class schedule
- Determine course availability and instructor schedules
- Change address/phone number
- Monitor GE and major progress report (ABC)
- Look at grades and BYU credit
- Make PIN changes

STEP 4: PAY TUITION

Tuition Payment Deadline August 15, 1995 (to avoid late fees)
The Tuition Billing Statement will be mailed to all students who are registered for at least one class by August 3. **Tuition assessment on the billing is based on anticipated full-time enrollment of 8.5 credit hours or more for the semester**. The Federal Pell Grant amount on the Tuition Billing Statement is based on the assumption that enrollment is for 12 credit hours. If your grant eligibility, loan, or scholarship is for less than the tuition due, you must pay the difference by the deadline to avoid a late fee. **If you are a part-time student, adjust the statement and pay only for the hours you expect to take.**

If you register after August 3 or if for some reason you do not receive a billing statement, it will be your responsibility to pay tuition by the deadline. A check or money order to cover the amount of tuition due should be mailed to the Cashiers' Office, D-148 ASB, PO Box 21128, Provo, UT 84602-1128. A drop box is provided in D-148 ASB for all students on campus. Do not use campus mail.

Important notice: If you fail to meet the tuition deadline, you will be assessed a late fee ($50 August 16–September 1; $90 September 2–18). You will be assessed a late tuition fee if you pay less than full-time tuition by August 15 and are then enrolled or later become enrolled for more than 8 credit hours. Also, if your tuition check is dishonored by the bank, you will be charged the late fee in effect at the time the check is redeemed.

DISCONTINUANCE (Dropping All Classes for the Semester or Term)

WHAT TO DO BEFORE CLASSES BEGIN

Once you register for classes, you are officially enrolled and committed to attend. If you are not coming to school this semester, you must discontinue or drop all your classes before the day school begins to avoid tuition charges. If you do not drop your classes, they will remain on your record and **you will be charged tuition.** Classes may be dropped using the discontinuance action code (see the Touch-tone Telephone Instructions (79*955#) in this class schedule) until midnight of the day before classes begin.

WHAT TO DO AFTER CLASSES BEGIN

On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. Tuition will be charged starting the first day of class to the date of discontinuance at the percentage rate listed in the Tuition and Fees section.

Warning: Discontinuance from fall or winter semester or from the term to which you are newly admitted will forfeit your eligibility to attend future semesters without reapplying through the Admissions Office.

TO REGISTER OR MAKE CLASS CHANGES AFTER SCHOOL BEGINS

Add/Drop cards may be obtained beginning the first day of class from the Smith Family Living Center (SFLC), college advisement centers, and the Registration Office. The card must be returned to the SFLC step-down area between 8:00 a.m. and 5:00 p.m. during the first ten class days. The following dates apply to full-semester classes; for block classes see the calendar for deadlines.

ADDING: September 5–18

You may add classes the first ten days of a semester. Some classes may be added the first five days using the Touch-tone telephone or AIM systems. All other classes require an add card with the instructor's signature. This class schedule indicates telephone/AIM registration with a **T** and an add card needing the instructor's signature with an **S**. If you wish to audit a class, see the following page.

DROPPING: September 5–6

All drops can be done using the Touch-tone telephone or AIM terminals the first two days of the semester. There is no drop fee during these two days.

September 7–18 (without a W)

All drops must be done on an add/drop card. No instructor's signature is required to drop a class.
Drop fees begin the third class day (September 7) at $3 per class and increase $1 each day until the total reaches a maximum of $10 per class on the tenth class day (September 18).

September 19–October 9 (with a W)

All drops must be done on an add/drop card. Students will be charged $10 per class and will receive a W (official withdrawal) on their transcript. Drop cards must be submitted to the Registration Office, B-130 ASB, PO Box 21114.

Additional Registration Information

Maximum Hours per Semester or Term

Undergraduate students in good standing may register for as many as 18 credit hours in one semester (9 per term) by following the regular registration procedures. The college advisement centers may authorize a student who has demonstrated superior academic ability to register for a maximum of 21 hours (11 per term). This approval is to be noted by the college advisement center on the add/drop card once school begins. Auditing classes, registering for a class without receiving credit, or registering for Evening Classes constitutes a part of your total registration. Exceptions to these rules should be presented to: University Registrar, B-150 ASB.

Auditing Classes

Students desiring to audit classes (register for a class without receiving credit) can only do so on an add/drop card during the first ten class days (six days of a term). Students must obtain the instructor's approval on a signed add/drop card. It is not possible to register for an audit class on the Touch-tone telephone system. **You are charged the same tuition for auditing classes as for taking classes for credit**. Classes taken on an audit basis will not appear on your official records, will not be considered in calculating enrollment verifications, and do not fulfill the minimum registration requirement for graduate degree-seeking students.

Credit to Audit

Students who are registered for credit and wish to change to audit must first drop the class and pay any appropriate drop fees. The class may then be added for audit during the add period (first ten days of a semester, six days of a term).

Admission to Class

Students whose names are on the university class roll are officially registered. If your name is not on the official roll, you should contact the Registration Office, B-130 ASB, immediately. Instructors receive rolls of students in their classes the first day of classes. Other rolls, sent out during the third and eighth weeks, include the names of all students currently registered for that class.

Enrollment Verification

Students are considered full-time by the university if they are enrolled for at least 8.5 credit hours during a semester or 4.5 credit hours during a term. Students enrolled in 4.5 to 8 hours during a semester or 4 or fewer hours during a term are considered part-time. Students enrolled in 4 or fewer credit hours for the semester will be considered less than part-time. Audits do not count in total enrollment hours. Graduate students should refer to the Graduate Education section of this class schedule. Contact the Records Office, B-150 ASB, PO Box 21114, for enrollment verification.

Evening Classes

Daytime students taking evening classes (sections 400–499) must register for the courses at the same time they register by Touch-tone telephone for day school.

Independent Study Programs

Independent Study can bring many university courses to your home. You may register for courses any time during the year and take up to a year to finish each course. Tuition is $75 per credit hour—this fee is not included in your regular BYU daytime tuition. Independent Study courses are indicated in the course list by the phrase, "Offered by Independent Study." For further information and a free catalog, contact the Independent Study Office, 206 HCEB, PO Box 21514, or telephone (801) 378-2868.

Note: Independent Study courses do not apply toward a **BYU graduate** degree.

Registration for Faculty, Staff, Administrative Personnel, and Their Spouses

Full-time regular faculty, staff, and administrative personnel may register for courses up to 6 hours per semester, within the limits indicated below, and will not be required to pay the cost of tuition.

Written approval is required for personnel to take daytime classes (7:00 a.m. to 5:00 p.m.). Applications for approval may be obtained at the Benefits Office, B-202 ASB, PO Box 21221, **before registration**. (Final approval for daytime class work rests with the tuition manager in the Benefits Office.) *Personnel eligible to take daytime classes need to be properly admitted through the Admissions Office.*

Full-Time Regular Faculty and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular personnel at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular teaching faculty and administrative personnel may register for courses of study up to 6 hours per semester. Those wishing to take daytime classes will need the written approval of the department chair or supervisor, the dean or director over the area, and the tuition manager of Benefits. Administrative personnel who take classes in the daytime hours are expected to make up the time they are absent from their regular work.

During the spring and summer terms, faculty members who have teaching duties and administrative personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken spring term, 6 credit hours may not be taken summer term, or vice versa.) Faculty who are not teaching during a spring or summer term, and who are not on contract with the university for research, administrative, or other special assignments, may take as many credit hours during that term as their department permits, and they will not be required to pay the cost of tuition.

Full-Time Regular Staff

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits during a given semester, persons must be regular personnel at the close of late registration for that semester. The last day of late registration is specified in each class schedule.

Regular staff personnel may register for courses of study up to 6 hours per semester. Written approval needs to be obtained from the individual's supervisor, the dean or director over the area, and the tuition manager of Benefits. Staff personnel are expected to make up the time they are absent from their regular work. Lunch periods may not be used for class attendance.

With the required approvals, staff personnel with staggered-hours schedules (see Work Hours Policy in the University Electronic Handbook) may register for daytime classes. A staggered-hours work schedule, which must first be approved by the person's supervisor, allows an individual to work eight hours between 7:00 a.m. and 6:00 p.m. with a meal period of at least one-half hour. The work schedule should remain as constant as possible. Whether or not an individual can have a staggered-hours schedule and take day classes will depend on the seasonal and daily workload of the department.

During the spring and summer terms, regular staff personnel may take 3 credit hours per term, or 4 in one and 2 in another. (If no classes are taken in spring term, 6 credit hours may not be taken in summer term, or vice versa.)

Spouses of Regular Faculty, Staff, and Administrative Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

To be eligible for tuition benefits for their spouses, personnel must (a) be at least age thirty with one year of service **or** (b) have completed five years of service with the university, whichever occurs first. Regular personnel who terminate employment and are rehired may be able to add prior employment to the most recent period of employment, within the limits indicated in the university policy on service credit, to achieve the required years of service for eligibility for spouse tuition benefits.

Eligible spouses of regular, full-time faculty, staff, and administrative personnel may register for undergraduate courses of study with no limit as to the total number of hours (day or evening classes) and will not be required to pay the cost of tuition. *Those who wish to take daytime classes need to be properly admitted through the Admissions Office.* **Before registering for *graduate* courses of study, eligible spouses must contact the Benefits Office.**

Part-Time Personnel

(See University Personnel Tuition Policy in the University Electronic Handbook)

Part-time, adjunct, on-call, and temporary personnel and their spouses are not eligible for tuition benefits.

Additional Information

Auditing Classes

All full-time personnel and their eligible spouses who desire to audit daytime classes should go to the Registration Office, B-130 ASB, PO Box 21114, for auditing procedures. Any class audited will not appear on official records. Those wishing to audit evening classes should do so through the Evening Classes Office. Any exceptions should be cleared through the Benefits Office.

University Discontinuance

Personnel or their spouses enrolled through day school who discontinue their entire registration at the university are required to discontinue through the Discontinuance Office, B-150 ASB, PO Box 21114, telephone 378-7705.

Evening Classes

Registration. Eligible faculty and staff members and their spouses who wish to register for evening classes *only* may do so at the Evening Classes Office, 120 HCEB, PO Box 21513. Individuals may obtain their tuition benefit there at the time they register by completing the Clearance Form and presenting their personnel or spouse ID card.

Daytime students taking Evening Classes (sections 400–499) may automatically register through the Touch-tone Telephone System.

Changes in Registration.

When a change in Evening Classes registration becomes necessary, individuals must obtain an add/drop card from 120 HCEB, PO Box 21513, and get the required approval and signature of the instructor. This card must then be returned to 120 HCEB, PO Box 21513.

Discontinuance.

A student discontinuing his or her entire registration in Evening Classes is required to discontinue through the Evening Classes Office. A $10 fee is charged the individual for the service after registration has been finalized.

Tuition and Fees

One of the nation's largest private universities, BYU is owned and operated by The Church of Jesus Christ of Latter-day Saints. A significant portion of the cost of operating the university is paid from the tithes of the Church members. Because of this, students or their families who are Church members already have made a monetary contribution to the operation of the university. To equalize this cost, nonmembers are assessed higher tuition. This higher tuition still does not cover the total educational cost.

Tuition and class fees are due and payable before a student begins class attendance. Students who fail to pay tuition by the scheduled final day to late register will jeopardize their eligibility to enroll for the following semester/term. Past financial delinquencies must be cleared before a new registration may be completed. Refer to Tuition and Fees Information on the calendar in this class schedule.

Students are held responsible to pay the correct amount of tuition and fees (in U.S. dollars).

Once students register for classes, they are officially enrolled and committed to attend. Students who decide not to attend must officially withdraw from classes prior to the day school begins to avoid being charged tuition. Classes may be dropped using the, PO Box 21114, discontinuance action code (see the Touch-tone Telephone Instructions) until midnight of the day before classes begin. On the first day of classes and thereafter you will need to contact the Discontinuance Office in B-150 ASB or telephone (801) 378-7705. If you do not drop your classes, they will remain on your records and **you will be charged tuition**. Tuition will be charged starting the first day of classes to the date of discontinuance at the percentage rate listed on the following page.

Students who anticipate receiving financial aid will be held responsible to pay tuition charges incurred whether or not financial aid is available or forfeited.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, 3 hours of lecture a week are considered 3 semester hours and are charged for accordingly. Therefore, if you are taking 7 credit hours plus a noncredit class involving 2 or more lecture hours per week, you are considered to be full-time for tuition assessment. However, noncredit courses do not count for Federal Pell Grant or Federal Stafford Loan eligibility. For courses in which no lecture hours are involved—for example, dissertations and theses—tuition and fees are charged based on hours being carried during the semester, as determined by the supervising professor.

Graduate students (for tuition purposes) are those students who have received their bachelor's degree or will have received it by the beginning of fall semester and are not students of the Law School or the Graduate School of Management.

Full-time classification (for tuition assessment) for all students is registration for 8.5 or more credit hours per semester or 4.5 or more credit hours per term.

The university reserves the right to change these figures without notice. Questions regarding fee assessment should be referred to Financial Services.

Tuition and General Fees Per Semester

Undergraduate Students	**LDS**	**Non-LDS**
Full-time (8.5 or more credit hours)	$ 1,225	$ 1,837
Part-time (per credit hour)	$ 125	$ 188
Graduate Students		
Full-time (8.5 or more credit hours)	$ 1,435	$2,152
Part-time (per credit hour)	$ 159	$ 239
Graduate School of Management Students and Law School Students	**LDS**	**Non-LDS**
Full-time (8.5 or more credit hours)	$2,300	$3,450
Part-time (per credit hour)	$ 255	$ 383

A fraction of an hour in the sum of hours is counted as a full hour in assessing fees. Minimum tuition is the one-credit-hour rate. The charge for noncredit courses or for auditing courses is the same as when taking them for credit.

Late Tuition Fee—Tuition Paid After August 15

August 16–September 1 . . . . . $50
September 2–September 18 . . . . . $90
(Last day to pay tuition is September 18)

Late tuition fees will be assessed to all students who fail to pay tuition by payment deadline dates. The late fee will also be assessed to students who pay less than full-time tuition by the August 15 deadline and are then or later become registered for more than 8.5 credit hours.

Any student whose tuition check is dishonored by the bank will be charged the late registration fee in effect at the time the check is redeemed.

Tuition Adjustments—Change in Credit Hours
After the term begins, a part-time student who increases the number of credit hours and remains a part-time student must pay for these additional hours **on the day they are added**. If this is not done, a late fee may be assessed. A change to full-time status requires that additional tuition be paid plus the late fee.

A full-time student dropping to part time or a part-time student who decreases credit hours may be entitled to a tuition refund. A refund request must be initiated by the student through the Financial Services Office, D-151 ASB, PO Box 21128. A full refund of the difference between full-time assessment and part-time assessment will be allowed through September 18. Refunds for courses dropped after that date will be subject to the refund schedule listed under Tuition Refunds/Charges—Discontinuance.

Tuition Refunds/Charges—Discontinuance
Both full-time and part-time students who discontinue school will be charged tuition from the first day of classes until the date of discontinuance. A refund is based on the date they report their discontinuance to the Discontinuance Office, B-150 ASB, PO Box 21114, telephone (801) 378-7705. The following rates apply:

Discontinuence	Tuition Charged	Refund Of Tuition Paid
Before Sep 5	None	100%
Sep 5–Sep 8	10%	90%
Sep 11–Sep 15	15%	85%
Sep 18–Sep 22	20%	80%
Sep 25–Sep 29	25%	75%
Oct 2–Oct 6	30%	70%
Oct 9–Oct 13	35%	65%
Oct 16–Oct 20	40%	60%
Oct 23–Oct 27	45%	55%
Oct 30–Nov 3	50%	50%
Nov 6–Nov 10	55%	45%
After Nov 10	100%	None

A petition for exception to the refund schedule will be considered for students forced to discontinue because of personal medical incapacitation after the 85 percent refund period. Petition forms are in D-208 ASB.

A refund due because of discontinuance from school will be made only by check through the mail. It will be mailed approximately two weeks from the date of **discontinuance.** Refunds due to students who have a Federal Pell Grant or Federal Stafford Loan will be returned to the Pell agency and/or the lending agency.

Late fees are not refundable.

Refunds for Class Fees
Class fee refunds are based on the same schedule as listed for tuition refunds.

Parking Fees and Information

Motor Vehicles
Parking permits are required to park on campus. To purchase a permit, bring the following to the Traffic Office (GRNH):

1. Current vehicle registration
2. Proof of emissions compliance. Vehicles registered in areas that do not have an emissions program meeting Utah County requirements will need to pass an emissions test. Contact the Traffic Office for further information, telephone (801) 378-3906.
3. BYU identification card
4. Copy of housing contract or room key (required only for a singles on-campus housing C permit)
5. Fee

Fees vary by permit and semester as follows:

Permit	*Fall*	*Winter*	*Spring/Summer*
G	$40	$25	N/A
Y	$15	$10	$ 5
R	$ 5	$ 5	$ 5
C	$ 7.50	$ 5	$ 3
Motorcycle/ Moped	$10	$ 8	$ 4

Parking permits expire September 15, 1996.

Out-of-State Plates
If a student is married and his or her spouse is a nonstudent employed full-time, then the vehicle must be licensed in the state of Utah and cleared for tax payment. This is done at the Utah Motor Vehicles Division, 150 East Center, Provo.

Faculty and staff employees with out-of-state plates must license their vehicles with the state of Utah and clear them for tax payment before they can receive their parking permits.

The state of Utah no longer requires nonresident permits for out-of-state license plates.

Bicycles
Bicycles must be licensed within Utah County. Provo city licenses cost $1 at the Traffic Office.

Bicyclists must:

1. Always park bicycles in racks.
2. Never ride on sidewalks during class breaks.
3. Yield to pedestrians.
4. Obey all traffic rules.

Bicycles not parked in racks will be impounded. BYU will not be responsible for cut locks, chains, or cables. Locks, chains, or cables may be cut only when uniformed police or traffic personnel are present.

Other Regulations and Information
Owner/Operators of motor vehicles operated in Utah County should be prepared to pass Utah County Vehicle Emissions Inspection Maintenance requirements.

Neighborhoods adjoining campus are sometimes inundated with parked vehicles. Students are encouraged to obtain BYU parking permits and to park in university parking lots authorized by the permit.

Traffic regulation information may be obtained from the Traffic Office. It is the responsibility of all students, faculty, and staff members to obey all traffic rules and regulations.

Questions may be directed to Traffic Office personnel at (801) 378-3906.

Parking and Traffic Violation Fines ..... $10–$200

Records Fees
Search fee (duplicate receipt) $1
Transcript fee (per copy—pay at Records Office) $2

Health Insurance Requirement
BYU requires all full-time students (8.5 credit hours or more) to carry adequate medical insurance. Enrollment in the BYU Student Health Plan satisfies the university's insurance requirement, as does enrollment in a group medical plan provided by your employer or your spouse's or parent's employer. For any other medical insurance plan to meet this requirement, it must:

- provide at least 70 percent coverage for all major medical expenses, including physician, hospital, and ancillary services;
- have an individual annual deductible of no more than $500; and
- have an annual plan limit of no less than $25,000.

If you are a full-time student, you must either enroll in the BYU Student Health Plan or provide verification of other adequate insurance coverage. Students who do not return a properly completed waiver form to BYU by the tuition deadline will be automatically enrolled in—and assessed the appropriate premium (single or married student rate) for—the BYU Student Health Plan. The insurance payment and form are due by August 15.

Debt Collection Fees
Students' past-due debts are referred to Student Financial Services for collection. If the BYU debt collection officer is unable to collect the debt within a reasonable time, the debt will be referred to an outside collection agency. In addition to paying the debt, the student debtor will be required to reimburse the university for such collection agency fees before obtaining a release of a financial hold on his or her transcript or before being considered for readmission. Also, eligibility for graduation may be delayed or denied.

Help for New Students

Organize Your Registration Materials

BYU Undergraduate Catalog or BYU Graduate Studies Catalog
The BYU Undergraduate Catalog includes all courses and describes university and major requirements for undergraduates. The BYU Graduate Catalog describes graduate courses and programs. Both catalogs can be purchased at the BYU Bookstore for $5.00 each. To receive either of these catalogs by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. Catalogs mailed second class cost $6.50 each (subject to change), and those mailed first class cost $10.00 each. These prices include postage and handling. VISA, MasterCard, check, or money order is accepted in payment.

Class Schedule
The fall 1995 class schedule includes registration instructions, information to assist in selecting classes, and a list of classes by department. New students are mailed a current class schedule after admission. Class schedules can be purchased at the BYU Bookstore or from the BYU Registration Office for $1 each. To receive the current class schedule by mail, contact BYU Mail Services, 296 UPB, PO Box 21930, Provo, UT 84602-1930, or telephone (801) 378-3658. The cost, which includes first-class postage and handling, is $3.50. VISA, MasterCard, check, or money order is accepted in payment.

Registration Work Sheet
This work sheet is found on page 3 of this class schedule and is also available at the Registration Office, B-130 ASB, PO Box 21114, or the college advisement centers.

List of Required Classes
To obtain a list of classes needed to meet university and major requirements, undergraduates can refer to the BYU Undergraduate Catalog, contact their advisement center, or refer to the General Education for Undergraduates section of this class schedule. Graduate students can refer to the BYU Graduate Catalog, their academic department, or their advisor.

Student Development Elective Courses
Elective credit classes designed to assist new students in their career, academic, and personal progress are available through Student Development course work. Classes are listed under Student Development (StDev) in the class list.

Questions/Answers for New Undergraduate Students

What is a credit hour?
A credit hour usually refers to the number of hours you will meet for formal instruction in class each week. The average freshman can successfully complete from 12.5 to 16 credit hours (five or six classes) per semester or from 6 to 8 credit hours (three or four classes) per term. This work load will vary depending on the difficulty of the classes, outside involvement, and motivation to study.

What is General Education (GE) for undergraduates?
The General Education Program for undergraduates at BYU assures that you have achieved competence in certain skills or knowledge before graduation. Proof of competency is achieved by successfully passing required courses. Some students pass these requirements by taking special examinations for credit when they arrive on campus (without having taken prior BYU course work).

What is a major?
A major is a concentrated group of classes in a particular field that you take to achieve your educational goals. You may have selected a major on the admissions application. If you are presently undecided, you may enter the area called "open major."

How do I request classes?
Students request classes using either a Touch-tone telephone or Academic Information Management (AIM). You should complete the Touch-tone Telephone Instructions and have alternate sections available so that you can submit additional requests by phone if the class is full. AIM can be accessed at a variety of locations around campus. Look for the AIM posters or contact your advisement center for more information.

Which classes should I select?
A guide for selecting classes is found on the following pages.

Selecting Classes—Freshman Year

Use the registration work sheet on page 3 to list your courses. Do not be concerned if you are unable to register for a particular class during your first semester (e.g., Engl 115). You may be able to take it the next semester.

1. Select one or two university-required classes:

Course	Title	Credit Hours
RelA 121	Book of Mormon	2
PE 129	Fitness for Living	0.5
Hlth 129	Health and Lifestyle Management	1
Physical education elective	Varies	0.5

2. Select an appropriate English and math* class based on your preparation:

Course	Title	Credit Hours
Engl 115	College Writing and Reading	3
HonP 200	Intensive Writing	3
Phil 105	Reasoning and Writing	3
Math 97*	Intermediate Algebra (ACT math score 18–21 is prerequisite; this is a no-credit, extra-fee class)	0
Math 110*	College Algebra (ACT math score 22 or above plus two years of high school algebra is prerequisite)	3
Math 112*	Calculus 1 (ACT math score 27 or above plus four years of high school mathematics including precalculus is prerequisite)	4
Math 119*	Introductory Calculus (for business majors; same prerequisite as Math 112)	4

*ACT math score of 22 or above completes the Precollege Mathematics requirement only. It does not complete the math requirement that may be needed for your major. Math 112 meets the General Education Mathematics option.

3. Start work in a foreign language (see page 27).
If you want to pursue the Foreign Language option in GE, you should begin your study of a foreign language as soon as possible. If you have had previous experiences in a language (e.g., high school courses), the relevant language department at BYU provides a diagnostic examination that will help you select the level at which you should start at BYU. If you have had one or fewer years of a language, you should register for a 101 course in the specific language. If you have completed two or more years of a language, you should register for a 102 course in a specific language. You can then make adjustments the first week of school after you have taken the diagnostic examination. You will not be competing with returned missionaries in language courses.

4. Select one or two courses from the following General Education groups. There are Honors Program options in each case. Contact your college advisement center before taking Biol 100 or PhyS 100 if your major is within the College of Biology and Agriculture, the College of Nursing, the College of Education, or the College of Engineering and Technology.

5. Select an interest course.

Select an area that you are interested in learning about. Use the 1994–95 BYU Undergraduate Catalog and this class schedule to identify and select an appropriate course. If you have chosen a major, select a course from those listed by major in section 6.

6. Select a major/emphasis course.

Students who have not selected a major should select an additional GE course.

University Requirements for Undergraduates

Religious and Physical Education

Religion courses are provided at BYU so that students may progress in their religious understanding and convictions simultaneously with their educational progress in secular fields. It has always been the view of The Church of Jesus Christ of Latter-day Saints that education is not complete without proper integration of secular and religious knowledge and values. Understanding and skill are important attainments in life and will better serve the individual when accompanied by religious convictions, attitudes, and standards of behavior. Students should take one religion class each semester of enrollment.

Religious education requirements are: two courses of Book of Mormon, one course of New Testament, and one course of Doctrine and Covenants. Three elective courses in religion are required and are available in ancient and modern scripture, Church history and doctrine, and related subjects.

Physical education requirements comprise the following: the Fitness for Living course, a health course (or health competency test), and two elective activity courses.

General Education Requirement for Undergraduates

There are four components to an undergraduate education at Brigham Young University: religious education, health and physical education, education within a major department, and general education. This section describes the philosophy, requirements, and procedures of the general education program at Brigham Young University.

Philosophy of General Education

The General Education (GE) Program at Brigham Young University complements the other three areas of a university education. Education in the major provides the student with depth in a particular academic discipline. It introduces the student to the type of thinking, language, and skills that prepares for careers or further study in postgraduate or professional programs. General education, in contrast, is designed to provide breadth to the student's intellectual life. It covers the range of human accomplishments: the development of language and civilization, the arts, and the social, behavioral, physical, and biological sciences. Through its perspective, we gain vantage points from which to view the development of our own culture and to see its relation to others.

GE courses teach one to think critically, and they pose questions that foster the development of moral judgement and aesthetic and cultural sensitivities. At Brigham Young University these courses are taught in the context of the restored gospel and the implications that the gospel of Jesus Christ holds for knowledge, truth, and society.

The GE Program for most students is structured around three general categories: the Languages of Learning, the Arts and Sciences Core, and the Arts and Sciences Electives. The Languages of Learning category mandates competencies in writing at both a basic and advanced level, mathematics at a basic level, and mathematics or a foreign language at an advanced level. The Arts and Sciences *Core* asks students to complete a common core of courses early in their undergraduate career. These core courses engage students in a common dialogue across campus about the important ideas that form the basis for modern human understanding. Composing 9 hours of the core are one-semester courses that focus on the American experiment in democracy and on the foundations of the physical and biological sciences. The remaining 6 hours comprise a two-semester sequence of courses that introduces the student to the development of civilization from antiquity to the modern world through the perspective of literature, history, and the arts. The Arts and Sciences *Electives* give students some options for courses that allow them to encounter new areas of knowledge beyond those encompassed by their majors.

Students who enrolled fall semester 1988 or thereafter are expected to complete the GE Program sketched out above. Those who enrolled at BYU for the first time during the period from winter semester 1976 (winter semester 1977 for transfer students) through summer term 1988 may have the option of graduating under the GE Program in effect at that time. However, those who wish to pursue this option must complete their degrees *before the beginning of fall semester 1995.* Students who wish to follow this path are encouraged to meet with their advisement center (see the Directory section of this catalog for their locations) or the Graduation Evaluation Office (B-238 ASB, PO Box 21513, [801] 378-3641) to determine what requirements are necessary for graduation.

Students in a few colleges of the university have slightly modified GE requirements from those given below. The details for each major are specified later in the catalog. Students are encouraged to meet with their advisement center early in their residency at BYU to map out a strategy for a timely completion of these requirements.

Precollege Mathematics Requirement. In today's highly technical society, an educated person must possess a basic understanding of mathematical concepts and proficiency in mathematical skills. The Precollege Mathematics requirement of the GE Program is designed to ensure that our students are mathematically literate.

Many students entering BYU will meet this requirement with an ACT mathematics subscore of 22 or above. Others may do so by passing an examination offered at the Testing Center; through advanced placement mathematics with a score of 3 or better; or by taking a noncredit course, Math 97. The procedure for taking exemption examinations is given below. This requirement should be completed during the first year of residence at BYU.

First-Year Writing Experience. Students are asked to hone their writing skills at an early stage of their career because the ability to think clearly and critically is both fostered by, and reflected in, the ability to write well. Students may complete this requirement through special exams, AP credit, or enrollment in English 115 or Honors 200. Like the Precollege Mathematics requirement, the First-Year Writing course should be taken during the first or second semester of the freshman year. Those wishing to complete the requirement by examination *must* do so within the first year of residence at BYU. No challenge will be allowed thereafter.

Advanced Writing Requirement. Later, when the student has selected a major area of emphasis, the writing skills geared to broad disciplines are developed in an Advanced Writing course. Most students should complete this requirement during their junior year. Courses taught by various departments as well as the English Department are accredited to do so. Students are encouraged to check a current class schedule to determine course availability for a particular major and/or to meet with their major department or college advisement center regarding appropriate classes to fill the requirement.

Mathematics or Foreign Language. To fill this requirement, students may choose either the Mathematics or the Foreign Language option. The Mathematics option requires one or more semesters of college-level mathematics beyond college algebra (Math 110) or introductory logic (Phil 205). In addition to offerings of the Mathematics Department, courses in other areas for which Math 110 is a prerequisite may meet this requirement. Approved courses are listed in the GE section of the current class schedule; students are strongly encouraged to check the class schedule to ensure that their selection has been approved to meet the Mathematics option.

Students who select the Foreign Language requirement must achieve a level of competence that allows them to use the language to access directly the historical, intellectual, literary, and artistic heritage of that culture. The requirement is satisfied through the successful completion of an approved culminating course in the language of choice. Approved culminating courses generally involve significant readings from original texts and the practice of both oral and written skills. The opportunity to experience the cultural and literary works in the original language, rather than in translation, is considered an essential element of the culminating course, and conversation or grammar courses alone will not suffice. Approved courses are listed in the current class schedule.

There is some variability in the number of credit hours needed to complete this requirement. Students with outstanding preparation in high school may be able to tackle the culminating course immediately with no prior college course work, but others with no significant exposure to a foreign language will need to take up to a maximum of four courses, three to develop the fundamentals of the language and the fourth as the culminating course. Some departments offer language tracks specifically for missionaries returning from foreign-speaking assignments. Careful study of the class schedule or consultation with an advisement

center is encouraged to ensure that students are taking the proper course, given their individual circumstances. Also, the Humanities Resource Center (3031 JKHB, PO Box 26094, [801] 378-5424) offers placement testing to determine the appropriate level at which students should begin their course work.

Arts and Sciences Core

Category	*Credit Hours*
American Heritage	3
Biological Science	3
Physical Science	3
History of Civilization	6

American Heritage. The foundations of American political and economic philosophy are explored in a one-semester course. It is recommended that this course be taken during the freshman year.

Biological and Physical Sciences. These requirements are intended, through two one-semester courses, to introduce students to the foundations of the modern biological and physical sciences. Students with outstanding preparation in these areas may complete the requirement through advanced placement credit or by examination. See either the Special GE Examinations or the Advanced Placement and International Baccalaureate Credit section of this catalog for additional details.

History of Civilization. Students must complete one of the History of Civilization two-semester sequences described in the current class schedule. At this time nine departments offer courses that satisfy this requirement. Because the courses are meant to be taken from the same department in a chronological sequence, it is wise to plan on taking them back-to-back semesters. Most students will want to schedule these during their sophomore year, although students in the Freshman Academy (a pilot residential program for freshmen) or the Honors Program may take them during their first year on campus.

Arts and Sciences Electives

Credit Hours	
Four courses selected from approved courses in Arts and Letters, Natural Sciences, and Social and Behavioral Sciences	12

The choice of major mandates a certain mix of courses from the three categories of approved Arts and Sciences Electives. Details can be found under the program requirements for a particular degree.

Students who elect to complete *both* the Mathematics and Foreign Language options are excused from one of the four courses. The three courses to be taken must be selected from the two areas outside the general domain of the major.

Selection and Timing of GE Classes
To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation; such approval is not granted lightly, and students should ensure that the courses they select are, in fact, approved for GE credit. This information is updated each semester/term and published in the current class schedule. Substitutions of nonapproved courses to meet GE requirements are rarely granted.

The Honors Program offers a number of courses that satisfy both GE and Honors requirements. These courses provide a deeper, more intense exposure to the subject matter for the student who is interested in challenging experiences. Additional information concerning these courses may be obtained from the General and Honors Education Office (350 MSRB, PO Box 22600) or by consulting the University Honors Program Course Guide.

In keeping with the aim of the GE Program to provide breadth to the undergraduate experience, students are encouraged to select their electives to cover areas not encountered in the major. Although the time to complete GE requirements varies according to the major, most students should take the core courses during the first two years. A good plan is to complete First-Year Writing, Biol 100, PhyS 100, and American Heritage during the freshman year and History of Civilization during the sophomore year. Advice as to when to complete the GE electives and the Advanced Writing and Mathematics/Foreign Language requirements can be obtained at the college advisement centers or department offices.

Ways to Complete GE Requirements Other Than by Course Work
There are several mechanisms by which students may satisfy the components of the GE Program: passing special examinations at the university; transferring acceptable credit from other academic institutions; or receiving credit from advanced placement (AP) and International Baccalaureate (IB) examinations or from the College Level Examination Program (CLEP).

Special GE Examinations
All General Education requirements can be accomplished by successful completion of a special examination. Two types of examinations are available, exemption and challenge exams. Exemption exams do not, as a matter of course, carry academic credit or grades. A passing score on an exemption exam shows on the Advisement by Computer (ABC) form only as a completion of the requirement. Challenge exams as a group always carry academic credit and a letter grade. The student's transcript and grade point average reflect the score obtained on the exam.

Exemption Examinations. Exemption examinations are offered in the Testing Center (265 HGB, PO Box 22701) for First-Year Writing, Precollege Mathematics, and Physical Science. These are given early each semester/term so that students may drop classes that

their performance on an exam demonstrates are unnecessary and register for others. Dates for this semester are given later in the Special Examination section. First semester/term students are permitted to take the First-Year Writing and Precollege Mathematics exams free of charge one time. All other attempts will be subject to a fee, payable at the Testing Center.

First-Year Writing. Those wishing to complete First-Year Writing by special examination should contact the English Composition Office (3110 JKHB, PO Box 26204) *before* taking the first examination at the Testing Center. In addition to passing this examination, students will need to complete an essay exam, take three tests in the Harold B. Lee Library, and submit samples of their writing to the English Composition Office for evaluation. All parts of the process must be completed within the period of the examination dates. Students who wish academic credit for successful completion of the First-Year Writing requirement may purchase the academic credit and have a grade recorded on the transcript. The Reading/Writing Center (1010 JKHB, PO Box 26091) is available to assist students who are preparing for the First-Year Writing exam.

Physical Science. While offered primarily as an exemption exam, students may elect, after completion of the exam, to purchase academic credit for the course and have the grade from the exam posted to the transcript.

Precollege Mathematics. Since the Precollege Mathematics requirement is typically satisfied by a course (Math 97) that carries no credit, the option to purchase academic credit is not available for this examination.

Challenge Examinations. Some challenge exams are offered through the Testing Center and others must be arranged through departments. There is a fee to take each examination. In addition, to satisfy the GE requirement, students must request academic credit in order to have a letter grade posted to the transcript and reflected in the grade point average. The procedure to take exams and request academic credit is described below.

Purchase of Credit. For examinations given at the Testing Center, go to the Testing Center on one of the scheduled examination dates (see current class schedule for examination dates), pay the required fee, and take the test. Upon successful completion of the exam, obtain a Class Credit Request Form from the Testing Center and have it validated there. Students who pass the First-Year Writing exam must obtain this form from the English Composition Office (3110 JKHB, PO Box 26204) and have it signed by the coordinator of composition. Take the validated form to the Records Office (B-150 ASB, PO Box 21114). The form *must* be submitted to the Records Office within *one year* after completing the exam.

Students enrolled in the course whose exam they have just passed must also complete a Change of Registration Form and drop this course. Failure to officially drop it before the university deadline will cause the grade given by the course instructor to appear on the transcript rather than the grade based upon the challenge exam performance.

For examinations not given in the Testing Center, contact the department that offers the course during the first two weeks of the semester/term, complete the Special Examination Form available there, and arrange a date to take the test. Go to the Cashiers' Office (D-155 ASB, PO Box 21128) pay the required fee, and have the form validated there. Present the validated form to the departmental examiner at the time of the test; have the grade and credit recorded on that form by the departmental examiner after the test has been taken and scored. Present the completed form to the Records Office (B-150 ASB, PO Box 21114) The form *must* be submitted within *one year* after completing the exam.

Transfer Credit

The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office (B-238 ASB, PO Box 21222). Consortium agreements have been reached with several junior and community colleges to facilitate the transfer process for students who have completed certain associate degrees. The Transfer Evaluation Office can be contacted for up-to-date information regarding the status of those agreements with a particular junior or community college.

Advanced Placement and International Baccalaureate Credit

The results of some advanced placement (AP) and International Baccalaureate (IB) exams may be used to waive certain GE requirements and to obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. The Academic Advisement Office (B-238 ASB, PO Box 21222, [801] 378-3641) can be contacted for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

College Level Examination Program

BYU will grant credit for the College Level Examination Program (CLEP). For each general examination on which a student scores 610 or higher, the university will grant 3 hours of credit. Students can contact the Admissions Office (A-153 ASB, PO Box 21110, [801] 378-2507) for additional information.

General Education Courses for Undergraduates

You are strongly encouraged to meet the GE requirements by enrolling in departmental or Honors courses at the university. As noted earlier, General Education is at the center of what Brigham Young University is about. As a consequence, the university devotes substantial resources and engages its best faculty in providing this educational opportunity for you.

The official list of all courses that satisfy current GE requirements follows. In addition, a GE code appears within the class list in this class schedule. The codes identify all GE courses, both required and elective. Definitions of these codes are listed on the Class List Definitions page.

Honors courses are recommended for students with a composite ACT score of 28 or above or a cumulative university GPA of 3.5 or above.

Languages of Learning

First-Year Writing (One course. This should be taken during your freshman year.) — Engl 115 or HonP 200 or Phil 105, 105H

Transfer Students: If you have not already completed this requirement and wish to challenge the course, you must do so during your first year at BYU. Consult the English Department for details.

We **strongly** encourage you to take a First-Year Writing course (Engl 115, HonP 200, or Phil 105) even if you have received AP credit for English, because the skills taught in these courses are essential to a successful university education.

Precollege Mathematics (One course. This should be taken during your freshman year.) See course suggestions for freshmen and for transfer students below. If you are uncertain about which course to register for, contact your college advisement center. — Math 97, 110, 111, 112, 112H, 113, 113H, or 119

Freshmen: You should register for the appropriate mathematics course according to your ACT mathematics subscore, as shown in the following chart:

ACT Math Subscore	*Precollege Mathematics*
22 or above	Requirement is waived, but no credit is given for any course.
20–21	Challenge or enroll in Math 97.
19 or below	Register for Math 97. Note: Math 97 is a noncredit course requiring an additional fee.

Transfer Students: You may satisfy the requirement by (1) submitting your ACT mathematics subscore if it is 22 or above, (2) passing any one of the BYU mathematics courses listed above, or (3) submitting equivalent mathematics transfer credit to Admissions and Records, A-153 ASB.

Advanced Writing

(One course. Generally, this should be taken during your junior year; see your college advisement center for the course recommended for your major. Completion of the First-Year Writing requirement is prerequisite to enrollment in any course in Advanced Writing.) — Art 300; Chem 391; Engl 311, 311H, 312, 312H, 313, 315, 315H, 316, 316H; MCom 320; Phil 311,311H; or HonP 300

Requirement in Mathematics *or* Foreign Language

To fill this requirement, you may choose either the Mathematics or the Foreign Language option. The requirement may be filled by courses within your major. Certain majors require students to fill all of one option and all or part of the other as well. Students who entered the university before fall 1994 and who intend to graduate with University Honors must complete *both* options. Students who are entering the university this semester and wish to graduate with University Honors have slightly different requirements that are detailed in the section describing the Honors Program.

Mathematics Option

The Mathematics option requires one or more semesters of college-level mathematics *beyond* either college algebra (Math 110) or introductory logic (Phil 205). Approved courses are:

Math 112, 112H, 113, 113H, or 119 (Math 110 is prerequisite)
Phil 305 (Phil 205 is prerequisite)
Stat 221, 222, 222H, or 321 (Math 110 is prerequisite)

Foreign Language Option

A student who chooses to fill the Foreign Language option builds on high school, college, or other prior study of foreign language, through which a certain level of competence in the language has been attained. Further study adds to that competence and allows the student to use the language meaningfully to access another major historical, cultural, intellectual, literary, and artistic heritage. Students fill the requirement by completing one of the approved culminating courses in the language that is chosen. A student with no previous knowledge of the language would take the culminating course after taking three semesters of instruction in the language. Students with prior knowledge of the language might be ready for the culminating course with only one or two semesters of instruction, or with none. Conversation and grammar courses will not substitute for the culminating course. Approved courses are:

The Humanities Research Center administers proficiency examinations in less commonly taught languages such as those listed below. Students who independently prepare themselves to pass such an examination subsequently enroll in Anthr 420. Working with cultural anthropology and linguistics faculty in this culminating course, students use their demonstrated language abilities to conduct an ethnographic interview project studying cross-cultural matters specific to their language. After successful completion of the proficiency examination and the foreign language section of Anthr 420, students will be responsible for having the Foreign Language credit posted to their transcripts. This can be accomplished at the college advisement center. Contact the Humanities Research Center, 3060 JKHB, PO Box 26094, or the General and Honors Education Office, 302 MSRB, PO Box 22600, for further information.

Nonnative speakers of the English language may fulfill this requirement through Engl 230, 232, or Hum 261. However, they are encouraged to fulfill the requirement by completing work in a language other than English or their native tongue. Please contact your college advisement center for more information.

Arts and Sciences Core Courses

Most students should take the core courses in American Heritage, Biological Science, and Physical Science during the freshman year and the History of Civilization sequence during the sophomore year.

American Heritage

AHtg 100, 100H, or HonP 240	American Heritage

Biological Science

Biol 100, 100H, 130, McBio 130, or HonP 260	Principles of Biology

Physical Science

PhyS 100, 100H, PhyS 110A *and* 110B, or HonP 259	Physical Science

History of Civilization

Complete one of the following two-course sequences:

Art	
Art 201, 202; 201H, 202H	World Civilization to 1500, World Civilization Since 1500
Comparative Literature	
Clit/Engl 201, 202; 201H, 202H	History of Civilization: Literature 1, 2
English	
Engl/CLit 201, 202; 201H, 202H	Masterpieces of World Literature 1, 2
History	
Hist 201, 202; 201H, 202H	World Civilization to 1500, World Civilization Since 1500
Honors	
HonP 201, 202	History of Civilization 1,2
Humanities	
Hum 201, 202; 201H, 202H	Arts in Western Culture 1,2
Music	
Music 201, 202	History of Civilization: Music 1, 2
Philosophy	
Phil 201, 202; 201H, 202H	History of Philosophy 1, 2
Phil 210, 211; 210H, 211H	Science of Civilization 1,2
Political Science	
PISc 201, 202; 201H, 202H	Western Political Heritage 1, 2

You must complete one of the History of Civilization sequences listed above. If the discontinuation of a certain sequence during an extended absence from the university makes a change in the second course unavoidable, you should consult with your advisement center for assistance in identifying an appropriate alternative.

Arts and Sciences Elective Courses

The following restrictions to the electives apply *only* to new students entering fall 1988 and thereafter or transfer students entering fall 1991 and thereafter. To meet elective requirements on the program in effect prior to 1988, a student may *not* take more than one class from any single department.

1. No more than one course taken in the broad area of the student's major will meet the electives requirement. That is, majors in the College of Fine Arts and Communications or the College of Humanities may take only one elective in Arts and Letters. Majors in the College of Biology and Agriculture, the College of Engineering and Technology, the College of Nursing, or the College of Physical and Mathematical Sciences may take only one elective in Natural Sciences. Majors in the College of Family, Home, and Social Sciences may take only one elective in Social and Behavioral Sciences. Majors in the Marriott School of Management, the College of Education, or the College of Physical Education must distribute the four electives over all three of the categories.

   Students may choose not to take any elective course in the broad area of the major but to fulfill the elective requirement by completing two approved courses in each of the two categories outside the area of the major.

   A minimum of one elective in each of the categories outside the broad area of the major is required. For example, a major in the College of Family, Home, and Social Sciences must take at least one Arts and Sciences elective and one Natural Sciences elective to fill the GE requirements.

2. Students who elect to complete *both* the Mathematics and the Foreign Language options are excused from one of the four Arts and Sciences elective requirements. However, they are subject to restriction 1 above and should complete the electives requirement by selecting courses in each of the remaining categories outside the broad area of the major.

Arts and Letters Electives

In addition to the courses listed below, courses offered by the Honors Program with numbers HonP 203–220 or HonP 303–320 or by the General and Honors Education Office with numbers GE 203–220 or GE 303–320 will fill an Arts and Letters elective.

Special Examinations

Examinations for some General Education classes and the university health requirement are offered at the Testing Center, 265 HGB, on the dates noted below. The Testing Center is open during the following times:

	Center Open	*Exams Collected*	*Center Vacated*
Mon–Fri	8:00 a.m.	9:00 p.m.	9:30 p.m.
Sat	9:00 a.m.	12:30 p.m.	1:00 p.m.

Note: You can retake an examination (except Hlth 129) only after seven days of further preparation and during the posted exam period.

Exemption Examinations: No Credit or Grade

Exemption examinations are given in the Testing Center for three GE requirements—First-Year Writing, Precollege Mathematics, and Physical Science 100—on the dates given below. Fees are required for the examinations. A passing grade on an examination means that your Advisement By Computer (ABC) Form will reflect the completion of the GE requirement. However, no academic credit will be posted on the transcript of grades unless it is requested by submitting the proper form to the Records Office, B-150 ASB, PO Box 21114.

All first-semester/term students may take the exemption examinations for First-Year Writing and Precollege Mathematics free of charge one time. The regular examination fee will be charged for additional examinations and any that are taken after the first semester/term of residence.

Precollege Mathematics (Mathematics 97)
September 5–September 18

Students who take the exemption examination for Mathematics 97 to meet the Precollege Mathematics requirement do not have the option of requesting academic credit since the course carries no credit.

First-Year Writing (English 115)
September 5–October 5

Note: Students wishing to take the exemption examination for First-Year Writing must contact the English Composition Office, 3110 JKHB, PO Box 26204, for specific details on the challenge process *before* taking the first examination in the Testing Center. After passing this first examination in the Testing Center, you will need to complete an essay examination and take three tests in the Harold B. Lee Library, as well as submit samples of your writing to the

English Composition Office to be evaluated in conjunction with the examination. All parts of the challenge must be completed within the examination dates. Students who pass the exemption examination for First-Year Writing have the option of requesting academic credit and having the grade posted on the transcript of grades.

(See the Special Examinations for Graded Credit section following for instructions regarding the procedure for requesting academic credit.)

The Reading-Writing Center, 1010 JKHB, is available to assist students who are preparing for the First-Year Writing exemption examination.

Physical Science (Physical Science 100)
September 5–October 3

To receive an exemption from Physical Science 100, you must receive a grade of B– or better. However, students who receive grades of C– or above may request the academic grade and have the grade posted to their transcript. (See the Special Examina-tions for Graded Credit section following for instructions regarding the procedure for requesting academic credit.)

An exemption examination is also allowed for the university requirement Health 129.

Health (Health 129)
September 5–September 18

You may take the examination one time only. Successfully passing it will complete the health requirement with a P grade worth 1 credit hour. The examination is offered each semester and term during the posted testing period. If you fail the exam, you must complete Health 129 or 130.

Special Examinations for Graded Credit

Special examinations for graded credit are referred to as "challenge examinations" and must be arranged through the Testing Center or the department offering the examination. A $20 fee is required for challenge examinations offered through individual departments. A $10 fee is charged for examinations offered in the Testing Center. In addition to this fee, you must request academic credit by submitting the proper form to the Records Office, B-150 ASB, PO Box 21114.

Challenge examinations for three GE courses are offered on the dates listed below in the Testing Center. The tests are scheduled early in the semester/term to allow students to drop unneeded classes before the official drop deadline, if necessary. You do not have to be enrolled in a course to challenge it for credit; however, if you are enrolled in a course that you successfully challenge by special examination for graded credit, you should drop the course and *must* do so before the official university drop deadline. For information on special examinations for First-Year Writing, consult the English Composition Office, 3110 JKHB, PO Box 26204.

Challenge examinations are given on the following dates:

Advanced Writing, Tests 1 and 2
September 5–October 3

Note: The Advanced Writing examination has three parts. The first part includes two tests given in Center. However, before taking these tests, you should contact the English Composition Office, 3110 JKHB, PO Box 26204, for specific instructions. In parts two and three, several papers are required that must be initiated before the end of the examination period indicated above, and an additional $40 reading fee is required for these parts of the examination. All parts of the examination must be completed within a single semester or term. **You cannot challenge the Advanced Writing requirement in the semester in which you intend to graduate.**

American Heritage (American Heritage 100)
September 5–October 3

Biological Science (Biology 100)
September 5–September 18

The procedures for challenging General Education courses are as follows:

I. For Examinations Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:
      1. Go to the Testing Center on one of the scheduled examination dates.
      2. Pay the required fee at the Testing Center.
      3. On successful completion of the examination, obtain a Class Credit Request Form from Testing Services, 265 HGB, and have it validated there. Students who pass the First-Year Writing examination must obtain the Class Credit Request Form from the English Composition Office, 3110 JKHB, and have it signed by the coordinator of composition.
      4. Present the completed form to the Records Office, B-150 ASB. The form must be submitted to the Records Office during the semester/term in which the examination is passed.
   B. *If enrolled in the course*, you *must* also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

II. For Examinations *Not* Given at the Testing Center:
   A. Whether or not you are enrolled in the course that you are challenging:

1. Contact the department that offers the course during the first two weeks of the semester/term.
2. Complete the Special Examination Form available from the department.
3. Arrange to take the examination.
4. Pay the required testing fee at the Cashiers' Office, D-155 ASB, PO Box 21128, and have the form validated there.
5. Present the validated form to the departmental examiner.
6. Have the grade and credit recorded on the form by the examiner and obtain the necessary signatures.
7. Present the completed form to the Records Office, B-150 ASB, PO Box 21114. The form must be submitted within one year after completing the examination.

B. *If enrolled in the course*, you must also complete a Change of Registration Form and drop the course. If the challenged course is not *officially* dropped before the university's deadline, the grade given by the instructor based on class performance will appear on the transcript of grades.

How Do You Get Help with Specific Questions Concerning General Education?

The essential information concerning General Education is found in the current BYU Undergraduate Catalog. Sources of additional information include the following:

1. **College Advisement Centers**.
The recommended source of information and advice about General Education requirements is the college advisement center. These centers, together with the Open Major Advisement Center, 151 SWKT, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Computer terminals are available in the advisement centers and other locations on campus to provide you with an up-to-date report of your academic status. In addition, Advisement by Computer (ABC) Forms are sent to you early each semester. These list the GE courses you have completed and also the GE requirements that remain to be completed.

2. **Dean of General and Honors Education.**
Questions dealing with General Education are handled in 350 MSRB, PO Box 22600, telephone (801) 378-6137.

University Honors for Undergraduates

University Honors at Graduation
University Honors" is a distinction awarded to all graduates of BYU who have met the Honors requirements in General Education as described below. This prestigious designation is recorded on the university diploma, on the official transcript of grades, and in the graduation program. All Honors classes taken and the Honors thesis title also appear on the transcript.

University Honors with Honors in a Major
Certain departments have established Honors majors that build on the foundation of the Honors requirements in General Education. Students majoring in these departments who meet the requirements for graduation with University Honors have the additional option of meeting the requirements of the Honors major and graduating with "Honors in [a certain major]." Thus, you may graduate with "University Honors and Honors in Chemistry," for example. (Note, however, that it is not possible to graduate with Honors in chemistry unless one also satisfies the requirement for graduation with University Honors as well.) For the name of the Honors advisor in a certain department, consult the University Honors Program Course Guide or contact the departmental office. Honors majors can be completed in art history, chemistry, communications, comparative literature, economics, electrical engineering, English, French, geology, German, history, humanities, Italian, mathematics, mechanical engineering, microbiology, molecular biology, music, philosophy, physics, Portuguese, Russian, Spanish, statistics, studio art, and zoology.

Participation in Honors
Honors Education provides an unusually rich and challenging experience for capable and motivated students. Honors Education is not merely a more intensive General Education or a more strenuous program in a major. Rather, it attempts to link the broad university perspective with the specific concentration associated with a major. Students who pursue Honors Education at Brigham Young University will be offered the challenge of Honors courses that form a part of their General Education, as well as an intensive experience in their major.

To graduate from BYU you must meet not only the requirements of a major department but also the requirements of General Education, religion, and physical education. Most students complete the nonmajor requirements through courses in the general university curriculum. Capable and motivated students are invited to satisfy General Education and Religious Education requirements through Honors. Although it is hoped that students will choose to complete all of the requirements for the University Honors designation, those who do not intend to do so are still invited to participate in the Honors curriculum to whatever extent they choose.

Honors Education is open to all capable and motivated students and only requires a formal commitment of intent (1) to graduate with University Honors, (2) to register for at least one Honors course each semester of the first two years in the program, and (3) to maintain a 3.5 GPA. Commitment forms may be obtained in 350 MSRB.

Indicators of "capable" include a composite ACT score of 28 or above, a high school GPA of 3.8 or above, or a university GPA of 3.5 or above. Defining "motivated" is more difficult. It would be a mistake to recommend Honors courses only to those students with high scores, either GPA or ACT, since it is difficult to gauge ability from scores alone. Such scores may not say much about such important inner qualities as determination, discipline, and initiative or about recent achievements that may contrast with earlier performance. All students are invited to consider Honors as a way to achieve the kind of academic experiences they seek. You may register for Honors courses at any time during your undergraduate years without necessarily intending to complete all the Honors graduation requirements.

The Advantages of Honors

Faculty
The most important advantage of enrolling in Honors is the opportunity to participate in demanding, high-quality courses taught by some of the university's best professors. In addition, Honors provides a stimulating learning environment outside formal course settings.

Curriculum
Honors offers a curriculum core consisting of a two-semester sequence in History of Civilization and an intensive writing course. Beyond this core, Honors colloquia, seminars, and departmental Honors courses provide a variety of experiences for Honors students in the historical development of ideas, cultures, arts, letters, and the sciences; these offerings are discussed more fully below.

Honors Colloquia. Each semester, Honors sponsors several Honors colloquia that bring together teams of the university's most respected professors from diverse disciplines to teach a variety of broadly based subjects. The colloquia are interdisciplinary in nature and taught by at least two and often three professors from different fields. These courses allow a unique flexibility in method and content and stress the complementary nature of various disciplines in dealing with our cultural heritage and modern problems. Recent colloquia include "Turning Points in the History of Civilization," "Use and Misuse of Human and Natural Resources," "Education as a Moral Endeavor," "The Daedalus Project," "Texts of Influence on the Jewish and Christian Religious Heritages," "Shaping the Modern Mind," and "Jerusalem: Past, Present, and Future."

The particular subjects and faculty differ across colloquia. Some provide an integrated approach. Others are intended primarily for students majoring in particular disciplines. All of the colloquia, however, are centered on intensive reading, discussion in large and small groups, and careful writing. Each colloquium involves a group of approximately fifty students and two or three faculty and offers an educational experience unlike that in any other class offered at the university.

Honors Seminars. A number of Honors seminars are also offered each semester. They range across subjects as diverse as "Women's Issues in the Natural Sciences," "Health and Disease in History," "The Literature of Pilgrimage," and "Bioethics." The seminars are centered within a discipline, but they are intended to be accessible to students who are not majors in that discipline. Like the colloquia, the seminars require critical reading, thinking, writing, and discussion. But unlike the colloquia, the seminars are more specialized, are directed by a single professor, and are usually limited in enrollment to twenty students.

Departmental Honors Sections. Departments within the university offer courses intended for Honors students that are taught by their strongest faculty. Departmental Honors sections of GE courses are usually smaller than regular courses and provide greater occasion for classroom discussion and additional reading and writing under the supervision of the professor. In addition, if the department offers an Honors major, some courses in that major may be structured specifically for the Honors student. These courses would go beyond the limits of the traditional major and would stress critical and analytical thinking and writing in the form appropriate to the subject of the major.

Honors Housing, the Honors Center, and Special Honors Activities

Students in Honors benefit most directly from their association with fellow Honors students and with Honors faculty. To encourage this interaction among students outside the classroom, special on-campus housing for Honors students (in Helaman Halls, Deseret Towers, and Heritage Halls) is available. In addition, Honors students also have a center in the Karl G. Maeser Memorial Building, which provides them with a quiet study hall and a commons room for informal meetings and discussion. An Honors computer room and an Honors writing laboratory are housed nearby in the Heber J. Grant Building.

Honors publishes the scholarly work of students in *Insight,* an intellectual journal with an all-student staff. A special series of concerts, dramatic productions, and exhibitions of art and photography are sponsored by Honors in the Maeser Building, and assistance with academic advisement is provided by Honors student aides.

Scheme 1
(For students who entered the university fall 1994 or thereafter)

1. Commit to graduate with University Honors.
2. Take the required Honors courses:
   a. Two Honors sections of religion courses
   b. Two Honors History of Civilization courses
   c. HonP 200 (or its equivalent)
   d. Three Honors elective courses
   e. Two semesters of foreign language study (the same foreign language)
   f. Math 112 or equivalent
3. Meet with an Honors Program representative for advisement at least once each year.
4. Before the junior year, complete and submit a "Great Works Contract" to the Honors Program (350 MSRB).
5. During the junior year, demonstrate familiarity with the "Great Works Contract" by turning in a portfolio of one-page responses to the works on it. Forms for responses are provided at 350 MSRB.
6. Preferably during the junior year, take two sections of HonP 214R covering works or topics not in your major. Under the direction of the several instructors of those sections, write a one-page response to each work covered. Have these responses approved by the appropriate instructors and include them in your portfolio.
7. During the junior year, submit a thesis proposal to the Honors Program (350 MSRB). Please pay special attention to the deadlines listed below so you do not run out of time. **Many theses require more time than that between the deadline for proposals and the deadline for thesis submissions.** For more information about your thesis proposal, see the handout "Instructions for the Thesis Proposal," which may be obtained from 350 MSRB.
8. During the senior year, turn in your portfolio, containing (1) samples of your writing from each year of your university career, (2) your responses to the works on your "Great Works Contract," (3) your responses to the Honors modules in the two sections of HonP 214R, and (4) a one-page description of your ongoing service at BYU. You who have served a full-time mission should include it as part of your service, but your description of your service should show that serving others was part of your life before your mission and continues after it.

9. Submit one copy of your *finished* thesis to the Honors Program by the deadline below.

Thesis Deadlines*

For graduation in:	Apr	Aug	Dec
Thesis proposal approved	Sep 1	Mar 1	May 1
One copy of thesis submitted to Honors Program	Jan 15	May 15	Sep 1
Thesis defense scheduled	Feb 1	Jun 1	Oct 1
Exit interview completed; portfolio submitted	Mar 1	Jul 1	Nov 1
Four perfect copies of thesis on bond paper submitted to Honors Program for binding	Apr 1	Aug 1	Dec 1

***These date are deadlines, but most students will need to have their thesis proposal approved considerably before the deadline, preferably more than two semesters before defending the thesis.** Thus, those graduating in April should usually have their thesis approved no later than the previous April. In general, theses require one semester for research and a second for writing, so most students should plan to begin their research during their junior year.

10. When you submit your thesis, check with the Honors Program to find out the dean or Maeser General Education professor who has been assigned to chair your thesis defense committee. For more about the thesis defense, see the handout "The Honors Thesis Defense," available in 350 MSRB.
11. Have your advisor verify to the Honors Program that you are ready to defend your thesis by having your advisor sign the "Honors Thesis Submission Form." You may not schedule your defense until your advisor verifies that you are ready to defend.
12. At least two weeks beforehand, schedule your thesis defense with the assigned examination committee chair from Honors and the other members of the examination committee. To do this, contact each committee member to decide a mutually agreeable date, time, and location for the interview. As a courtesy, you should also invite your department or program chair to attend. Schedule this interview so that it will be completed by the deadlines below. For your advisor's and referee's convenience, please try to schedule your thesis defense in your major department's conference room. If nothing else is available, telephone 378-6137 and reserve the Honors conference room (305 MSRB). Inform everyone involved to allow at least 1.5 hours for the thesis defense.
13. At least two weeks before your thesis defense, submit a copy of your finished thesis to the members of your thesis defense committee (i.e., your thesis advisor and faculty referee).
14. After the defense and by the deadline below, complete any required corrections and submit four copies of your finished thesis on bond paper for binding. Please be sure that you obtain the signatures of the advisor on all title pages *before* submitting the final copies for binding. It usually takes one month to have theses bound. Leave your forwarding address so we can mail you a copy of your thesis when it arrives.

Scheme 2
(For students who entered before fall 1994)

1. Commit to graduate with University Honors.
2. Take the required Honors courses:
   a. Two Honors History of Civilization courses
   b. HonP 200 (or its equivalent)
   c. Three Honors elective courses
   d. Four semesters of foreign language study (the same foreign language)
   e. Math 112 or equivalent
3. Meet with an Honors Program representative for advisement at least once each year.
4. Before the junior year, complete and submit a "Great Works Contract" to the Honors Program (350 MSRB).
5. During the junior year, demonstrate familiarity with the "Great Works Contract" by turning in a portfolio of one-page responses to the works on it. Forms for responses are provided at 350 MSRB.
6. Preferably during the junior year, take two sections of HonP 214R covering works or topics not in your major. Under the direction of the several instructors of those sections, write a one-page response to each work covered. Great Works of Literature, Art, and Film

As part of their undergraduate work, Honors students are expected to complete an independent study of a number of the most important works of literature and the other arts. A reading, listening, and viewing guide provides suggestions, but alternative works may also meet the requirement subject to approval by the Honors deans.

The purpose of the "Great Works" list is to help you begin to appreciate the breadth as well as depth of true education. Completion of this requirement should give you a start on the continued reading and thinking that is part of being educated. You should be familiar with:

1. Ten or more works of literature, philosophy, social science, and science. These must include:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
   d. Two scientific or mathematical texts
   e. One social science text (such as a book about history, economics, or political science)
2. Ten works of art, including:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
3. Ten musical works:
   a. At least one non-Western work
   b. One work by a woman
   c. One work by a member of a minority
4. Five films (including one silent and two foreign)

"Great Works Contracts" must be approved by an Honors dean before your junior year. You are expected to demonstrate familiarity with the works on your "Great Works Contract" by turning in a portfolio of one-page responses to the works during your junior year. More information and the "Great Works" list are available in 350 MSRB.

Many of the works will likely be studied in connection with courses, but Honors also sponsors a series of "modules" each semester. Each module is devoted to discussion and analysis of a selected work from the list. The modules are led by professors who are authorities on the subject.

The modules may be audited. However, 1credit hour may be earned by attending three months of modules and by registering for HonP 214R, section 1 for literature and section 2 for music. (No General Education credit is awarded for this course.)

Honors Thesis/Capstone Experience
To graduate with University Honors, you must complete an Honors thesis/capstone project. This requirement provides an opportunity for you to work closely with a faculty member on a project of your choosing in the major. The thesis/capstone project represents an independent work reflecting the highest standards of achievement for undergraduates. It must receive both departmental and Honors approval.

Honors Student Portfolio
The portfolio represents primarily a collection of your best work throughout your tenure as an undergraduate student. However, the portfolio is not a scrapbook; it contains *samples* of your best writing, which may include class papers, exams, laboratory reports, musical compositions, paintings, designs of equipment, articles submitted for publication, etc. Depending on your major, the portfolio may contain other appropriate evidences of academic progress or achievement (e.g., artwork). When submitted for examination at the junior year exit interview, the portfolio should contain, but is not limited to:

1. A one-page outline or summary, semester by semester, of the major highlights and achievements of your undergraduate experience.
2. A one-page evaluation or assessment of your most memorable service experience while a student at BYU. Why or how was this experience formative for you? How do you plan to serve the larger community once you have left the university?
3. A current transcript.
4. A list of three faculty members who know you and your work.
5. A *representative collection* of your best academic work that reflects your educational progression throughout the undergraduate years. In this collection, some correlation with item 1 is looked for.

Honors and Grades
Anyone may register for Honors classes, but the classes are taught at the level of the superior student. Statistics indicate that capable and diligent students do very well in Honors classes. In fact, on the average, they receive slightly higher grades in their Honors classes than in their other classes in any given semester. Honors courses are not graded on a curve. Because the classes are more demanding and fulfilling, most students are motivated to perform well.

Honors Courses
The University Honors Program Course Guide contains a complete list of Honors courses and detailed course descriptions. It is an essential supplement to this catalog and the current class schedule. To obtain the course guide or further information about any part of the Honors Program, contact the General and Honors Education Office.

Course Descriptions
More detailed descriptions of the courses that follow are provided in the University Honors Program Course Guide. To obtain the course guide or further information about any part of the Honors Program, please contact the General and Honors Education Office.

University Assemblies

University Devotionals, Firesides, and Forums

University devotionals and forums, held throughout the year on Tuesdays at 11:00 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community in the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters.

Devotional speakers are selected from the General Authorities and other leaders of the Church and the university, who come to teach the gospel and affirm the spiritual dimension of the university experience for students and faculty. An additional opportunity is provided, by regular Church Educational System firesides, usually held on the first Sunday of the month.

Forum speakers are noted authorities in the arts, sciences, humanities, media, and government, chosen for their contributions to their field and their ability to communicate their insights. Participation in these assemblies (and in the discussion sessions that may accompany them) prompts inquiry into an understanding of significant intellectual, cultural, and social issues.

Most campus offices and services are closed during university assemblies so that members of the university community may participate.

Graduate Education

Brigham Young University offers doctoral and master's degrees in a broad range of fields, as well as professional degrees in law and management. The doctoral degree requires you to demonstrate an impressive scholarly competence, which includes the ability to conduct and report significant research in a highly effective way. Advanced systematic study in a discipline is also essential, and it is followed by comprehensive examinations that require you to integrate and understand the collective knowledge of your discipline. An impeccably written dissertation resulting from independent research is scrutinized and tested in a concluding oral examination. The master's degree also requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. Nearly all nonprofessional master's programs at Brigham Young University require integrating examinations and a major culminating piece of written work—usually a thesis, sometimes a project—and an oral examination on that work. Professional programs also demand high-level performance of students, blending scholarly insight with technical knowledge and skill.

Admission to Graduate Study
Application to graduate study is made through the Office of Graduate Studies, B-356 ASB, PO Box 21341. Except in a small number of integrated programs, the bachelor's degree is required before you may register in a graduate program. Admission to graduate study is determined by individual departments, once standard university requirements have been met. Applicants must be admitted to study in specific programs, many of which are highly selective and admit only a limited number of students each year. Prospective applicants should communicate their interests to the specific departments to which they wish to apply and receive program and admission information from them.

Advisement of Graduate Students
Once admitted to a department graduate program, you are advised by particular faculty members and the department graduate coordinator rather than through college advisement centers. General questions about university admissions, procedures, and graduation may be directed to the Office of Graduate Studies, where advisors work individually with students and departments in admitting students and seeing them through their programs to graduation. Graduate students should read and regularly consult the current BYU Graduate Catalog for information about university policies and procedures as well as department programs.

Degree Requirements
University minimums require 54 credit hours for the doctoral degree and 30 credit hours for the master's degree. A number of programs, particularly professional programs, require more than those minimums. The highly individual nature of graduate work is reflected in the specialized programs offered by departments and the selection of courses appearing on each student's study list. Except in professional programs, courses of study are tailored for individual students, and their progress through those courses is tracked by the Office of Graduate Studies and reported to the students and their department advisors three times a year.

Graduate Curriculum
Graduate courses in the university are numbered in the five, six, and seven hundreds. Seniors with exceptional ability may, on occasion, register for courses numbered in the 500 series but should be aware that such courses are taught at a graduate level and expectations may exceed the undergraduate's preparation. Graduate courses generally require significant research and individual initiative.

Registration Requirements
Given the more intensive nature of graduate study, a normal semester registration is from 9 to 12 credit hours. Some programs in the sciences limit students to a 6-hour registration. It is the responsibility of each graduate student to understand and follow both the general university requirements for graduate work and the specific department requirements for individual programs.

U.S. graduate students must register for a minimum of 6 semester hours per academic year and must be registered for a minimum of 2 semester hours in the semester or term in which they are (a) admitted into a graduate program or (b) plan to graduate. No D, E, UW, NS, or I grades, nor audits or correspondence courses, may count toward these totals or toward a graduate degree.

Immigration regulations require international students to register for at least 9 semester hours each fall and winter semester until they have fewer than 9 credit hours remaining to finish their programs. Then they must register for at least 2 semester hours.

Academic Standards
Grade Point Average (GPA) Requirements. Graduate students whose graduate program (study list) GPA falls below 3.0 (prerequisite and skill courses are exempted) will not be allowed to graduate and may be dismissed from their graduate programs. No D credit may apply toward a graduate degree.

Annual Reviews of Graduate Students. Departments are asked to make a formal evaluation of the performance of graduate students at least once a year; some evaluate more frequently. Each department establishes its own evaluation criteria and the standards it requires graduate students to meet, but generally evaluations are based on students' total academic performance, their fulfillment of program requirements

(study list submitted, courses completed on schedule, prospectus approved by department, student advanced to candidacy), and their professional performance (including quality of teaching and research).

Enrollment Verification
Graduate students may request verification of their enrollment status as full-time or part-time students, for loans or for other purposes, from the Records Office, B-150 ASB, PO Box 21114, telephone (801) 378-2631. Registration for a minimum of 8.5 credit hours constitutes full-time enrollment in a semester, and 4.5 credit hours does so in a term. Registration for fewer hours constitutes part-time enrollment.

Graduate students (master's and doctoral students) who are enrolled for at least 2 hours per semester, and who can be certified by their department as being engaged full-time in pursuit of their degrees, can petition for graduate full-time status. Requests for such an exception should be directed to the Office of Graduate Studies.

Campus Privileges for Graduate Students
Graduate students who are registered for at least 2 hours per semester or 1 hour per term receive a university (ID) activity card and are eligible for all on-campus privileges afforded students who are registered full-time, i.e., on-campus employment, student housing, student insurance, intramurals, use of physical education facilities, graduate parking permits, and discount admission to sporting and cultural events.

Changing Degree Levels
With department approval, students who want to change from one degree level to another within a department and without interruption of enrollment can request the change by submitting to the Office of Graduate Studies a Request to Change Degree Level (Form 1C), paying the application fee, and following the instructions on the back of the form. After receiving a department's recommendation to approve or deny the request, the Office of Graduate Studies will officially notify you.

Changing Departments
To change departments, you must submit another complete application, including another application fee, by the required deadline for the new program.

Discontinuance from BYU
Graduate students who wish to withdraw from the university must initiate that process at the Discontinuance Office, B-150 ASB, PO Box 21114, telephone (801) 378-7705.

Termination of Graduate Status
Termination of graduate status may result if you:

1. Fail to fulfill the university's minimum registration requirement.
2. Fail to meet the degree time limit.
3. Make a request to withdraw (with the intent to pursue a degree at another university, for personal reasons, or in response to department recommendation).
4. Receive a Marginal or Unsatisfactory rating in a periodic review by the academic department and are unable or unwilling to comply with conditions for continuance outlined by the department.
5. Fail to make what the department or the university deems to be satisfactory progress toward a graduate degree.
6. Fail the departmental comprehensive examination.
7. Fail the final oral examination (defense of dissertation, thesis, or project).
8. Violate the university's Honor Code.

Academic Standards

Your academic standing in the university is determined according to the grades that you earn. The following outline shows the conditions and expectations according to your academic standing.

ACADEMIC STATUS	UNDER THESE CONDITIONS	EXPECTATIONS
Satisfactory Standing	Occurs when your most recent semester/term GPA and your BYU cumulative GPA are 2.0 or above.	Continue to maintain a BYU cumulative GPA of 2.0 or higher until graduation.
WARNING	Occurs when your most recent semester/term GPA is below 2.0.	Contact the Academic Support Office for assistance.
WARNING *with* Registration Block	Occurs when your BYU cumulative GPA is below 2.0 and you have completed more than one semester/ term at BYU. OR Occurs when your semester/term GPA is below 1.0.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office.
PROBATION *with* Registration Block	Occurs when you have been on warning status and your next semester/term GPA is below 2.0. OR Occurs if at any previous time you have been on probation or suspension status at BYU and your semester/term GPA again is below 2.0. OR Occurs if your BYU cumulative GPA remains below 2.0 and you have been moved to probation status.	You must contact the Academic Support Office (151 SWKT) to review your academic status. You **WILL NOT** be allowed to register for future semesters/ terms until you have obtained clearance through the Academic Support Office. **Note:** If you are receiving university or federal financial aid, you must also contact the Financial Aid Office (A-41 ASB). Students on probation usually are not eligible for financial aid.
SUSPENSION	Occurs when you have been on probation status and your next semester/term GPA is below 2.0. OR Occurs when you fail to comply with the conditions prescribed by the Academic Support Office.	1. Suspended students are denied continued enrollment. If you are suspended and desire to return to BYU at some future point, you must qualify for readmission. If you wish to appeal your suspension, you must contact the Academic Support Office (151 SWKT). 2. If you have preregistered and/or paid any fees for a subsequent semester/term, you **MUST** withdraw (discontinue) and arrange for a tuition refund. Contact the Academic Support Office (151 SWKT) for assistance. 3. Suspension will be noted on your official BYU transcript.
DISMISSAL	Occurs when you are suspended a second time from the university.	Academic dismissal is noted on your official BYU transcript. You will need to seek other options to continue formal education.

NOTE: Registration blocks may also be set by college advisement centers (CACs) on students not progressing toward graduation in timely ways. To have this block removed you must also meet with your CAC.

Brigham Young University Honor Code

We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men. . . . If there is anything virtuous, lovely, or of good report or praiseworthy, we seek after these things.

—THIRTEENTH ARTICLE OF FAITH

Brigham Young University exists to provide a university education in an atmosphere consistent with the ideals and principles of The Church of Jesus Christ of Latter-day Saints. This atmosphere is preserved through commitment to conduct that reflects those ideals and principles.

As a matter of personal commitment, students, staff, and faculty of Brigham Young University are expected to demonstrate in daily living those moral virtues encompassed in the gospel of Jesus Christ, and will

Be honest
Live a chaste and virtuous life
Obey the law
Use clean language
Respect others
Abstain from alcoholic beverages, tobacco, tea, coffee, and drug abuse.

Continuing Ecclesiastical Endorsement

Every enrolled, continuing student, including graduate students, is required each year to obtain a Continuing Ecclesiastical Endorsement by April 1 from his or her winter semester ecclesiastical leader. LDS students must be endorsed by their winter semester ward-of-residence bishop. Non-LDS students obtain the endorsement from an ecclesiastical leader of their choice or from the Dean of Student Life's office, 380 SWKT, PO Box 25542.

Requirements

All students must abide by the Honor Code, the Residential Living Standards, and the Dress and Grooming Standards. LDS students must fulfill their duty in The Church of Jesus Christ of Latter-day Saints, attend Church meetings, and abide by the rules and standards of the Church. The endorsement deadline is April 1 of each year.

Dress and Grooming Standards

The dress and grooming of both men and women should always be modest, neat, and clean, consistent with the dignity of representing Brigham Young University and The Church of Jesus Christ of Latter-day Saints.

Modesty and cleanliness are important values that reflect personal dignity and integrity, through which students, staff, and faculty of BYU represent the principles and standards of the Church. These members of the BYU community commit themselves to observe the following standards, which reflect the direction of the BYU Board of Trustees and the Church publication *For the Strength of Youth.*

- Clothing should be modest in fabric, fit, and style, and appropriate for the occasion. Skirts and shorts should be knee-length or lower. Clothing which is sleeveless, strapless, or revealing is not acceptable. Shoes should be worn in public campus areas.
- A clean and well-cared-for appearance should be maintained. Hairstyles should be clean and neat, avoiding extreme styles. Men's hair should be trimmed above the collar, leaving the ear uncovered. If worn, mustaches should be neatly trimmed. Earrings for men are unacceptable, and beards are not acceptable, except for certified medical reasons.

Nondiscrimination Policy

Admission to Brigham Young University is nondiscriminatory. The university admits persons regardless of race, color, national origin, religion, age, gender, or disability who meet university and academic requirements and agree to abide by the university's standards of conduct and behavior. Persons who believe they have been unlawfully discriminated against should contact the Equal Opportunity Office, A-285 ASB, PO Box 21220, telephone (801) 378-6878.

University Policies

Confidentiality of Records Policy
The Family Educational Rights and Privacy Act of 1974 (FERPA) controls access to student education records. Brigham Young University will make a reasonable effort to extend to eligible students and their parents the rights granted by the act. On presentation of appropriate identification and under circumstances that prevent alteration or mutilation of records, a student will be able to inspect all education records not considered by the university to be held under a pledge of confidentiality or considered to be private records of university personnel. Those with legitimate access to the records will be charged a reasonable fee for copies.

A student is entitled to an explanation of any recorded data and may initiate action pursuant to university policy through the Exception to University Policy Committee, if necessary, to correct or expunge information he or she considers inaccurate or misleading.

Faculty and administrative officers who have a legitimate need to use a student's education records will be allowed access to such records as needed without prior permission from the student. A request from an educational institution to which a student has applied for admission or from a lending institution from which a student is seeking financial aid will be granted without a student's permission. In addition, statistical data may be furnished to university accrediting bodies and governmental officials without a student's permission.

No personally identifiable information contained in a student's educational records, other than directory information, will be given to any third party, except as authorized by the act, without the student's written consent, and then only those records that are accessible to the student. The term *third party* is construed to include parents, spouse, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports and other reports of a student's activity if they establish to the satisfaction of the university that the student is dependent, for income tax purposes, on the parents or guardians for their support.

Court orders and subpoenas for records will be referred to the university's legal counsel and acted on according to the counsel's directions. The university will make a reasonable attempt to notify the student when non-directory information is released in response to subpoenas or court orders.

Any eligible student or parent who believes that BYU has violated FERPA may file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C.

Directory information (i.e., information contained in the educational record of a student that would not generally be considered harmful or an invasion of privacy if disclosed) will be released to news media and to others on request. Directory information includes the following:

Student's name
Home and local addresses and telephone numbers
Date and place of birth
Major field of study
Information relative to participation in officially recognized activities (e.g., sports) including weight and height
Dates of attendance
Current class schedule
Degrees and awards received
Previous educational institutions attended
Names of parents and spouse

Students have the right, however, to refuse to permit the designation or disclosure of the above directory information. In that case, this information will not be disclosed except with the consent of the student or as otherwise allowed by FERPA. Any student wishing to restrict the release of directory information must file a written notification with the Registrar's Office, B-150 ASB, PO Box 21114, on or before the tenth day of a semester or the sixth day of a term. Forms for this purpose will be made available at that office upon request.

Student Classification for Undergraduates
At the beginning of each semester, undergraduate students are classified for that semester as follows:

0–31.9	Freshman
32–63.9	Sophomore
64–95.9	Junior
96 and over	Senior

Engineering students having more than 128 semester hours are classified as fifth-year professional students.

Class Attendance Policy
You are expected to attend classes for which you are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. Officially excused absences are required only when you are away representing the university on official business. All officially excused absences must be approved through the office of the dean of Student Life.

Faculty should tell you what relationship attendance has to your final grade for the course, but you must take the responsibility for your actions. It is not necessary for the instructor to report absences to the office of the dean of Student Life unless he or she has knowledge of an accident or illness that is causing the absence. Notification to teachers of

emergency absences (death in the family, serious illness, etc.) is your responsibility.

Repeating Classes
To have a previously completed course marked *repeated*, the new course must be equal or greater in credit hours.

When a class has been repeated, the credit used in computing the grade point average is the grade and credit hours earned the last time the repeated class was taken.

You may repeat classes in the following ways:

1. Repeat Brigham Young University courses at Brigham Young University (except for R-suffix courses—see Abbreviations and Symbols in the Using This Catalog section of the BYU Undergraduate Catalog).
2. Repeat at Brigham Young University courses initially taken at another university. (A statement of equivalency must be supplied by the appropriate BYU department chair.)
3. Repeat at another institution courses taken there and have the credit transferred to Brigham Young University.

Note: A course repeated at an institution other than the one at which it was taken originally and other than at BYU will not be counted as a repeat.

The I (Incomplete) Grade
The letter grade I (incomplete) is given on a contractual basis with the instructor to students who are eligible to complete the work in a prescribed time period. An incomplete is only given when extenuating circumstances (serious illness, death in the immediate family, etc.) occur after the twelfth week of a semester or the sixth week of a term. The Incomplete Grade Contract must be completed and signed by the instructor and the fee must be paid before the instructor's submission of the official grade roll at the end of the semester or term. A copy of the Incomplete Grade Contract must accompany the grade roll. If the contract is not attached to the roll, the grade will be changed to an E.

An incomplete is never given when one is failing or has failed the course. The instructor should indicate a specific length of time in which to complete the incomplete, not to exceed one year. Class attendance in a subsequent semester or reregistration is not permitted to make up the incomplete. Once the work has been completed, the instructor should fill out the portion of the Incomplete Grade Contract that indicates the grade earned and submit the form to the Records Office, B-150 ASB, PO Box 21114.

An incomplete is computed in the grade point average as a failing grade until the course work has been completed and the official grade has been submitted by the instructor.

Grade Reports
Grade reports are available at no charge for all day and evening school students after the semester has concluded. Grade reports will be mailed to students who leave self-addressed, stamped envelopes containing their social security number at the Records Office.

Changing College or Major
Undergraduate students who desire to transfer from one major to another, or from one college to another, should go to the advisement center of their new major, fill out a Change of Major Form, and have it signed. Graduate students who want to change departments or degree levels should check with the Office of Graduate Studies for information and necessary forms.

Discontinuance from BYU
A daytime student is not officially withdrawn from the university unless the student has completed the discontinuance process in the Discontinuance Office, B-150 ASB, PO Box 21114. The nonacademic emergency deadline, November 30, is the last day a student can discontinue.

If you find it necessary to withdraw from all your classes, you must do the following:

1. Complete discontinuance forms available from the Discontinuance Office, B-150 ASB, PO Box 21114, telephone (801) 378-7705.
2. Obtain instructor and clearance signatures if necessary. Beginning the sixth week of the semester or the third week of the term, you become responsible for class grades. Signatures must be obtained from the individual instructors, who indicate your academic status.
3. Submit completed forms and sign out with a member of the Discontinuance Office staff.
4. See the Tuition and Fees section for discontinuance refund information.

When you have discontinued, your student ID will be electronically voided.

Students enrolled through the Evening Classes Office should discontinue in that office, 120 HCEB, PO Box 21513. Law School students must initiate their discontinuance through the office of the Law School dean, 348 JRCB, PO Box 28001.

Students who leave the university under emergency conditions and do not return still have the responsibility to discontinue before the deadline. Initiate official termination by contacting the Discontinuance Office as soon as possible.

Final Examination Policy Fall Semester 1995

Final examinations will be given at the times shown in the schedule (opposite page). Examinations are not given early. The examination period is preceded by reading days, which give time for conscientious review, study, and synthesis of the semester's work. The reading and the examination periods are firmly scheduled parts of the semester; you must not make plans that interfere with these important academic activities. If illness or other uncontrollable circumstances prevent you from taking an examination at the scheduled time, you are responsible to inform the class instructor as soon as possible. Your instructor may give the grade *Incomplete*, depending on the circumstances. The incomplete cannot be given unless you and your instructor together prepare a contractual agreement.

Second block class examinations will be given at the time shown in the schedule. First block examinations will be given during the last regular class period. In cases where you have conflicting examinations or *more than* three examinations in one day, individual arrangement for alternative test times may be made by the instructor.

Examinations will be held December 16, 18, 19, 20, and 21 with reading days December 14 and 15 therefore, Wednesday, December 13, 1995, will be the last day of instruction.

Note to faculty: If an exam hour conflict arises, please contact the Academic Scheduling Office, B-150 ASB, PO Box 21114, telephone (801) 378-6557, for day classes. For evening classes, contact the Evening Classes Office, 120 HCEB, PO Box 21513, telephone (801) 378-2872.

All section 400 classes beginning at 4:00 p.m. or later ***must*** follow the evening exam schedule to avoid day class conflicts. (If the class begins before 4:00 p.m., use the day class schedule.)

If a class begins after the hour or is scheduled for more than fifty minutes per class period, **the final exam period is determined by the beginning hour**. For example, a class held from 8:35 to 9:50 *must* use the 8:00 exam period. A class held from 4:45 to 7:15 *must* use the 4:00 exam period. No exceptions to this policy will be granted unless approved *in writing* by the department chair.
